The Poster Book of the Civil War Mike Chappell, 1987 *Off the Wall* Zeina Maasri, 2008-12-15 In this illustrated work Zeina Maasri tells the tumultuous story of the struggle for Lebanon through the poster wars which raged on its streets From 1975 to 1990 different factions in Lebanon's civil conflict flooded the streets with posters to mobilize their constituencies undermine their enemies and create public sympathy for their cause Showcased here for the first time the posters display a dramatic clash of cultures ideologies and meanings Maasri shows how the iconography of the posters changed over time and links this to changing political identities and communities as the war progressed She looks at the aesthetic influences of different groups from modern Arab visual culture to as far afield as Latin America and revolutionary Iran She urges a radical rethink of the idea and function of political posters in civil war contexts too often dismissed as mere propaganda arguing instead that they should be seen as symbolic sites of struggle every bit as fiercely

Virginia and the War Between the States Poster Daryl Hutchinson, 2008 **The personality cult of Stalin in Soviet posters, 1929-1953** Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters

were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929-1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines
