Parental Involvement and Academic Success , **Handbook of Youth Prevention Science** Beth Doll, William Pfohl, Jina S. Yoon, 2012-03-07 The *Handbook of Youth Prevention Science* describes current research and practice in mental health preventive interventions for youth Traditional prevention research focused on preventing specific disorders e.g. substance abuse conduct disorders or criminality This produced silos of isolated knowledge about the prevention of individual disorders without acknowledging the overlapping goals strategies and impacts of prevention programs This Handbook reflects current research and practice by organizing prevention science around comprehensive systems that reach across all disorders and all institutions within a community Throughout the book preventive interventions are seen as complementary components of effective mental health programs not as replacements for therapeutic interventions This book is suitable for researchers

instructors and graduate students in the child and adolescent mental health professions school psychology school counseling special education school social work child clinical psychology and the libraries serving them It is also suitable for graduate course work in these fields     We Need to Talk about Family Roberta Garrett, Tracey Jensen, Angie Voela, 2016-08-17 We are the first generation in recent history to not know if our children will have a better life than us Over the past thirty years the dream of upward mobility and stable and securely paid employment has dissipated This collection draws together insights from the disciplines of cultural studies literary theory psychoanalysis psychosocial studies social policy and sociology in order to explore the complex and contested status of the family under neoliberalism At one end of the spectrum the intensification of work and the normalisation of long hours working culture have undermined the time and energy available for private family life At the other end the fantasy of the nuclear family as a potential haven in a heartless world is rapidly unravelling supplanted with a hypercompetitive neo traditionalist mobile neoliberal family seeking to capitalise on the uneven spread of resources in order to maximise the futures of its own children As neoliberalism has always been split between socio economic realities and the expectations of where we should be we are always living with the anxiety of being left behind and the hope that the best is yet to come The chapters in this collection signal the troubles of the neoliberal family in particular the gulf between the practical conditions of family life and the formation of new fantasies The volume addresses the neoliberal family in a range of contexts from the domestic reproductive and bio political regulation of family life the representations of the neoliberal family on television and across social media to the negotiation of family dynamics in maternal memoirs The work provides a much needed corrective to the critical emphasis on the macrostructures of the neoliberal world     **Parenting in a Climate Crisis** Bridget Shirvell, 2025-02-18 In this urgent parenting guide learn how to navigate the uncertainty of the climate crisis and keep your kids informed accountable and hopeful with simple actions you can take as a family to help the earth Kids today are experiencing the climate crisis firsthand Camp canceled because of wildfire smoke Favorite beaches closed due to erosion Recess held indoors due to extreme heat How do parents help their children make sense of it all And how can we keep our kids and ourselves from despair Environmental journalist and parent Bridget Shirvell has created a handbook for parents to help them navigate these questions and more weaving together expert advice from climate scientists environmental activists child psychologists and parents across the country She helps parents answer tough questions how did we get here and raise kids who feel connected to and responsible for the natural world feel motivated to make ecologically sound choices and feel empowered to meet the challenges of the climate crisis and to ultimately fight for change

Breakaway Learners Karen Gross, 2017 This powerful book explores how institutions of higher education can successfully serve breakaway students first generation low income students who are trying to break away from the past in order to create a more secure future The gap between low SES and high SES students persists as efforts to close it have not met with great success In this provocative book Gross offers a new approach to addressing inequities by focusing on students who have

succeeded despite struggling with the impacts of poverty and trauma Gross draws on her experience as a college president to outline practical steps that postsecondary institutions can take to create structures of support and opportunity that build reciprocal trust Students must trust their institutions and professors professors must trust their students and eventually students must learn to trust themselves A must read for academics policymakers teachers social service providers police chiefs and government officials Martha Kanter former under secretary U S Department of Education We need to pay attention to what Karen Gross says Read this book then share it Mark Huddleston president University of New Hampshire Karen Gross offers practical ideas based on her research and more importantly on her substantial leadership in assisting our nation s colleges and universities serving at risk students Marybeth Gasman University of Pennsylvania
