Preschool Clues Angela C. Santomero, Deborah Reber, 2018-04-03 The award winning creator of Blue's Clues Super Why and Daniel Tiger's Neighborhood shares the secret sauce behind her shows powerful transformative results in the form of eleven research based foundational clues to ensure that preschoolers flourish academically socially and emotionally during this critical time The preschool years when children are between the ages of two and five are the most influential important

years in a child's life. Studies show that pausing to interact, playing to solve problems, diffusing with humor, and using repetition are the hidden clues conscious parents use to raise successful kids and help them learn critical thinking skills, foster empathy, and nurture their sense of self-worth. Angela C. Santomero, MA, the award-winning creator of children's television phenomena, knows this better than anyone and has spent decades working to instill confidence in her young viewers. In *Preschool Clues*, she breaks down the philosophy behind her shows, educating, inspiring, and empowering kids into concrete strategies that parents and educators can incorporate into their family and classroom to set their preschoolers up for success, such as: Intentionally pausing to foster bonding, independence, and resilience; Developing empathy and confidence through soliciting preschoolers' help; Becoming fluent in the language of preschoolers; Play; Igniting your preschooler's curiosity; Being an involved co-player every day; Designing a healthy media diet. In *Preschool Clues*, Angela shares the latest research from top thinkers in child development and education. Through her practical, straightforward advice and inspiring conversational approach, you will not only understand exactly what your children are learning from the shows they watch and why these shows are so effective, you'll know exactly how to apply these same proven approaches in your daily life and with the same powerful results.

Understanding Your Teenager Wayne Rice, 1999. Youth today love luxury. They have bad manners, contempt for authority, no respect for older people, and talk nonsense when they should work. Even the most caring parents in the world can't protect their teenagers from the problems they might encounter. From years of working in youth ministries, authors Wayne Rice and David Veerman have discovered that parents are the single most important factor in shaping the lives of teenagers. *Understanding Your Teenager* will encourage and equip you to fill your role as a parent of a teenager.

Getting Me Cheap Amanda Freeman, Lisa Dodson, 2022-11-29. Two groundbreaking sociologists explore the way the American dream is built on the backs of working poor women. Many Americans take comfort and convenience for granted. We eat at nice restaurants, order groceries online, and hire nannies to care for kids. *Getting Me Cheap* is a riveting portrait of the lives of the low-wage workers, primarily women, who make this lifestyle possible. Sociologists Lisa Dodson and Amanda Freeman follow women in the food, health care, home care, and other low-wage industries as they struggle to balance mothering with bad jobs and without public aid. While these women tend to the needs of well-off families, their own children frequently step into premature adult roles, providing care for siblings and aging family members. Based on years of in-depth field work and hundreds of eye-opening interviews, *Getting Me Cheap* explores how America traps millions of women and their children into lives of stunted opportunity and poverty in service of giving others of us the lives we seek. Destined to rank with works like *Evicted* and *Nickel and Dimed* for its revelatory glimpse into how our society functions behind the scenes, *Getting Me Cheap* also offers a way forward with both policy solutions and a keen moral vision for organizing women across class lines.
