**How to Be Love(d)** Humble the Poet,2023-12-26 We all want love Everything we do is in pursuit of it But as we count likes on social media and measure our worth by the numbers in our bank accounts we are programmed to see love as something to earn or win That programming obscures the simple truth that we ourselves are beautiful infinite eternal sources of love Instead of seeking to be loved by the world we must be love With short chapters filled with insight advice and personal anecdotes from Humble s own journey this book is a guide to self love that helps clarify your path inward toward the inherent love and value that is within each of us Throw away old ideas that prevent you from realizing the love you ve always had within you Instead of earning more achieving more and gaining more attention clear pathways for love to enter and flourish

*Dare To Be Great* Polly Higgins,2020-04-14 I know it may not yet look like it but we are sowing the seeds of greatness for countless generations to come That is the Great Work of our times Yours and mine This is a book unlike any other It does not tell you what you must do it does not set out a guide for the 10 definitive steps to becoming great by next Thursday Dare To Be Great is both a playful inspirational conversation and a heartfelt lived call daring each one of us and our society as a whole to become truly great Celebrated Earth lawyer Polly Higgins was a luminary in the environmental justice movement as she worked to Stop Ecocide across the globe She was a beacon for how to live the brave bold lives that at our best we imagine for ourselves This book shares insights from her own remarkable journey inspiring us to recognise and step into a greatness within that is not about grandiosity but something far more exciting aligning with our unique purpose in service of a better world

*Speech and System* Peter Bornedal,1997 In this investigation creative writing and philosophy are shown to be specific types of language games distinct from speech as used in communicative interaction between individuals The author deals with thinking speech and systems respectively I Thinking is understood as a soliloquy preceding any kind of creative activity and any kind of writing The author analyses thinking as a subject s listening to its own voice with a split between I and me close to Derrida s notion of difference as a condition for the production of meaning II Analyzing with reference to Benveniste Austin and Searle what speech is the author deduces the so called pragmatic subject in contrast to the first section s reflective In its elementary speech act the pragmatic subject does constitute itself in rudimentary ways III In dealing with the product of reflective activity the author finds the so called textual inconsistency or logical aporias inherent in any logical or pseudo logical system to be in line with Goedel s incompleteness theorems and he rejects the tendency to use deconstruction to understand these aporias as is usual in Western metaphysics The author s philosophical position is closest to that of Paul Ricoeur and Jacques Derrida but on crucial issues he advances his own ideas on the

relationship between speech and writing also establishing a criticism of metaphysics that may be more radical than what has previously been developed     **The Eastern Star** ,1904     **The Saints' Guide to Happiness** Robert Ellsberg,2003-11-01
