Raptor Rescue! Sylvia A. Johnson,1995 A visit to the University of Minnesota's Gabbert Raptor Center focuses on a bald eagle from its arrival with a gunshot wound through surgery rehabilitation and release and discusses the threats to these majestic birds

Think Green, Take Action Daniel A. Kriesberg,2010-08-16 This book provides an annotated bibliography of age appropriate literature and activities showing children the importance of environmental issues and teaching them the skills to take action In past years teaching children about conservation and environmental issues might have been an optional side topic to complement an earth science curriculum but in today's educational climate being green is a subject with great relevance and importance This book combines a wide variety of techniques to help students understand environmental issues and gain the skills needed to take action The children's literature and classroom activities suggested in Think Green Take Action Books and Activities for Kids are appropriate for elementary school students from grades three through seven covering three major environmental issues endangered species resource depletion and pollution After students have a grasp of the causes of these environmental problems the final chapter presents ways to take easy action that can create ripples of change across the world Educators in museums and nature centers home schooled children and their parents comprise an appropriate secondary audience for this instructive text

The Raptor Release ,2001 Eagles Patrick Merrick,2006-08 Describes the physical characteristics behavior habitat and life cycle of eagles discussing species including the African fish eagle bald eagle and Steller's sea eagle
