The Art of the Caveman John Mc Donagh, 2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection *O Westport in the Light of Asia Minor* published in 1975 up to and including *The Days of Surprise* published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland s emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet s unflinching examination of his deepest personal relationships

Drifting with Clouds, Living by Poetry HongSheng Zhang, 2023-04-12 Zhang explores the sociohistorical environment that produced those poets an era of political intrigues geopolitical threats the rise of commodity economy flourishing popular culture and glamorous urban life Poetry was their means of livelihood as they drifted between low positions or as commoners living by procuring favors from the powerful elite The sadness and joys of a life in precarity shaped their thematic and stylistic choices response to contemporary literary trends and choice of poetic models They formed a broad social network that straddled the scholar officials and ordinary townsmen While their poetry reflects the characteristics and concerns of both classes there emerged a shared voice distinctly

Miles, 1841 Panorama of the Classical World Nigel Spivey, Michael Squire, 2011-03 This imaginative approach to the era in which Western civilization was born is a thorough and thoroughly accessible synthesis of the Greek Roman and Etruscan worlds spanning the period from Late Geometric Greece in around 700 b c to the rule of Constantine in the early 4th century a d The authors incorporate important developments in recent scholarship including ideas of gender war and pacifism imperialism and dissent political propaganda economy cultural identity racism hygiene and diet and public and private uses of space The book highlights the modern relevance of classical antiquity from its influence on contemporary politics to the representation of the female body in Western art and concludes by charting the history of classical civilization The extensive reference section includes biographies an introduction to classical mythology a glossary of technical terms and vase shapes as well as a timeline map bibliography and index **Sino-Japanese Reflections** Joshua A. Fogel, Matthew Fraleigh, 2022-05-09 Sino Japanese Reflections offers ten richly detailed case studies that examine various forms of cultural and literary interaction between Japanese and Chinese intellectuals from the late Ming to the early twentieth century The authors consider efforts by early modern scholars on each side of the Yellow Sea to understand the language and culture of the other to draw upon received texts and forms and to contribute to shared literary practices Whereas literary and cultural flow within the Sinosphere is sometimes imagined to be an entirely unidirectional process of textual dissemination from China to the periphery the contributions to this volume reveal a more complex picture highlighting how literary and cultural engagement was always an opportunity for creative adaptation and negotiation Examining materials such as Chinese translations of Japanese vernacular poetry Japanese engagements with Chinese supernatural stories adaptations of Japanese historical tales into vernacular Chinese Sinitic poetry composed in Japan and Japanese Sinology the volume brings together recent work by literary scholars and intellectual historians of multiple generations all of whom have a strong comparative interest in Sino Japanese studies *Memoir of the rev.
