various challenges in the lives of older clients      An Introduction to Gerontology Ian Stuart-Hamilton, 2011-03-31 With the world's population getting increasingly older there has never been a more pressing need for the study of old age and ageing. An Introduction to Gerontology provides a wide ranging introduction to this important topic. By assuming no prior expert knowledge and avoiding jargon, this book will guide students through all the main subjects in gerontology, covering both traditional areas such as biological and social ageing and more contemporary areas such as technology, the arts and sexuality. An Introduction to Gerontology is written by a team of international authors with multidisciplinary backgrounds who draw evidence from a variety of different perspectives and traditions.

**Investigating Social Problems** A. Javier Trevino, 2021-01-09 For the Third Edition of Investigating Social Problems, editor A. Javier Trevino has gathered a panel of top experts to thoroughly examine all aspects of social problems, providing students with a contemporary and authoritative introduction to the field. Each chapter is written by a well-known specialist on the topic being covered. This unique contributed format ensures that the research and examples described are the most current and relevant available. In addition, the experts use both general theoretical approaches (structural functionalism, conflict theory, symbolic interactionism) as well as specialized theories chosen to bring additional insight and analysis to their assigned topics. The text is framed around three major themes: intersectionality, the interplay of race, ethnicity, class, and gender; the global scope of many problems; and how researchers take an evidence-based approach to studying problems. This title is accompanied by a complete teaching and learning package.
