Is there an Object Oriented Architecture? Joseph Bedford, 2020-02-20 Bringing Graham Harman s philosophy into direct confrontation with contemporary architectural theory in new and creative ways Is There an Object Oriented Architecture provides a dialogue between Harman and six of the world s leading architectural thinkers Adam Sharr Lorens Holm Jonathan Hale Peg Rawes Patrick Lynch and Peter Carl Harman s object oriented philosophy is one that sees the universe as a carnival of equal objects with no hierarchy between humans and nonhumans In his model unicorns triangles bicycles neutrons and humans are all things with enduring essences that outlast their partial transformations It is a strikingly democratic vision of the universe that knocks humans off their ontological pedestal as arbiters of what is real It also radically challenges the very precepts of architectural theory the structure of which remains stubbornly human centric as it seeks to give form to the human being s place at the centre of the cosmos In this new book each thinker develops the implications of Harman s philosophy for the future of architecture by entering into a direct exchange with the philosopher and his thinking both questioning him and questioning with him
