Hesi after 50 Years and 130 Years John R. Spencer,James W. Hardin,Jeffrey

Blakely,2024-06-14 Tell el Hesi is located near the modern city of Qiryat Gat in the Southern District of Israel 23 kilometers from the Mediterranean Sea The site which covers 35 40 acres includes both an acropolis and a lower city Occupation of the site began as early as the Neolithic period and the city grew significantly during the Early Bronze Age before being abandoned until the Late Bronze Age The latest phase of occupation occurred during the Hellenistic period The acropolis was in use for almost two thousand years This volume is the first in a new iteration of the Joint Archaeological Expedition to Tell el Hesi series that builds on previously published volumes It publishes a final report for part of one of Tell el Hesi s excavation fields a reevaluation of the stratigraphic findings of the original 1891 1892 excavations on Tell el Hesi based on

excavation work from the 1970s and 1980s in depth studies of groups of small finds from the tell and zooarchaeological analyses that widen the investigative perspective to include the region around the tell Paying tribute to the long excavation history at Tell el Hesi the contributors to this volume employ state of the art scientific methods that honor the careful work and findings of a century of excavations Hesi After 50 Years and 130 Years will be an important reference for scholars researching the history and culture of southern Palestine *The Archaeology of Israel* Neil Asher Silberman, David B. Small, 1997-03-01 This challenging volume offers a timely and extensive overview of the current state of archaeology in Israel Contributed by leading scholars the essays focus on current problems and cutting edge issues ranging from reviews of ongoing excavations to new analytical approaches Of interest not only to archaeologists but to social historians as well the topics include archaeology and social history archaeology and ethnicity as well as the overarching issue of how texts and archaeological knowledge are to be combined in the reconstruction of ancient Israel *Histories of Maize* John Staller, Robert Tykot, Bruce Benz, 2016-12-05 Maize has been described as a primary catalyst to complex sociocultural development in the Americas State of the art research on maize chronology molecular biology and stable carbon isotope research on ancient human diets have provided additional lines of evidence on the changing role of maize through time and space and its spread throughout the Americas The multidisciplinary evidence from the social and biological sciences presented in this volume have generated a much more complex picture of the economic political and religious significance of maize The volume also includes ethnographic research on the uses and roles of maize in indigenous cultures and a linguistic section that includes chapters on indigenous folk taxonomies and the role and meaning of maize to the development of civilization Histories of Maize is the most comprehensive reference source on the botanical genetic archaeological and anthropological aspects of ancient maize published to date This book will appeal to a varied audience and have no titles competing with it because of its breadth and scope The volume offers a single source of high quality summary information unavailable elsewhere Modelling Ecological Change David R Harris, Kenneth D Thomas, 2016-06-16 A collection of papers connecting theory and method of archaeology with related disciplines of neoecology paleoecology and environmental science

Chieftains of the Highland Clans Robert D. Miller II, OFS, 2012-05-02 In the seven years since it was published Miller's yeoman narrative Ryan Byrne BASOR has become an important part of academic discourse on early Israel An illuminating social history of ancient Israel Chieftains of the Highland Clans offers an unusually thorough and original reconstruction of Israelite society prior to the rise of the monarchy around 1000 BC Using the latest archaeological research and anthropological theories Robert Miller presents an intriguing picture of what life was like in early Israel This reprint edition contains a new preface by the author that surveys developments in the past decade impacting issues addressed in Chieftains of the Highland Clans *Beyond Kinship* Rosemary A. Joyce, Susan D. Gillespie, 2017-06-13 Beyond Kinship brings together ethnohistorians archaeologists and cultural anthropologists for the first time in a common discussion of the social model of

house societies proposed by Claude Levi Strauss While kinship theory has been central to the study of social organization an alternative approach has emerged that of seeing the house both as a physical and symbolic structure and a principle of social organization The house stands as a model social formation that is distinguished by its attention to a number of material domains land the dwelling ritual and nonritual objects As the essays in this volume make clear the focus on material culture and on place contributes to the ongoing convergence of anthropology and history and helps erase the artificial distinctions between prehistory and history Contributions to the volume offer significant new interpretations of primary data as well as reconsidering classic ethnographic material Beyond Kinship crosses the boundaries within anthropology not only between cultural anthropology and archaeology but between structural symbolic and materialist approaches and between American and British schools of anthropology it is intended to advance the fruitful dialogue now taking place within the field

Marine Molluscan Remains from Franchthi Cave Judith C. Shackleton, 2018-10-26 the archaeological and paleoenvironmental data from Franchthi Cave are unique in providing a site specific record of the cultural responses to great environmental changes Quarterly Research The marine molluscan material covered here is the largest sample of its kind yet excavated in Greece [Mammoths, Mastodons, and Elephants](#) Gary Haynes, 1991 This study uses the ecology and behaviour of modern elephants to create models for reconstructing the life and death of extinct mammoths and mastodons
