Reshaping Teaching Policy Preparation And Practice Influences Of The National Board For Profession:

Reshaping Teaching Policy, Preparation, and Practice Lee S. Shulman, Linda Darling-Hammond, 1999 This book describes results of the work by the National Board for Professional Teaching Standards Section 1 Introduction introduces the work of the National Board and discusses educational change and teacher improvement in general Section 2 Standard Setting in Teaching explains that in order to appreciate the effects of the National Board's work it is important to understand where it fits in the organization and governance of the teaching profession It discusses the accreditation of teacher preparation programs the development of a common knowledge base and the creation of professional standards Section 3 Influences of New Standards and Assessments on Teacher Learning explains that the new standards are significantly different from first generation approaches to teacher testing They seek to assess teaching knowledge and skill through portfolios and performances This section discusses the demonstration of standards and assessments at work and describes the INTASC standards which include 10 principles Section 4 Uses and Effects of the New Standards describes how states have adopted and used the new standards Section 5 Preparing Teachers to Meet the Standards examines how teacher education programs participate in preparing teachers for the new standards Section 6 Conclusion suggests that the new standards can make an important contribution to the education of teachers who are prepared for the challenges of the 21st century Contains 39 references SM

Reshaping Teaching Policy, Preparation, and Practice Linda Darling-Hammond, 1999-01-01 **Resources in Education**, 2000-10 **Assessing Teachers for Professional Certification** Lawrence Ingvarson, John Hattie, 2008-02-04 The National Board for Professional Teaching Standards NBPTS in the USA is the most ambitious and successful attempt by any country to establish a certification system for recognizing and rewarding teachers who reach high professional standards This book focuses on The National Board for Professional Teaching Standards NBPTS [Research Linking Teacher Preparation and Student Performance](#) Edith Guyton, Julie Rainer Dangel, 2004 The case studies research and projects presented here strike at the very heart of effective teaching The specific practices to improve student performance outlined here will spark classroom discussion and improve teacher practice

Beginning Teaching Sandy Schuck, Peter Aubusson, John Buchanan, Tom Russell, 2012-02-28 The experiences of the first years of new teachers professional lives are critical to their decisions about embracing or leaving the teaching profession Writ large these experiences have the potential to either underpin or undermine the growth and development of the teaching profession This book offers a research based account of beginning teachers experiences told from their own perspectives and often in their own words Beginning Teaching Stories from the Classroom provides valuable source material to inform teacher education practices The authors draw on more than 20 years of research on the professional learning retention and attrition of beginning teachers to provide evocative illustrations of the challenges and successes that occur in the early years of teaching The compelling and coherent narratives will appeal not only to student and graduate teachers but also to program

designers coaches and senior managers in schools Above all the book speaks to teacher educators in the hope that the experiences discussed here will suggest ways of supporting student teachers to grow and flourish once they launch their careers in the profession These evocative stories express beginning teachers anguish and elation and also provide testimony to their resilience and perseverance in an altruistic profession The analysis and interpretation of their stories will challenge and uplift inspire and shame give cause for celebration and melancholy generate empathy and provoke introspection Above all else these stories call for change

STEM Education: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2014-12-31 This reference brings together an impressive array of research on the development of Science Technology Engineering and Mathematics curricula at all educational levels Provided by publisher

Professional Identities in Initial Teacher Education Denise Mifsud,2018-05-05 This book explores the perception construction and performance of professional identities in initial teacher education ITE Drawn from a collection of narrative data from postgraduate students the author explores these topics through school placement career choice motivations the attractiveness of the teaching profession the presentation of personal and professional selves and professional standards The findings of this study can be applied across both European and global dimensions The use of narrative methodology for data collection in addition to the implementation of various theoretical frameworks ensures that the book holds a wide appeal Interweaving theory with personal experiences this reflective book will appeal to students and scholars of ITE as well as early career researchers and practitioners

Professional Responsibility for Education Douglas E. Mitchell,2021-09-30 By reconsidering the nature of professional work renowned scholar Douglas E Mitchell argues for reconceptualizing educational practices and institutional structures in ways that facilitate and protect educator professional responsibility This book explores ways educators and their political supporters can seize the social and political power necessary to accept professional responsibility for the design of their work environment Chapters explore how unionization ethics public values political power school reform and trust play an important role in the essence of professional responsibility in schools arguing that we must use organization management and accountability mechanisms to encourage responsible civic participation and professional action in support of public education This new text for graduate studies in teacher and leadership training frames a much needed analysis of where and how professional responsibility for public education is best incorporated into the work roles of teachers administrators and university scholars
