The Future of Love John Milbank, 2009-01-01 With a newly written preface relating his theology to the current global situation The Future of Love contains revised versions of eighteen of John Milbank s essays on theology politics religion and culture ranging from the onset of neoliberalism to its current crisis and from the British to the global context Many of the essays first appeared in obscure places and are thus not widely known Also included are Milbank s most important responses to critiques of his seminal work Theology and Social Theory Taken together the collection amounts to a political theology arrived at from diverse angles This work is essential reading for all concerned with the current situation of religion in the era of globalization and with the future development of Radical Orthodoxy

Truth Kurt Pritzl, 2010 Fresh interpretations of the greatest philosophers on the nature of truth and speculative essays on truth in law the arts and science

Ontological Landscapes Vesselin Petrov, 2013-05-02 In the last decades ontology has been successfully developed in many directions and has fostered various approaches for depicting the contemporary ontological landscapes An important task is to outline recent thought on the conceptual interfaces between science and philosophy The present volume opens up a view onto the plurality of different ontological schemes The papers collected here discuss the interfaces between ontology and empirical research that are created by the notions of a whole a thought a number a quality an ability a kind notions of causation dynamicity and social objects the application of relevant logical tools for the reconsideration of ontological paradigms as well as the investigation of the consequences in cognitive sciences on the development of ontology

Objects and Pseudo-Objects Bruno Leclercq, Sebastien Richard, Denis Seron, 2015-04-24 The development of science logic mathematics and psychology in the 19th century made it necessary to introduce a growing number of new entities of which classical empiricism and strong extensionalism were unable to give a wholly satisfying account One of the major issues

confronting the 20th century philosophers was to identify which of these entities should be rationally accepted as part of the furniture of the world and which should not and to provide a general account of how the latter are nevertheless subject to true predication The 13 original essays collected in this volume explore some of the main approaches to this issue in the 20th century including Brentano Meinong Husserl Carnap Frege Twardowski Kotarbinski Nicolai Hartmann and realist phenomenologists
