Transformation Or Stagnation? Alan Dupont,2003 **Australia's Defence Strategy** Adam Lockyer,2017-01-30 How would we know a good defence strategy if we saw one The Asian Century is challenging many of the traditional assumptions at the heart of Australian defence policy and strategy Defence scholars have risen to the challenge of these transformational times and have collectively produced a smorgasbord of alternatives for policy makers The problem is that these recommendations all point in very different directions How should we evaluate these options Adam Lockyer tackles this question and develops a novel conceptual framework for evaluating defence strategies By doing so this book breaks new theoretical ground and makes an important contribution to our understanding of strategy in general and defence strategy in particular Lockyer then applies this analytical tool to the leading arguments in Australia s defence debate and finds that there is still substantial work to be done Lockyer concludes by proposing a new Australian defence strategy for a contested Asia that would pass the test for a good defence strategy The result is essential reading for anyone interested in strategy or the future of Australian defence policy **How to Defend Australia** Hugh White,2019-07-02 A brilliant and important book about Australia s future Can Australia defend itself in the Asian century How seriously ought we take the risk of war Do we want to remain a middle power What kind of strategy and what Australian Defence Force do we need In this groundbreaking book Hugh White considers these questions and more With exceptional clarity and frankness he makes the case for a reconceived defence of Australia Along the way he offers intriguing insights into history technology and the Australian way of war Hugh White is the country s most provocative revelatory and yet realistic commentator on Australia s strategic and defence orientation In an age of power politics and armed rivalry in Asia it is time for fresh thinking In this controversial and persuasive contribution White sets new terms for one of the most crucial conversations Australia needs to have This book by one of Australia s leading defence policy thinkers will be a very important contribution to our national discussion in coming years Hugh White tackles many challenging issues and opens up the new debate that we need to have as Australia plots its
