Rightness And Reasons Interpretation In Cultural Practices:

Rightness and Reasons Michael Krausz, 1993 *Interpretation and Its Objects*. RITIVOI, Andreea Deciu, 2003 This volume collects twenty one original essays that discuss Michael Krausz's distinctive and provocative contribution to the theory of interpretation. At the beginning of the book Krausz offers a synoptic review of his central claims and he concludes with a substantive essay that replies to scholars from the United States, England, Germany, India, Japan, and Australia. Krausz's philosophical work centers around a distinction that divides interpreters of cultural achievements into two groups. Singularists assume that for any object of interpretation only one single admissible interpretation can exist. Multiplists assume that for some objects of interpretation more than one interpretation is admissible. A central question concerns the ontological entanglements involved in interpretive activity. Domains of application include works of art and music as well as literary, historical, legal, and religious texts. Further topics include truth, commissions, ethnocentrism, and interpretations across cultures.

Interpretation and Transformation Michael Krausz, 2007 In this book Michael Krausz addresses the concept of interpretation in the visual arts, the emotions, and the self. He examines competing ideals of interpretation, their ontological entanglements, reference frames, and the relation between elucidation and self-transformation. The series *Interpretation and Translation* explores philosophical issues of interpretation and its cultural objects. It also addresses commensuration and understanding among languages, conceptual schemes, symbol systems, reference frames, and the like. The series publishes theoretical works drawn from philosophy, rhetoric, linguistics, anthropology, religious studies, art history, and musicology.

Interpretation and Meaning in Philosophy and Religion Dirk-Martin Grube, 2016-06-10 *Interpretation and Meaning in Philosophy and Religion* synthesizes cutting edge philosophical reflections on interpretation with their application to religion. For this new theoretical insights on interpretation by Krausz, Lamarque, Leddy, Hagberg, and Gibson are examined. Topics cover multiplism, i.e. interpretative pluralism, the goal of interpretation, and its starting point. These concepts are then studied in relation to the practice of interpreting religious texts. For example, Grube proposes that the action-relevance of religious interpretations limits the possibility of tolerating divergent interpretations. Karrer, Grube challenges Lamarque's insistence on a firm starting point, and Gokhale challenges Krausz by arguing that Vedantic practices of interpretation are non-multiplist.

Dialogues on Relativism, Absolutism, and Beyond Michael Krausz, 2011-01-16 What is truth, goodness, or beauty? Can we really define these concepts without the idea of a frame of reference? In the newest addition to the *New Dialogues in Philosophy* series, Michael Krausz presents fictional dialogues between four former classmates who hold significantly different views about these questions. As they travel in India, a place with unfamiliar concepts and customs, these four friends debate the rightness of relativism and absolutism. Are these concepts irreconcilable? Might there be a better view that goes beyond both of them? These lively discussions provide students with an accessible introduction to one of the most enduring and far-reaching philosophical problems of our age.

Roman Ingarden's Philosophy of Literature Wojciech Chojna, 2017-11-01 In Roman Ingarden's Philosophy of Literature Wojciech Chojna discusses Ingarden's theory of literary works and develops a phenomenological account of identity which accommodates differences in interpretations and value judgments without succumbing to relativism The latter is overcome not through falling back on

essentialism but from within relativism Literature offers us diverse experiences changing our perceptions of ourselves and the worlds we live in Absolutism proclaiming unmitigated access to the meaning of literary texts is intolerant of differences and leads to violence in life Conversely relativism in the illusory spirit of radical tolerance turns meanings and values into historically contingent incompatible interpretations where communication and reconciliation is impossible thus justifying ideological conflicts and violence

The Ethics of Forgiveness Christel Fricke, 2013-03-01 We are often pressed to forgive or in need of forgiveness Wrongdoing is common Even after a perpetrator has been taken to court and punished forgiveness still has a role to play How should a victim and a perpetrator relate to each other outside the courtroom and how should others relate to them Communicating about forgiveness is particularly urgent in cases of civil war and crimes against humanity inside a community where if there were no forgiveness the community would fall apart Forgiveness is governed by social and in particular by moral norms Do those who ask to be forgiven have to fulfil certain conditions for being granted forgiveness And what does the granting of forgiveness consist in We may feel like refusing to forgive those perpetrators who have committed the most horrendous crimes But is such a refusal justified even if they repent their crimes Could there be a duty for the victim to forgive Can forgiveness be granted by a third party Under which conditions may we forgive ourselves The papers collected in the present volume address all these questions exploring the practice of forgiveness and its normative constraints Topics include the ancient Chinese and the Christian traditions of forgiveness the impact of forgiveness on the moral dignity and self respect of the victim self forgiveness the narrative of forgiveness as well as the limits of forgiveness Such limits may arise from the personal historical or political conditions of wrongdoing or from the emotional constraints of the victims
