## **Rioting In Northeast Wales 15361918:**

English-language Poetry from Wales 1789-1806 Elizabeth Edwards, 2013-02-15 In the period following the French revolution in 1789 Welsh poets continually reflected on the extraordinary new era in which they lived through their writing Effortlessly ranging from Wales's deep and distant history to accounts of the most topical and urgent current affairs their poems on war Welshness druids parted lovers and sublime landscapes encompass the beautiful the brutal and the mysterious Facing a future that often seemed agonisingly uncertain poets in Wales used their verses to voice their thoughts and feelings about events that had rocked the whole of Europe and whose effects continued to be felt long after 1789 This new selection of poetry from Wales sets recently discovered manuscript texts alongside little known early printed poems offering a full and accessible introduction to Welsh poetry in English in the period 1780-1820 **The A-Z of Curious Flintshire** David Rowe, 2015-04-01 Flintshire the northern gateway to Wales is a county rich in heritage It is home to ancient artefacts medieval buildings and country houses and has had many fascinating residents such as the grand old man of politics W E Gladstone and the famous naturalist and writer Thomas Pennant As with much of Wales Flintshire is also a place of myth and legends from missing monks to maids in wells This wonderful compendium of curious anecdotes and curiosities relates tales from the county's rich history Beautifully illustrated it is great for dipping into but can equally be enjoyed from cover to cover

**Curriculum for Wales: History for 11-14 years** Rob Quinn, R. Paul Evans, 2022-12-12 Tell the story of Wales over the last 1000 years as you discover how Welsh history cynefin culture and language are connected from the past to the present Underpinned by the four purposes of the new Curriculum for Wales this book empowers pupils with the knowledge and skills that they need for learning life and work b Design a curriculum that is unique to your school b Use the content flexibly to craft a historical education that reflects your pupils and your local area as well as covering What matters statements within the Humanities AoLE brbrb Follow an enquiry based approach b Starting in early medieval times this book establishes a strong chronological spine with later enquiries looking at changes in Wales thematically brbrb Develop analytical and evaluative skills b A wide range of sources and interpretations encourage pupils to think like historians using evidence to consider change and continuity cause and consequence brbrb Put progression at the heart of the curriculum b End of topic Activities build towards more in depth end of enquiry Review and Research tasks All activities and tasks enable each pupil to move through their individual learning journey towards their next Progression step *Representation, Heterodoxy, and Aesthetics* Ashley Marshall, 2014-12-23 The chapters constituting this book are different in subject and method striking testimony to the range of Paulson's interests and the versatility of his critical powers In his prolific career he has produced extensive analysis of art poetry fiction and aesthetics produced in England between 1650 and 1830 Paulson's unique contribution has to do with his understanding of seeing and reading as closely related enterprises and popular forms in art and literature as intimately connected connections illustrated by literary critics and art historians here Every essay shares some of the concerns and

methods that characterize Paulson's wonderfully idiosyncratic thought except for the final essay an attempt systematically to analyze Paulson's critical principles and methods Recurrent themes are a concern with satire in the eighteenth century a connection between verbal and visual reading an insistence on the importance of individual artistic choices to the history of culture an attention to the aims and motives of individual makers of art and a sensitivity to the crucial links between high and low art This volume offers rich explorations of a range of subjects Swift's relationship to Congreve Zoffany's condemnation of Gillray and Hogarth and broader implications for the role of art in public discourse the presentation of mourning in the work of the Welsh artist and writer Edward Pugh G M Woodward's Coffee House Characters representing a turn from satire on morals towards satire on manners Adam Smith's evolving aesthetic program Samuel Richardson's notions of social reading The discussions represent a variety of exemplifications of the Paulsonesque showing a concern with satiric representation in mixed media with different forms of heterodoxy and iconoclasm and with the values of producers of popular and polite culture in this period

**The X Site** Tim Jones, 2001 Focuses on the Ministry of Supply Factory Rhydymwyn near Mold North Wales aka Valley Works and its important contribution to WWII and the part it might have played had events dictated

SAS Zero Hour Tim Jones, 2017-10-30 The historian and author of Postwar Counterinsurgency and the SAS reveals the full story of how the Special Air Service Regiment began during WWII Britain's elite Special Air Service Regiment is one of the most revered special ops units in the world Its high profile operations include the storming of the Iranian Embassy in London in 1980 and the hunt for Osama bin Laden in southern Afghanistan following 9/11 Since its inception during the Second World War the SAS has become a byword for the highest possible standards in both conventional and unorthodox methods of warfare In SAS Zero Hour military historian and SAS expert Tim Jones offers fascinating new insight into how this elite regiment began It is commonly held that the unit was the brainchild of just one man David Stirling While not dismissing Stirling's considerable contribution Jones's historical investigation reveals many other factors that played a part in shaping the SAS including the roles of military deception specialist Dudley Clarke Field Marshals Archibald Wavell and Claude Auchinleck and others Drawing extensively on primary sources as well as reassessing the more recent regimental histories and memoirs SAS Zero Hour is The most comprehensive and enlightening version of these seminal events yet Sir Ranulph Fiennes from the Forward

**Land of White Gloves?** Richard Ireland, 2015-03-24 Land of White Gloves is an important academic investigation into the history of crime and punishment in Wales Beginning in the medieval period when the limitations of state authority fostered a law centred on kinship and compensation the study explores the effects of the introduction of English legal models culminating in the Acts of Union under Henry VIII It reveals enduring traditions of extra legal dispute settlement rooted in the conditions of Welsh Society The study examines the impact of a growing bureaucratic state uniformity in the nineteenth century and concludes by examining the question of whether distinctive features are to be found in patterns of crime and the responses to it into the twentieth century Dealing with matters as diverse as drunkenness

and prostitution industrial unrest and linguistic protests and with punishments ranging from social ostracism to execution the book draws on a wide range of sources primary and secondary and insights from anthropology social and legal history It presents a narrative which explores the nature and development of the state the theoretical and practical limitations of the criminal law and the relationship between law and the society in which it operates The book will appeal to those who wish to examine the relationships between state control and social practice and explores the material in an accessible way which will be both useful and fascinating to those interested in the history of Wales and of the history of crime and punishment more generally

*Royalism, Religion and Revolution* Sarah Ward Clavier, 2021 Analyses the role of long term continuities in the political and religious culture of Wales from the eve of the Civil War in 1640 to the Glorious Revolution of 1688 In *Royalism Religion and Revolution Wales 1640 1688* Sarah Ward Clavier provides a ground breaking analysis of the role of long term continuities in the political and religious culture of Wales from the eve of the Civil War in 1640 to the Glorious Revolution A final chapter also extends the narrative to the Hanoverian succession The book discusses three main themes the importance of continuities including concepts of Welsh history identity and language religious attitudes and identities and political culture As Ward Clavier shows the culture of Wales in this period was not frozen but rather dynamic one that was constantly deploying traditional cultural symbols and practices to sustain a distinctive religious and political identity against a tide of change The book uses a wide range of primary research material from correspondence diaries and financial accounts to architectural literary and material sources drawing on both English and Welsh language texts As part of the New Regional History this book discusses the distinctively Welsh alongside aspects common to English and indeed European culture and argues that the creative construction of continuity allowed the gentry of North East Wales to maintain and adapt their identity even in the face of rupture and crisis
