Rise Gonna Rise A Portrait Of Southern Textile Workers:

Rise Gonna Rise Mimi Conway,1979 Interviewing mill workers managers politicians and the new Black and women activists Conway investigates the struggle of Southern textile workers to unionize the J P Stevens Company a flagrant violator of labor laws **Southern Labor in Transition, 1940-1995** Robert H. Zieger,1997 A collection of original essays based on oral history and archival research this volume illuminates diverse aspects of southern workers experience in the modern era Included here are essays on agricultural workers teachers and fire fighters as well as pieces on air transport paper manufacturing and aircraft production Other topics include workers organizations that fall outside the traditional labor movement and the role of cotton textile workers in the recent history of southern labor relations Themes involving race the varieties of union representation and labor s impact on southern politics are especially prominent throughout this collection

Gendered Politics in the Modern South Keira V. Williams,2012-11-05 In the fall of 1994 Susan Smith a young mother from Union South Carolina reported that an African American male carjacker had kidnapped her two children The news sparked a multi state investigation and evoked nationwide sympathy Nine days later she confessed to drowning the boys in a nearby lake and that sympathy quickly turned to outrage Smith became the topic of thousands of articles news segments and media broadcasts overshadowing the coverage of midterm elections and the O J Simpson trial The notoriety of her case was more than tabloid fare however her story tapped into a cultural debate about gender and politics at a crucial moment in American history In **Gendered Politics in the Modern South** Keira V Williams uses the Susan Smith case to analyze the new sexism found in the agenda of the budding neoconservatism movement of the 1990s She notes that in the weeks after Smith s confession soon to be Speaker of the House Newt Gingrich made statements linking Smith s behavior to the 1960s counterculture movement and to Lyndon Johnson s Great Society social welfare programs At the same time various magazines declared the death of feminism and a crisis in masculinity as the assault on liberal social causes gained momentum In response to this perceived crisis Williams argues a distinct code of gender discrimination developed that sought to reassert a traditional form of white male power In addition to consulting a wide variety of sources including letters from Smith written since her incarceration Williams contextualizes the infamous case within the history of gender politics over the last quarter of the twentieth century She reveals how the rhetoric imagery and legal treatment of infanticidal mothers changed and asserts that the latest shift reflects the evolution of a neoconservative politics **Military Law**

Review ,1980 **DA Pam** ,1980 **Organizing the Breathless** Robert E. Botsch,2014-07-15 In the 1970s textile workers joined forces with a small band of grassroots activists and organizers and challenged the most powerful industrial interest in the heart of Dixie the cotton textile manufacturers They located disabled workers and organized them employing the full range of interest group tactics and they creatively engaged in legislative administrative and judicial lobbying as well as protest actions with remarkable success Robert E Botsch recounts the history of the Brown Lung Association and details the

interaction of the major participants in the rise and ultimately the failure of the organization A once all powerful and politically dominant textile industry lost its public relations battle as it lost business to cheaper labor markets abroad Medical researchers policy makers and regulators had difficulty communicating State government regulations often cost workers their health and their means of support Organizers allowed their followers to become too dependent on their ability to raise grant monies Working class southerners found energy and courage in the face of age and sickness but were incapable of the self discipline necessary for successful long term organization Organizing the Breathless reveals the dramatic negative impact of the Reagan years on the disabled workers and their organization and draws lessons from the experience of other interest groups Botsch examines central issues the value of membership incentives the complexities of relationships with organizers and the perennial question of the relative importance of organization versus protest This book will interest political scientists and historians as a strong study of labor issues interest groups and the South **Labor Literature** United States. Department of Labor. Library,1979 *Labor Literature* ,1979 An Injury to All Kim Moody,2016-03-15 Over the past decade American labor has faced a tidal wave of wage cuts plant closures and broken strikes In this first comprehensive history of the labor movement from Truman to Reagan Kim Moody shows how the AFL CIO s conservative ideology of business unionism effectively disarmed unions in the face of a domestic right turn and an epochal shift to globalized production Eschewing alliances with new social forces in favor of its old Cold War liaisons and illusory compacts with big business the AFL CIO under George Meany and Lane Kirkland has been forced to surrender many of its post war gains With extraordinary attention to the viewpoints of rank and file workers Moody chronicles the major but largely unreported efforts of labor s grassroots to find its way out of the crisis In case studies of auto steel meatpacking and trucking he traces the rise of anti concession movements and in other case studies describes the formidable obstacles to the organization of the unorganized in the service sector A detailed analysis of the Rainbow Coalition s potential to unite labor with other progressive groups follows together with a pathbreaking consideration of the possibilities of a new labor internationalism **Moisture of the Earth** Mary Robinson,2009 A voice from the margins that refuses to be silenced
