A Dive into the Big Economies Mashhood Raza Khan,2022-04-09 How the political conditions lay the economic foundation of a country How the discovery of oil can make a country have the richest royals or the biggest hedge funds How can tourism advance an economy at the base level and how it can be totally devastating at times How laws of some country can make it the hotbed for the world's richest How the deadliest monarch can give the status of high end to its fashion house How did Hong Kong become the most capitalistic from a communist nation How can China be communist and the world's biggest economy at the same time How can a tiny country in the Middle East surrounded by its violent enemies be the tech hub of Asia How can India be a global superpower How UAE is shifting from oil based country to tourism and tech based country This book answers a lot more than just these questions This book does not just contain huge mathematical equations or complex graphs but analysis of an economy through history geopolitics law and the political order of that country It contains the concept of economics from the basics through analysis of an economy in its simplest and most intuitive form

Historical Dictionary of Chinese Foreign Affairs Lawrence R. Sullivan,2018-09-18 In an act of totally unnecessary and wanton destruction British forces in China during the Second Opium War 1856 1860 looted and destroyed much of the Old Imperial Summer Palace Yuanmingyuan including three imperial gardens and hundreds of halls pavilions and temples stock full of ancient artwork

antiquities and literary works More than a hundred years later President Xi Jinping 2013 of the People's Republic of China PRC proclaimed the rejuvenation of the Chinese nation with the economic and especially military power to prevent any such recurrence of national humiliation Though not yet a superpower equal in global stature to the United States the PRC is undoubtedly poised to become the equal if not the superior power in the Asia Pacific region expanding its territorial claims in the South China Sea and asserting undisputed economic dominance With government business and academic leaders debating how regional and global powers should respond to a rising China Historical Dictionary of Chinese Foreign Affairs contains a chronology an introduction a glossary appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on major events national institutions foreign nations and personages impacting Chinese foreign affairs along with the many institutions of the post World War II international order that the PRC has engaged especially since the 1970s This book is an excellent resource for students researchers and anyone wanting to know more about Chinese foreign affairs

Remaking China's Public Philosophy for the Twenty-first Century Jinghao Zhou, 2003-08-30 In this book author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China's future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China's public philosophy is the key for the nation to achieve both economic and political prosperity making the bold argument that this remaking can contribute profoundly not only to China's development but to international peace and development as well In *Remaking China's Public Philosophy for the Twenty First Century* author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China's future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China's public philosophy the very principles and precepts it now takes for granted is the key for the nation to achieve both economic and political prosperity Zhou aims for a peaceful revolution of China's democratization while he explores a new paradigm in China studies making the bold argument that this remaking can contribute profoundly not only to China's development but to international peace and development as well

Developmental and Cultural Nationalisms Radhika Desai, 2013-10-18 Premature announcements of the eclipse of nation states under globalization and empire stand exposed as the 21st century's first economic crisis underlines their continuing importance A predominantly cultural study of nationalism was unable to resist the globalization thesis Focusing on selected Asian cases this book argues that nationalisms have always contained political economies as well as cultural politics Placing nation states centrally in our understanding of modern capitalism it challenges the globalization thesis Rather than eclipse nations and nationalisms have undergone changes under the impact of

neoliberalism since the 1970s Classical 20th century developmental nationalisms emphasised citizenship economy and future orientations Later cultural nationalisms Asian values Hindutva Confucianism or Nihonjiron stressed identity culture and past orientations Amid neoliberalism's flagrantly unequal political economy not primarily concerned with material production or productivity they glorified static conceptions of original cultures and identities whether religious ethnic or other and justified inequality as cultural difference In contrast to the popular mobilizations which powered developmental nationalisms cultural nationalisms thrive on neoliberalism's disengagement and disenfranchisement albeit partially compensated by the political baptism of newly enriched groups Extremist wings of cultural nationalism in some countries were a function of this lack of popular support This book was published as a special issue of Third World Quarterly

The Political Economy of Asian Transition from Communism Sujian Guo, 2017-11-28 A comparative study of the political economy of the transition from communism in East and Southeast Asian countries China North Korea Vietnam Laos and Cambodia addressing the key theoretical questions generated from the debate between shock therapists and gradualists While accurately defining the pre reform model this book explores the causal variables that have contributed to reform efforts within Asia examining the significance of the sequencing of political and economic transition and the interplay between politics and the economy in determining variations in transition outcomes Comparing the real world experiences of transition nations in communist Asia with Eastern Europe prominent questions are brought to the fore will market capitalism or market socialism prevail after the grand failure of communism This book makes an important contribution to the political economy theory of comparative communist and post communist studies and provides detailed analytical insights that will prove influential in future theoretical work

International Political Economy and Globalization Syed Javed Maswood, 2008 The second edition of International Political Economy and Globalization is completely revised and updated to include new material on trade monetary and environmental issues It provides a comprehensive treatment of major developments in the global economy and is suitable for adoption as a primer in undergraduate courses in international political economy The author takes a stand that is supportive of globalization in principle while acknowledging that there are many areas of inequity that disadvantage developing countries This is explored in chapters that deal with trade debt crises and the environment Students will find that the material is presented in a readable format that does not presuppose prior familiarity with economics
