Endorsements

Reviews

Evidence based practice is facilitating changes at a rapid pace in neuroanesthesia and neurocritical care practice Its practice is exceedingly crucial in neuroanesthesia and neurocritical care considering the criticality of the neurologically sick patients which leaves little or no room for error for an acceptable outcome in them

Patient management in Neuroanesthesia and neurocritical care has many contentious issues because of rapidly evolving changes in their management which require treatment guided by the latest available evidence in literature

Dr Hemanshu Prabhakar is a strong proponent of evidence based practice for the management of neurologically ill patients both for surgical procedures and their management in neurointensive care unit Undoubtedly this book will be of enormous benefits to the students as well as teachers of neuroanesthesia and neurocritical care sub specialties
