Risk Based Corrective Action And Brownfields Restorations:

Risk-based Corrective Action and Brownfields Restorations Craig H. Benson,1998 Describes tools and methods of an approach to remediating contaminated sites that balances health and environmental risk with costs in order to reduce the amount being spent to clean up after companies that have taken the money and left the pollution The 20 papers also explore the underlying principles of the approach look at past performance and emerging trends and present many case histories Annotation copyrighted by Book News Inc Portland OR *Brownfields, Risk-Based Corrective Action, and Local*

Communities Peter B. Meyer,2011-04 Addresses the problems facing communities that suffer both environ risks from past contamination and depressed economic activity In such settings redevelopment of contaminated sites and the associated economic development may require compromised standards for environmental mitigation But partial cleanups can be shown to face inevitable failure at some future date Thus in such an approach communities face risks that they should be capable of accepting or rejecting The study considers these risks and assesses 4 alternative land use control strategies for assuring community participation in making decisions about both the cleanup process today and the response to risks of failure in the future Illus This is a print on demand report Brownfields Todd S.
