Risking Utopia On The Edge Of A New Democracy

Melanie Stewart Millar

Risking Utopia On The Edge Of A New Democracy:

Once and Future Canadian Democracy Janet Ajzenstat, 2003-10-16 To revitalize politics we need to abandon the idea that ideologies evolve from right to left from conservatism to socialism and look at our political differences in terms of the distinction more familiar in the arts between classicism and romanticism She argues that by abandoning our current modes of debate and rediscovering the Enlightenment liberalism that is an enduring part of our political tradition we will help to recreate Canada as a place of debate on fundamentals not one in which a monolithic definition of identity answers all questions in advance *Risking Utopia* Irshad Manji, 1997 ALLAH, LIBERTY AND LOVE Irshad Manji, 2012-12-11 Irshad

Manji's message of moral courage with stories about contemporary reformers such as Martin Luther King Jr Gandhi and Islam's own Gandhi inspire and show the way to practicing faith without fear Irshad addresses all people Muslim and non Muslim alike in this universal message about the importance of independent thought and internal strength of love liberty free speech and the pursuit of happiness Allah Liberty and Love is about creating choices beyond conforming or leaving the faith which is what Manji hears from young Muslims who write to her in frustration whose emails letters and conversations are included in this book Manji writes I'll show struggling Muslims how to embrace a third option reforming ourselves And she recounts many affecting stories from young people who have contacted her for advice on how to step out of limiting views of Islam and the restrictions they put on life love family and careers **Multiculturalism and Immigration in Canada**

Elspeth Cameron, 2004 Multiculturalism in Canada offers a solid introduction to the history and development of the ideology of multiculturalism in Canada This ideology which has become the primary designator of Canadian society began in the early 1970s when vocal elements in the population who were neither English nor French strongly responded to the investigations of the Committee on Bilingualism and Biculturalism Given Canada's early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works *Bringing Citizen Voices to the Table* Carolyn J. Lukensmeyer, 2012-11-07 This important resource offers seven field tested strategies for public

managers to help them maximize citizen engagement as they implement the President's Open Government Directive. The Core Strategies for Citizen Engagement are: Establish Links to Decision Makers, Ensure Demographic Diversity, Create Opportunities for Informed Participation, Maximize Tools of Facilitated Deliberation, Discover Shared Priorities, Establish Clear Recommendations for Action, and Sustain Citizen Engagement. The book includes project and leadership case studies from major federal agencies that elucidate the seven strategies in the context of real world issues and challenges.

The Satellite Sex Barbara M. Freeman, 2001-05-02. Citing a lack of strong feminist voices in contemporary Canadian media, Freeman, a journalism Carleton U Ottawa professor, was motivated to write this first book length analysis of news media coverage of women's issues in Canada. The period 1966-1971 is seen as a critical period in Canadian feminist history during which time the Canadian government appointed a federal inquiry into women's issues, the Royal Commission on the Status of Women. Freeman examines the relationship between the Commission and the media, the reporters' understandings of professional practice and the ways in which they covered issues from the hearings and the Commission's Report. She argues that an understanding of media coverage of gender issues in the past may lead to thoughtful and effective coverage now and in the future. Accessible to a general audience. c. Book News Inc.

Leaving the North Johanne Devlin Trew, 2016. The first book to survey the history of Northern Ireland migration from partition in 1921 to the present, including the personal stories of individuals who emigrated to many destinations abroad, some of whom later returned.

Cracking the Gender Code Melanie Stewart Millar, 1998. The digital world, its advertising machinery, and the popular media are pushing women back into traditional roles and once again creating a superior hypermacho expert male. Women must look critically at who is in charge of the new technology and challenge the gender codes that can work against them. In this path-breaking book, Melanie Stewart Millar explores power relations in the digital world and asks us to question what is really going on. How is technology shaping our future? What is the role of women within digital culture? What is the corporate agenda? How is it influencing women's work? Provocative and incisive, *Cracking the Gender Code* questions how the gains women have made through feminism over the last decades are being eroded. It looks specifically at how the articles and images of *Wired*, the magazine of the digital generation, are detrimental to women, a discourse that may be establishing the underlying ideology of a far-reaching communications industry. Stewart Millar argues that simply being computer literate or knowing how to use the Net is not good enough. Women need to demystify the technology and crack the gender code to participate equally in the cyber world of the future.

Turbo Chicks Lara Karaian, Lisa Bryn Rundle, Allyson Mitchell, 2001. Energetic, reflective, often passionate, *Turbo Chicks* clearly and powerfully demonstrates that feminism has many valid interpretations and that young and older feminists alike are vital to keeping the movement dynamic.

Women's Legal Strategies in Canada Radha Jhappan, 2002-01-01. Have Canadian women gained from their pursuit of legal remedies to social, political, economic, and cultural inequalities? Is law a fruitful avenue for such struggles? Using liberal feminist, postmodern, critical race, and queer

theory these essays confront the anti rights critiques of the legal Left regarding the use of law in general and the Charter in particular Several chapters explicitly examine the strategic limits and possibilities of the substantive equality rights approaches pursued by LEAF The Women s Legal Education and Action Fund Others focus on legal strategies mobilized in discreet areas of law and public policy by foreign domestic workers and racialized women lesbians women seeking reproductive freedom women in the childcare movement and anti violence advocates Recognizing the diversity of women across class citizenship race and ethnicity sexual identity culture and dis ability this collection evaluates the efficacy of the wide range of legal and political strategies women have employed particularly in this post Charter era Women s Legal Strategies in Canada is the most comprehensive account of these important issues and will surely become the standard work in the field
