THE ROOTS OF MODERN JAPAN

Jean - Pierre Lehmann

Roots Of Modern Japan

Elise K. Tipton

Roots Of Modern Japan:

The Roots of Modern Japan Jean-Pierre Lehmann, 1982 Ancien Regime Edo era society intellect and ideology Meiji era Response to modernity Society culture and politics Education and the state Militarisation Expansion of modern Japan Japanese imperialism *The Emergence of Modern Japan* Janet Hunter, 2014-06-06 The main emphasis of this book is upon political social and economic developments as conditioned by Japan's interaction with the outside world the advance of industrialisation and the emergence of the Japanese nation state Unlike previous textbooks on the history of modern Japan Janet Hunter's book adopts a thematic approach which makes the period much more accessible for readers who wish to pursue their particular interests throughout the period Moreover it will also establish a greater awareness of the cultural and institutional continuities which are crucial to any proper understanding of modern Japan **The Rise of Modern Japan** Linda K. Menton, 2003-01-01 Graphs charts photographs maps and timelines enhance a history of modern Japan **Modern Japan** J.E. Thomas, 2014-09-25 J E Thomas examines the historical roots of Japanese social structures and preoccupations and he sets these within the broad chronological framework of Japan's political and military development The book can thus serve as an introduction to modern Japan in a more general sense but its focus throughout is on the people themselves Professor Thomas gives due attention to the Japanese mainstream but he also discusses those other sections of the community which have traditionally been underprivileged or marginalised most obviously women but also minority groups and outcasts and the Japanese attitude to foreigners beyond her shores *Modern Japan* Elise K. Tipton, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality *The Revolutionary Origins of Modern Japan* Thomas M. Huber, 1981 Challenging the popular view of the Meiji Restoration as a revolution from above this book argues that its main cause was neither the growing threat of the West nor traditional loyalty to Emperor and nation but rather lay in class conflict and long term institutional change The author sees the Restoration as a revolution against feudal privilege carried out from below by a service intelligentsia of minor administrators priests scholars and village officials The book focuses on the politically most effective body of activists those in the domain of Choshu and on their most important leaders of the 1850s and 1860s Yoshida Shoin Kusaka Genzui and Takasugi Shinsaku It examines their social and educational background explores their motives for acting and follows them through their intellectual and political struggles The final chapter explains various heretofore puzzling aspects of the Meiji period 1868 1912 in terms of its revolutionary origins and concludes by showing that the Restoration far from being uniquely Japanese had many of the characteristics we associate with the great revolutions of England France and Russia **History of Modern Japan** Christopher Harding, 2020-06-30

ING_08 Review quote A History of Modern Japan Richard Storry,1962 **Modern Japan: Origins Of The Mind - Japanese Traditions And Approaches To Contemporary Life** Alexander Prasol,2010-07-22 The book takes a fresh look at modern Japan and does not treat the Japanese as enigmatic or mysterious people their ways of thinking and their culture can be explained by an honest appraisal of their history and of the norms that have shaped this history This book not only reveals the mentality and national character of modern Japanese people but also attempts to explore and analyze the roots of their mannerisms Everyone knows that the Japanese are generally more polite than other nationalities but why is this so Why do they embrace a relaxed attitude when being served by others Surely there must be specific reasons to account for these observations Delving into the social values of the Japanese why do they value loyalty and commitment so much How long have they been upholding these virtues Why when interrogated by the police even without being beaten or tortured do they easily confess guilt for crimes that they have not committed What are the reasons for such behaviors All these questions and more are answered in this engaging and illuminating book *Modern Japan* James L. Huffman,1998 A reference on Japan concentrating on the period beginning in the 1850s with entries on events leaders and societal pressures in the country s recent past that affected its entry into the modern age Coverage includes politics the arts religion business education journalism and other major social and economic forces as well as broad topics such as militarism labor and censorship Includes English language bibliographies and bandw photos Annotation copyrighted by Book News Inc Portland OR
