

A man with dark hair, wearing a blue short-sleeved button-down shirt and dark trousers, is sitting on a stone ledge in a garden. He is smiling and has his hands clasped. To his left is a large, ornate dark metal urn. The background shows a well-manicured garden with green hedges, trees, and a path. The sky is blue with some clouds.

Royal Gardeners:

Royal Gardeners Alan Titchmarsh, 2012-06-30 Alan Titchmarsh takes us on a fascinating tour through the history of Britain's royal gardens from medieval times to the present day. Taking in existing royal gardens as well as many that now only exist in paintings, Alan uncovers the stories behind the gardens and the colourful monarchs who created them. From Hampton Court Palace to Kew Palace and Gardens to Osborne House and through to the modern day developments at the Prince of Wales home at Highgrove, Alan takes a highly personal canter through Britain's gardening heritage. Fully illustrated with original plans, designs, letters, planting records and full colour diagrams of the major surviving gardens, this is a sumptuous book charting some of the most outstanding gardens in Britain.

Royal Gardens of the World Mark Lane, 2020-09-24 A sumptuous exploration of 21 of the world's most celebrated royal gardens from the formal splendour of Versailles to the organic sustainable Highgrove. In mainland Europe you can journey from the formal splendour of Het Loo in the Netherlands and Fontainebleau in France to the Baroque World Heritage Site of the Royal Palace of Caserta in Southern Italy. Further afield still lies the Taj Mahal in India and the Peterhof Palace in Russia. Each featured garden will include the history, plantings and evolution of the garden as well as plant portraits of key plants and information about the design and layout of each. Countries included are England, Scotland, Germany, France, Italy, Spain, Austria, the Czech Republic, the Netherlands, Sweden, Denmark, Russia, India, Bali and Japan. This inspiring global selection of royal gardens is a perfect gift for any gardening enthusiast or armchair traveller and takes the reader on a journey of architecturally significant houses and their classic gardens as well as providing planting ideas that range from modest to grand, simple to ornate.

Capability Brown, Royal Gardener Jonathan Finch, Jan Woudstra, 2020-10-26 Lancelot Capability Brown was one of the most influential landscape designers of the eighteenth century at a time when Britain was changing radically from an agrarian to an industrial and colonial nation whilst Europe was periodically convulsed by war and revolution. The extent and nature of his influence are however fiercely debated. Brown worked at hundreds of important sites across England and his name became synonymous with the English Garden style which was copied across Northern Europe and entranced Catherine the Great who remodelled her landscapes in St Petersburg to reflect the new style. He was feted in his time and recognised by the Crown but Brown's style was readily copied over his later life and particularly after his death. Arguably this ubiquity led to the denigration of his achievements and even his character, particularly by the agents of the Picturesque. The lack of any personal primary material from Brown forcing scholars to rely on his landscapes contracts and bank accounts has hindered attempts to provide a rounded and credible account of the man and his works. However, by exploring his team of associates and his role as Royal Gardener, new light can be thrown on the man, his landscapes and his landscape legacy. Bringing together a number of perspectives from across Northern Europe, *Capability Brown, Royal Gardener* explores the lasting international impact of Brown. With Brown's position as Royal Gardener at its heart, this book explores for the first time his business methods.

working methods and European influence It assesses how crucially Brown's work practices placed him within the world of nurserymen and landscape designers and how his business practices and long term relationships with draughtsmen and designers allowed him to manage a huge number of projects and a substantial financial turnover This in turn allowed him to work in a way that promoted and advanced his style of landscape Edited by Professor Jonathan Finch University of York and Dr Jan Woudstra University of Sheffield and with a varied range of engaging contributors drawn internationally from archaeology art history history and landscape architecture Capability Brown Royal Gardener weaves together strands from across a broad range of disciplinary interests It makes an important contribution to the scholarly discussion of Brown's work the work of his collaborators and legacy in the UK and across Northern Europe Relevant to students and academics at all levels this volume throws new light on Capability Brown and his impact on the business of place making in Northern Europe

descriptive and celebrative nature studies related to Sri Lanka's historical built heritage largely view material remains in historical sociological socio historical and semiological perspectives There is hardly any serious attempt to view such material remains from a technical analytical approach to understand the compositional aspects of their design The 5th century AC royal complex at Sigiriya is no exception in this regard The enormous wealth of information and the material remains unearthed during more than 100 years of field based research by several generations of archaeologists provide an ideal opportunity for such analysis The Sigiriya Royal Gardens fills the gap in research related to Sri Lanka's historical built heritage in general and to Sigiriya in particular Therefore the present research attempts to read Sigiriya as a landscape architectonic design to expose its architectonic composition and design instruments The Forged #6 Eric Trautmann, Greg Rucka, 2023-11-15
