Shaw The Style The Man:

Methods of Rhetorical Criticism Bernard L. Brock, Robert Lee Scott, James W. Chesebro, 1989 **Shaw** Richard Malin Ohmann, 1962 A George Jean Nathan Reader George Jean Nathan, 1990 The selection in this one volume anthology are representative of Nathan's entire oeuvre and include informal essays, criticism of famous plays of the nineteenth and twentieth centuries, discussions of dramaturgy and aesthetics, profiles of noted producers, players, playwrights and other writers and letters that illuminate his writings **The American Mercury**, 1925 *The American Mercury* Henry Louis Mencken, 1925 *The World of George Jean Nathan* George Jean Nathan, 1998 Applause Books This anthology represents George Jean Nathan in all the various facets of his long writing career. He has written on marriage, politics, doctors, metropolitan life, the ballet, love, alcohol, on virtually every major aspect of contemporary life, and he has had something shrewd or amusing to say about every one of them *Coming to Terms* Jane Blankenship, 2011-12-23 *Coming to Terms* The Collected Works of Jane Blankenship, an edited collection from Jane Blankenship and Janette Kenner Muir is the story of one academic journey through self-discovery, intellectual development, and mentorship. It is a conversation that illustrates how in Mary Catherine Bateson's terms, one composes a life that has meaning and makes a significant difference in other lives, as well. Jane Blankenship was an active member of the speech communication discipline, starting with her first job teaching in the Rhetoric and Composition program at Mount Holyoke College and finishing with the great distinction of Professor Emeritus at the University of Massachusetts Amherst. As a noted rhetorical scholar in both criticism and theory, Jane Blankenship was a long-time leader within the National Communication Association, including one of a handful of women who served as president in the 20th Century and an award winner of numerous teaching and scholarship awards. Throughout her academic career, Blankenship made important contributions to the understanding of language and form, specific literary critics such as Kenneth Burke and Samuel Coleridge, and the role of women in politics. Most importantly, she worked with and inspired a cadre of graduate students who continue to reflect her ideas and perspectives in their own work, particularly in the area of political communication. Through her writing and mentoring, she impacted and changed thousands of lives. *Coming to Terms* brings together some of the significant pieces that marked Jane Blankenship's career and also shows the process wherein one makes choices in writing and publishing that underscore the interrelationship between scholarship and teaching, an important element throughout her academic life The I and Being Human Norman Holland, 2017-07-05 *The I* in the title pertains to the core of self that persists over time. These are challenges that elude people like social scientists, philosophers, or critics of literature and the arts who would chronicle or explain humanity's doings. This informative, engaging, and joyous book by Norman N. Holland offers a usable model for the aesthetics, psychology, history, and science of the human subject. Holland begins by modeling the self as a theme and variations, constant yet constantly changing. He shows how symbolization, perception, cognition, and memory all contribute to the sense of I, hence how any one I grows out of a specific history and

culture but also out of experiences all humans share Holland proposes a scientific psychology based on his model fusing the experiments of academic psychology with the insights of psychoanalysis He illustrates his theory by the lives of George Bernard Shaw Scott Fitzgerald and other writers as well as Freud's patient Little Hans in adulthood a famed stage director at the Metropolitan Opera *The Id and Being Human* attempts nothing less than to draw together aspects of the self such as objectivity and subjectivity that have eluded connection In so doing Norman Holland offers a rereading of psychoanalysis as a theory of the I

Men Alone Jopi Nyman, 1997 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard boiled fiction The novels under study are *Red Harvest* by Dashiell Hammett *The Postman Always Rings Twice* by James M Cain *They Shoot Horses Don't They* by Horace McCoy and *To Have and Have Not* by Ernest Hemingway In this first full length study of gender in hard boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism Hard boiled fiction is located in its historical and cultural context and it is argued that the genre with its explicit emphasis on masculinity and masculine virtues attempts to reaffirm a masculine order The study argues that this emphasis is a counter reaction to more general changes in the gender relations of the period Indeed hard boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti modern values generally accepted in the cultural context of the genre

The Story of Men's Underwear Shaun Cole, 2012-05-08 Men's fashion particularly the trends involving undergarments was once reserved for the elite today it has become democratised clear proof of social progress The aestheticism of the body so highly valued by the Greeks seems to have regained a prominent place in the masculine world Mirroring the evolution of society's values the history of underwear also highlights the continuous dancing exchange that exists between women's styles and men's fashion Undergarments are concealed flaunted stretched or shortened establishing a game between yesterday's illicit and today's chic and thereby denouncing the sense of disgrace that these simple pieces of clothing used to betray In this work Shaun Cole endeavours to re-establish for the first time through well researched socio economic analysis the importance of men's underwear in the history of costume from ancient times to today A reflection of technological progress this study is full of surprises and powerful reflections on man's relationship with his body
