reaffirm itself the family needed a scapegoat it found one in the orphan figure As one who embodied the loss of the family the orphan figure came to represent a dangerous threat to the family and the family reaffirmed itself through the expulsion of this threatening difference Orphan texts will be of interest to final year undergraduates postgraduates academics and those interested in the areas of Victorian literature Victorian studies postcolonial studies history and popular culture **Prints by**

The World in Paint David Peters Corbett,2004 This anonymous manuscript play has long been the subject of scholarly dispute regarding its relationship with Shakespeare's Richard II This edition which thoroughly re examines the text situates the play within its historical and political context relating it to the genre of chronicle drama to which it belongs The manuscript is of particular interest in that it appears to have been used in the playhouse over a considerable period of time and contains what seems to be evidence of the theatre practice of the time The play is also of special interest for its skilful and original handling of source material which may well have influenced Shakespeare's Richard II The extensive appendices drawn from Holinshed Grafton and Stow provide the reader with the opportunity to investigate the manner in which the dramatist has shaped the material The editors argue for the play's stage worthiness and dramatic complexity suggesting that its range both of dramatic tone and social inclusiveness indicate the work of a dramatist of considerable skill and subtlety equal or superior to the Shakespeare of the Henry VI plays *Catalogue Two*,1988 *Glasgow University's Pictures: a Selection of Paintings, Drawings, Prints, and Other Works from the Hunterian Museum* Hunterian Museum (University of Glasgow),1973 *Exhibition of English Paintings, Drawings and Prints* P. & D.
