Siegfried Sassoon The Making Of A War Poet A Biography 1886 1918:

Siegfried Sassoon Jean Moorcroft Wilson, 2020-11-25 This book encompasses the complete life and works of Siegfried Sassoon from his patriotic youth that led him to the frontline to the formation of his anti war convictions great literary friendships and flamboyant love affairs *C.S. Lewis, Poetry, and the Great War 1914-1918* John Bremer, 2012-05-31 The life and work of C S Lewis after his conversion in 1931 is well known and his reputation shows no signs of diminishing His earlier years have not been so well studied particularly between the ages of 16 and 22 when he studied privately and at Oxford served in the British army was wounded in France entered into his affair with Janie Moore and wrote and published his first book of poems To correct and augment the limited accounts of this period Lewis s life is presented with the general and specific background which makes it more meaningful particularly as it throws light on his character The romantic myth of him as a soldier poet is dispelled largely through an extensive review of the poems in *Spirits in Bondage* and the self centered life that produced them A valuable comparison not to the advantage of Lewis is drawn with two undoubted soldier poets Robert Graves and Siegfried Sassoon The purpose is not to disparage or belittle Lewis but to show what had to be overcome in his limited and unpleasant early moral character in order to produce the devoted Christian of later years

Siegfried Sassoon Jean Moorcroft Wilson, 2024-11-01 This book encompasses the complete life and works of Siegfried Sassoon from his patriotic youth that led him to the frontline to the formation of his anti war convictions great literary friendships and flamboyant love affairs *Isaac Rosenberg: The Making of a Great War Poet* Jean Moorcroft Wilson, 2009-02-09 Isaac Rosenberg was among the greatest poets of the First World War The British born son of impoverished Russian Jews Rosenberg fought as a private in the trenches of the Great War and died on the Western Front in 1918 at the age of 27 In *Isaac Rosenberg* Wilson examines the influence of Rosenberg s class and heritage on his writings as well as the development of his poetic technique She traces his maturation from his childhood in Bristol and the Jewish East End of London to art school his travels to South Africa and finally his harrowing service as a private in the British Army Rosenberg was also a gifted painter and this beautifully illustrated volume includes some hitherto unseen self portraits along with photographs of Rosenberg and his family Wilson s biography brings together all known Rosenberg material with a mass of important new discoveries Isaac Rosenberg is a long overdue consideration of a remarkable war poet *The Sassoons* Joseph Sassoon, 2025-08-12 A spectacular generational saga of the making and undoing of a family dynasty the riveting untold story of the gilded Jewish Baghdadi Sassoons who built a vast empire through global finance and trade cotton opium shipping banking that reached across three continents and ultimately changed the destinies of nations With full access to rare family photographs and archives Engaging compelling well paced and supremely satisfying The New York Times They were one of the richest families in the world for two hundred years from the 19th century to the 20th and were known as the Rothschilds of the East Mesopotamian in origin and for more than forty years the chief treasurers to the pashas of Baghdad

and Basra they were forced to flee to Bushir on the Persian Gulf David Sassoon and sons starting over with nothing and beginning to trade in India in cotton and opium The Sassoons soon were building textile mills and factories and setting up branches in shipping in China and expanding beyond to Japan and further west to Paris and London They became members of British parliament were knighted and owned and edited Britain's leading newspapers including The Sunday Times and The Observer And in 1887 the exalted dynasty of Sassoon joined forces with the banking empire of Rothschild and were soon joined by marriage fusing together two of the biggest Jewish commerce and banking families in the world Against the monumental canvas of two centuries of the Ottoman Empire and the changing face of the Far East across Europe and Great Britain during the time of its farthest reach Joseph Sassoon gives us a riveting generational saga of the making of this magnificent family dynasty

Wilfred Owen Helen McPhail, Philip Guest, 1998-08-12 This is a guide to the battlefields that inspired the young and sensitive poet whose poems are probably the twentieth century's best known literary expressions of experience of war Detailed maps military diaries photographs and modern roads guide the visitor through the battlefields Owen's letters are used extensively together with his poetry linking specific places events vividly describing the suffering of the trench

The Egyptian Expeditionary Force in World War I Michael J. Mortlock, 2014-01-10 This military history follows the 5th Battalion of the Suffolk regiment from England to Syria and the end of World War I Among the previously untapped primary source materials used are the author's father's correspondence and photographs from his 1913-1919 service with the 5th Suffolk in England Gallipoli Egypt Palestine and Syria It follows chronologically the frustrating failures and the final victory of the campaigns in North Africa and the Middle East and refutes the widely held misconception that cavalry played no major role in the conflict

Pandora's Box Jörn Leonhard, 2020-05-05 Winner of the Norman B Tomlinson Jr Prize The best large scale synthesis in any language of what we currently know and understand about this multidimensional cataclysmic conflict Richard J Evans Times Literary Supplement In this monumental history of the First World War Germany's leading historian of the period offers a dramatic account of its origins course and consequences Jörn Leonhard treats the clash of arms with a sure feel for grand strategy He captures the slow attrition the race for ever more destructive technologies and the grim experiences of frontline soldiers But the war was more than a military conflict and he also gives us the perspectives of leaders intellectuals artists and ordinary men and women around the world as they grappled with the urgency of the moment and the rise of unprecedented political and social pressures With an unrivaled combination of depth and global reach Pandora's Box reveals how profoundly the war shaped the world to come An epic and magnificent work unquestionably for me the best single volume history of the war I have ever read It is the most formidable attempt to make the war to end all wars comprehensible as a whole Simon Heffer The Spectator A great book on the Great War Leonhard succeeds in being comprehensive without falling prey to the temptation of being encyclopedic He writes fluently and judiciously Adam Tooze Die Zeit Extremely readable lucidly structured focused and dynamic Leonhard's analysis is enlivened

by a sharp eye for concrete situations and an ear for the voices that best convey the meaning of change for the people and societies undergoing it Christopher Clark author of *The Sleepwalkers* Freud in Cambridge John Forrester, Laura Cameron, 2017-03-09 The authors explore the influence of Freud's thinking on twentieth century intellectual and scientific life within Cambridge and beyond *Fighting Different Wars* Janet S. K. Watson, 2004-02-19 The popular idea of the First World War is a story of disillusionment and pointless loss This vision however dates from well after the Armistice In this 2004 book Janet Watson separates out wartime from retrospective accounts and contrasts war as lived experience for soldiers women and non combatants with war as memory comparing men's and women's responses and tracing the re creation of the war experience in later writings Using a wealth of published and unpublished wartime and retrospective texts Watson contends that participants tended to construct their experience lived and remembered as either work or service In fact far from having a united front many active participants were in fact fighting different wars and this process only continued in the decades following peace *Fighting Different Wars* is an interesting richly textured and multi layered book which will be compelling reading for all those interested in the First World War Tim O'Brien Tobey C Herzog, 2018-04-17 This collection of seven essays like the carefully linked collection of vignettes within Tim O'Brien's most popular book *The Things They Carried* contains multiple critical and biographical angles with recurring threads of life events themes characters creative techniques and references to all of O'Brien's books Grounded in thorough research Herzog's work illustrates how O'Brien merges his life experiences with his creative production he rarely misses an opportunity to introduce these critical life events into his writing **Seek and Hide** Amy Gajda, 2022-04-12 NEW YORK TIMES TOP 100 NOTABLE BOOKS OF 2022 Gajda's chronicle reveals an enduring tension between principles of free speech and respect for individuals private lives just the sort of road map we could use right now *The Atlantic* Wry and fascinating Gajda is a nimble storyteller and an insightful guide to a rich and textured history that gets easily caricatured especially when a culture war is raging *The New York Times* An urgent book for today's privacy wars and essential reading on how the courts have for centuries often protected privileged men's rights at the cost of everyone else's Should everyone have privacy in their personal lives Can privacy exist in a public place Is there a right to be left alone even in the United States You may be startled to realize that the original framers were sensitive to the importance of privacy interests relating to sexuality and intimate life but mostly just for powerful and privileged and usually white men The battle between an individual's right to privacy and the public's right to know has been fought for centuries The founders demanded privacy for all the wrong press quashing reasons Supreme Court justice Louis Brandeis famously promoted First Amendment freedoms but argued strongly for privacy too and presidents from Thomas Jefferson through Donald Trump confidently hid behind privacy despite intense public interest in their lives Today privacy seems simultaneously under siege and surging And that's doubly dangerous as legal expert Amy Gajda argues Too little privacy leaves ordinary people vulnerable to those who deal in and publish soul crushing secrets Too much means

the famous and infamous can cloak themselves in secrecy and dodge accountability Seek and Hide carries us from the very start when privacy concepts first entered American law and society to now when the law allows a Silicon Valley titan to destroy a media site like Gawker out of spite Muckraker Upton Sinclair like Nellie Bly before him pushed the envelope of privacy and propriety and then became a privacy advocate when journalists used the same techniques against him By the early 2000s we were on our way to today's full blown crisis in the digital age worrying that smartphones webcams basement publishers and the forever internet had erased the right to privacy completely

Survivors of a Kind

Brian Bond, 2008-10-20 In this collection of essays Brian Bond brings a lifetime's study of the Western Front to the analysis of some of the best known memoirs of the campaign Literary and military historians alike will find the result of great value for their own studies while for the general reader it should help destroy many long standing myths It is a worthy climax to a long and distinguished career Sir Michael Howard This is a unique study of World War One memoirs from a historical perspective It explores the tremendous effect that war experience had on writers lives and how they came to terms with it after 1918 in deeply moving and often brilliant writing As well as such famous literary figures as Robert Graves and Siegfried Sassoon it includes historically significant writers such as Lord Reith Anthony Eden and Harold Macmillan It challenges the view that memoir writers were in any clear sense anti war While many were appalled by heavy losses and awful conditions they were however determined to achieve victory and proud of their regimental service and comrades Above all they constitute a brilliant source for understanding the war on the Western Front

Housman Country Peter Parker, 2017-06-20

Parker's beautiful *Housman Country* tells you everything you want to know about the life and influence of England's most satirised but inimitable poets Evening Standard A New York Times Book Review Editor's Choice Nominated for the 2017 PEN Bograd Weld Prize for Biography A E Housman's *A Shropshire Lad* made little impression when it was first published in 1896 but has since become one of the best loved volumes of poetry in the English language Its evocation of the English countryside thwarted love and a yearning for things lost is as potent today as it was more than a century ago and the book has never been out of print In *Housman Country* Peter Parker explores the lives of A E Housman and his most famous book and in doing so shows how *A Shropshire Lad* has permeated English life and culture since its publication The poems were taken to war by soldiers who wanted to carry England in their pockets were adapted by composers trying to create a new kind of English music and have influenced poetry fiction music and drama right up to the present day Everyone has a personal land of lost content with blue remembered hills and Housman has been a tangible and far reaching presence in a startling range of work from the war poets and Ralph Vaughan Williams to Inspector Morse and Morrissey *Housman Country* is a vivid exploration of England and Englishness in which Parker maps out terrain that is as historical and emotional as it is topographical A rich blend of literary criticism and cultural history The Spectator

The Unquiet Western Front Brian Bond, 2002-07-11

Britain's outstanding military achievement in the First World War has been eclipsed by literary myths Why has the Army's

role on the Western Front been so seriously misrepresented This 2002 book shows how myths have become deeply rooted particularly in the inter war period in the 1960s and in the 1990s The outstanding anti war influences have been war poets subalterns trench memoirs the book and film of All Quiet on the Western Front and the play Journey's End For a new generation in the 1960s the play and film of Oh What a Lovely War had a dramatic effect while more recently Blackadder has been dominant Until more recently historians had either reinforced the myths or had failed to counter them This book follows the intense controversy from 1918 to the present and concludes that historians are at last permitting the First World War to be placed in proper perspective *Modernism and Nostalgia* T. Clewell, 2013-07-29 This book addresses the multiple meanings of nostalgia in the literature of the period Whether depicted as an emotion remembrance or fixation these essays demonstrate that the nostalgic impulse reveals how deeply rooted in the damaged the old and the vanishing were the variety of efforts to imagine and produce the new the distinctly modern *Oscar Wilde, Wilfred Owen, and Male Desire* James Campbell, 2015-09-08 This book reads Oscar Wilde as a queer theorist and Wilfred Owen as his symbolic son It centers on the concept of male procreation or the generation of new ideas through an erotic but non physical connection between two men and it sees Owen as both a product and a continuation of this Wildean tradition War on the Silver Screen GLEN JEANSONNE, DAVID LUHRSEN, 2014-10-01 Americans have been almost constantly at war since 1917 In addition to two world wars the United States has fought proxy wars propaganda wars and a war on terror among others But even with the constant presence of war in American life much of what Americans remember about those conflicts comes from Hollywood depictions In *War on the Silver Screen* Glen Jeansonne and David Luhrssen vividly demonstrate how war movies have burned the images and impressions of those wars onto the American psyche more concretely than has the reality of the wars themselves That is our feelings about wars are generated less by what we learn through study and discourse than by powerful cinematic images and dialogue Films are compressed intense and immediate and often a collective experience rather than a solitary one Actors and drama provide the visceral impact necessary to form perceptions of history that are much more enduring than those generated by other media or experiences *War on the Silver Screen* draws on more than a century of films and history including classics such as *All Quiet on the Western Front* *Apocalypse Now* and *The Hurt Locker* to examine the legacy of American cinema on twentieth and twenty first century attitudes about war **Touch and Intimacy in First World War Literature** Santanu Das, 2006-04-06 The First World War ravaged the male body on an unprecedented scale yet fostered moments of physical intimacy and tenderness among the soldiers in the trenches Touch the most elusive and private of the senses became central to war experience War writing is haunted by experiences of physical contact from the muddy realities of the front to the emotional intensity of trench life to the traumatic obsession with the wounded body in nurses memoirs Through extensive archival and historical research analysing previously unknown letters and diaries alongside literary writings by figures such as Owen and Brittain Santanu Das recovers the sensuous world of the

First World War trenches and hospitals This original and evocative study alters our understanding of the period as well as of the body at war and illuminates the perilous intimacy between sense experience emotion and language as we try to make meaning in times of crisis **In Time's eye** Jan Montefiore, 2016-05-16 Challenging received opinion and breaking new ground in Kipling scholarship these essays on Kipling's attitudes to the First World War to the culture of Edwardian England to homosexuality and to Jewishness bring historical literary critical and postcolonial approaches to this perennially controversial writer The Introduction situates the book in the context of Kipling's changing reputation and of recent Kipling scholarship After the perspectives of Chesterton 1905 Orwell 1942 and Jarrell 1960 newer contributions address Kipling's approach to the Boer war his involvement with World War One his Englishness and the politics of literary quotation Different aspects of Kipling's relation to India are explored including the Mutiny Eastern religions his Indian travel writings and his knowledge of the vernacular This collection whose contributors include Hugh Brogan Dan Jacobson Daniel Karlin and Bryan Cheyette is essential reading for academics and students of Kipling Victorian and Edwardian English literature and cultural history

Recognizing the habit ways to acquire this books **Siegfried Sassoon The Making Of A War Poet A Biography 1886 1918** is additionally useful. You have remained in right site to start getting this info. acquire the Siegfried Sassoon The Making Of A War Poet A Biography 1886 1918 partner that we have the funds for here and check out the link.
