Explores the relation between humility and humiliation in the works of T S Eliot and Samuel Beckett
 Offers the first book length comparative study of T S Eliot and Samuel Beckett
 Develops a literary theory of humility and humiliation concepts whose definitions have largely been determined by philosophy and theology
 Explores the relation between negative affect ethics and aesthetics
 Humility and humiliation have an awkward often unacknowledged intimacy Humility may be a queenly cardinal or monkish virtue while humiliation points to an affective state at the extreme end of shame Yet a shared etymology links the words to lowliness and further down to the earth As this study suggests like the terms in question T S Eliot and Samuel Beckett share an imperfect likeness Between them is a common interest in states of abjection shame and suffering and possible responses to such states Tracing the relation between negative affect ethics and aesthetics Eliot and Beckett's Low Modernism demonstrates how these two major modernists recuperate the affinity between humility and humiliation concepts whose definitions have largely been determined by philosophy and theology
