Metropolis Its People Politics And Economic Life:

The Metropolis, Its People, Politics, and Economic Life John Constantinus Bollens, Henry J. Schmandt, 1982 *The Metropolis* John Constantinus Bollens, 1970 **Civic Virtues** Richard Dagger, 1997 Dagger argues for a republican liberalism that while celebrating the liberal heritage of autonomy and rights solidly places these within social relations and obligations which while ubiquitous are often obscured and forgotten *Governing Metropolitan Areas* David K. Hamilton, 2014-04-24 Interest and research on regionalism has soared in the last decade Local governments in metropolitan areas and civic organizations are increasingly engaged in cooperative and collaborative public policy efforts to solve problems that stretch across urban centers and their surrounding suburbs Yet there remains scant attention in textbooks to the issues that arise in trying to address metropolitan governance *Governing Metropolitan Areas* describes and analyzes structure to understand the how and why of regionalism in our global age The book covers governmental institutions and their evolution to governance but with a continual focus on institutions David Hamilton provides the necessary comprehensive in depth description and analysis of how metropolitan areas and governments within metropolitan areas developed efforts to restructure and combine local governments and governance within the polycentric urban region This second edition is a major revision to update the scholarship and current thinking on regional governance While the text still provides background on the historical development and growth of urban areas and governments efforts to accommodate the growth of metropolitan areas this edition also focuses on current efforts to provide governance through cooperative and collaborative solutions There is also now extended treatment of how regional governance outside the United States has evolved and how other countries are approaching regional governance **Polycentricity and Local Public Economies** Michael Dean McGinnis, 1999 Theory and empirical work on the organization of metropolitan government **GOVERNING METROPOLITAN INDIANAPOLIS** C. JAMES. WILLBERN OWEN (YORK.), 2021 **Governing Metropolitan Indianapolis** C. James Owen, York Willbern, 2023-04-28 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1975 **Substate Regionalism and the Federal System** United States. Advisory Commission on Intergovernmental Relations, 1973 **Regional Decision Making: New Strategies for Substate Districts** United States. Advisory Commission on Intergovernmental Relations, 1973
