**Michel de Saint Pierre** David O'Connell,1990      Michel de Saint Pierre David O'Connell,1990      *The Modern Catholic Novel in Europe* Theodore P. Fraser,1994 The traditional Catholic novel Fraser argues was built on a set of deeply held religious convictions that there was a hidden God as identified by Pascal and that this God pursued the erring soul The Hound of Heaven in Francis Thompson's metaphor that there was an essential Augustinian antagonism between flesh and spirit that the suffering of one individual however unjust could serve the purpose in the divine economy of redeeming the soul of another and that the Catholic world of sign and symbol reflects another invisible reality      **Simone de Beauvoir Revisited** Catharine Savage Brosman,1991 Series Editors Bernth Lindfors University of Texas at Austin Robert Lecker McGill University David O'Connell Georgia State University David William Foster Arizona State University Janet P rez Texas Tech University TWAYNES UNITED STATES AUTHORS ENGLISH AUTHORS and WORLD AUTHORS Series present concise critical introductions to great writers and their works Devoted to critical interpretation and discussion of an authors work each study takes account of major literary trends and important scholarly contributions and provides new critical insights with an original point of view An Authors Series volume addresses readers ranging from advanced high school students to university professors The book suggests to the informed reader new ways of considering a writers work A reader new to the work under examination will after reading the Authors Series be compelled to turn to the originals bringing to the reading a basic knowledge and fresh critical perspectives      *The French Theater of the Absurd* Deborah B. *South Atlantic Review* ,1991      **François Mauriac Revisited** David O'Connell,1995 In this new entry in Twayne's World Authors Series David O'Connell provides an exceptionally well written jargon free introduction to Mauriac a thoroughly updated rendition of Maxwell Smith's well received Francois Mauriac 1970 Drawing on a trove of primary source material that has become available in the interim O'Connell focuses on the people and events influencing Mauriac's personal life and how these were manifested in his writings Organizing his material partly chronologically and partly by genre O'Connell surveys the writer's major accomplishments and occasional failings he sheds much needed light on such developments as the spiritual crisis Mauriac underwent in 1927-30 and the writer's shift from supporter of right wing causes to leading spokesman for the Resistance during World War II Observing that Mauriac's influence at home and abroad was enormous during his lifetime and that since his death no Catholic writer of comparable stature has emerged to replace him O'Connell underscores Mauriac's enduring place in world literature Readers seeking a first rate guide to this cardinal writer need look no further than Francois Mauriac Revisited      **Emile Zola Revisited** William J. Conroy,1992 Montesquieu 1689 1755 was one of the major figures of the French Enlightenment He was a widely travelled man unusual in those days for French intellectuals and like de Tocqueville a century later he brought his magnificent powers of observation to bear on what he had seen Credited as one of the principal inventors of what we today call political science

Montesquieu is primarily known to English speaking readers by the great work *De l'esprit des lois* Spirit of the Laws But *Les Lettres Persanes* The Persian Letters is still required reading in French lycees and universities and is considered as much a literary work as a political treatise In *Montesquieu Revisited* Peter V Conroy Jr reevaluates Montesquieu as a fully fledged homme de lettres no longer merely a political social and economic commentator Conroy offers detailed readings of The Persian Letters and Spirit of the Laws as well as an explication of three important but largely overlooked works *Voyages in Europe* *Considerations on the Romans* and *My Thoughts* In his discussion of these works Conroy shows what is unique and original in Montesquieu his theory of climate and its effect on civilization his desire to show the impact of values and attitudes upon historical events his narrative strategies and his constant analytical bent Montesquieu emerges as a more complex figure than the conventional view of him as exemplar of the age of reason in fact as a more truly modern author

*Aimé Césaire* Janis L. Pallister, 1991 A pioneer of the negritude movement the French Caribbean poet playwright and essayist Aime Césaire invested even his most lyrical writing with a call for revolution and change in a prejudiced and flawed world The narrator of his landmark work the 1939 epic poem *Cahier d'un retour au pays natal* bitterly confronts the squalor and spiritual deprivation of his homeland Martinique In this intense often hermetic poem the cosmopolitan protagonist s search for identity leads him back to his origins and to a revalorization of black pride Césaire s equally engaging plays focus on decolonization primarily the point at which black progressive leaders face reactionary opposition among the newly autonomous black people Césaire s preoccupation with the ideal black man the culture hero prompted his dramatic retelling of the stories of such tragic figures as the Haitian revolutionary Toussaint Louverture the Haitian king Henri Christophe and the Congolese leader Patrice Lumumba all of whom experienced an eminent rise to power

and then a sudden fall In this first English language study of Césaire's poetry collections plays and notable essays Janis L. Pallister looks at the author in the context of the groundbreaking negritude and surrealism movements to which most of his writing adheres Approaching Césaire's work chronologically and assuming little or no knowledge of French on the part of the reader Pallister examines the two dominant themes of Césaire's work the need for revolution and the paradoxes of decolonization and explores Césaire's struggle to reconcile his art with the demands of a political agenda he has been mayor of Fort de France and a deputy to the French National Assembly Pallister analyzes Césaire's works as products of a particular human condition both in a historical context and in that of the twentieth century social cultural and political milieu to which they pertain and assesses the critical trends that have arisen in connection with this influential poet journal editor and politician For the student seeking a comprehensive introduction to Césaire or the seasoned scholar in want of a handy reference this study should prove invaluable
