Glittering Decades Nayantara Pothan,2012-01-30 New Delhi was purpose built to trumpet the supremacy of the British Raj and inaugurated in 1931 Instead it came to represent a fading imperial dream in the two decades that followed In the heyday of the British Raj strict social and racial hierarchies governed the social life of the city s ruling elites And the frivolity of New Delhi s high society was kept in check by a faithful adherence to etiquette and protocol in everyday life For example the sixteen button glove at a formal viceregal dinner party was of great importance as a means of maintaining the authority of the Raj But the 1930s and 1940s were a period of transition The political shifts associated with India s journey to self government echoed in the social codes of conduct adopted by the Indian elites of New Delhi and undermining the Raj s pomp became a legitimate means of challenging its authority Closely examining the role of social ritual interaction and behaviour in the shaping of the city and its elite groups *Glittering Decades* tells the story of New Delhi and its privileged inhabitants

between 1931 and 1952 **A Map of Longings** Manan Kapoor,2023-02-28 The beautifully written first biography of one of the world's finest twentieth century poets Agha Shahid Ali 1949-2001 was one of the most celebrated American poets of the latter twentieth century and his works have touched millions of lives around the world Traversing multiple geographies, cultures, religions, and traditions, he mapped the varied landscapes of the Indian subcontinent and the United States In this biography, Manan Kapoor narrates Shahid's evolution following in the footsteps of the Beloved Witness from Kashmir and New Delhi to the American Southwest and Massachusetts He charts Shahid's friendships with literary figures such as James Merrill, Salman Rushdie, and Edward Said, explores how Shahid responded to events around the world including the partition of the Indian subcontinent and the AIDS epidemic in America, and draws on unpublished materials and in-depth interviews to reveal the experiences and relationships that informed his poetry Hailed upon its release in India as lush and poetic, *A Map of Longings* is the story of an extraordinary poet, the works he left behind, and the legacy of his singular poetic vision [The Art of Freedom](#) Nico Slate,2024-07-15 Kamaladevi Chattopadhyay 1903-1988 was a prominent socialist, anticolonial, and antiracist activist, champion of women's rights, and advocate for the arts and crafts Defying the borders of gender, nation, and race, her efforts spanned social movements and played a leading role in the creation of modern India and the development of the Global South In *The Art of Freedom*, Nico Slate showcases new archival materials to document Kamaladevi's campaign to become the first woman elected to provincial office, her confrontation with Gandhi that helped open the salt protests of 1930 to women, her leadership of the All India Women's Conference and the Congress Socialist Party, her pioneering work with refugees during the Partition of India in 1947, the major impact she had on the arts in postcolonial India, and her own career on the stage and screen Slate also draws upon underexplored details from her personal life, providing new context for her experiences as a child widow, her remarriage to the mercurial actor-poet Harin Chattopadhyay, and her divorce among the first civil divorces in modern India Taken as a whole, Kamaladevi's life offers a uniquely revealing vantage point on the making of modern India, a vantage point that centers the interconnections between struggles often seen as distinct and that reminds us of the full promise of Indian democracy **Citizen Refugee** Udit Sen,2018-08-30 This innovative study explores the interface between nation building and refugee rehabilitation in post-partition India Relying on archival records and oral histories, Udit Sen analyses official policy towards Hindu refugees from eastern Pakistan to reveal a pan-Indian governmentality of rehabilitation This governmentality emerged in the Andaman Islands where Bengali refugees were recast as pioneering settlers Not all refugees, however, were willing or able to live up to this top-down vision of productive citizenship Their reminiscences reveal divergent negotiations of rehabilitation from below Educated refugees from dominant castes mobilised their social and cultural capital to build urban squatters' colonies, while poor Dalit refugees had to perform the role of agricultural pioneers to access aid Policies of rehabilitation marginalised single and widowed women by treating them as permanent liabilities These rich case studies dramatically expand our understanding of popular politics and everyday

citizenship in post partition India *Debating Women's Citizenship in India, 1930-1960* Annie Devenish, 2021-12-30

Debating Women's Citizenship 1930-1960 is about the agency of Indian feminists and nationalists whose careers straddle the transition of colonial India to an independent India. It addresses some of the critical aspects of the encounter, engagement and dialogue between the Indian state and its women citizens in particular how this generation conceptualised the relationship between citizenship, equality and gender justice and the various spheres in which the meaning and application of this citizenship was both broadened and narrowed, renegotiated and pursued. The book focuses on a cohort of nationalists and feminists who were leading members of the All India Women's Conference (AIWC) and the National Federation of Indian Women (NFIW). Drawing on the richness and depth of life histories through autobiography and oral interviews together with archival research, this book excavates the mental products of these women's lives: their ideas, their writings and their discourse to develop a deeper and more nuanced understanding of the feminist political personas of this generation and how these personas negotiated the political and social terrains of their time. The book attempts to produce a new picture of this era, one in which there was far more activity and engagement with the state and with civil society on the part of this generation than previously acknowledged.

Militant Publics in India A. Valiani, 2011-11-11. The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008. The *Encyclopedia of Women in World History* captures the experiences of women throughout world history in a comprehensive 4 volume work. Although there has been extensive research on women in history by region, no text or reference work has comprehensively covered the role women have played throughout world history. The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe. Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical, social or demographic change in which women have not been involved and by which their lives have not been affected. The *Oxford Encyclopedia of Women in World History* benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical, social and demographic changes. The *Encyclopedia* contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies, geography and history, comparative culture and society, including adoption, abortion, performing arts, organizations and movements such as the Egyptian Uprising and the Paris Commune, women's and gender studies, and topics in world history that include slave trade, globalization and disease. With its rich and insightful entries by leading scholars and experts, this reference work is sure to be a valued go-to resource for scholars, college and high school students, and general
