Nehalem Tillamook An Ethnography:

The Nehalem Tillamook Elizabeth Derr Jacobs, 2003 In 1933 and 1934 Elizabeth Jacobs advised by her husband the noted anthropologist Melville Jacobs conducted fieldwork on the Nehalem Tillamook culture of northwestern Oregon Working with her extraordinarily able Nehalem Tillamook consultant Clara Pearson Jacobs recorded extensive ethnographic and folkloric materials that far surpass in quality and quantity the Tillamook research of previous investigators Jacobs collaboration with Pearson eventually resulted in the publication of *Nehalem Tillamook Tales* an exceptional collection of myths and tales recorded in English But the companion ethnography was never finished The *Nehalem Tillamook* grew from that unfinished manuscript First in consultation with Elizabeth Jacobs the manuscript was expanded and extensively edited by William Seaburg After Elizabeth Jacobs death in 1983 Seaburg added careful annotations and a detailed historical introduction The result is a remarkable book that fills an important gap in what was previously known about Northwest Coast native cultures This is the first book length ethnography of any Western Oregon native group and it will be invaluable for drawing comparisons with other Northwest Coast native cultures especially in the areas of female roles world view and social expressions of supernaturalism *Nehalem Tillamook Tales* Clara Pearson, Elizabeth Derr Jacobs, 1959 *Nehalem, Oregon*

Indians twenty seven tribes speaking at least ten languages were brought together on the Oregon Coast through treaties with the federal government in 1853 55 For decades after the Siletz people lost many traditional customs saw their languages almost wiped out and experienced poverty killing diseases and humiliation Again and again the federal government took great chunks of the magnificent timber rich tribal homeland a reservation of 1 1 million acres reaching a full 100 miles north to south on the Oregon Coast By 1956 the tribe had been terminated under the Western Oregon Indian Termination Act selling off the remaining land cutting off federal health and education benefits and denying tribal status Poverty worsened and the sense of cultural loss deepened The Siletz people refused to give in In 1977 after years of work and appeals to Congress they became the second tribe in the nation to have its federal status its treaty rights and its sovereignty restored Hand in glove with this federal recognition of the tribe has come a recovery of some land several hundred acres near Siletz and 9 000 acres of forest and a profound cultural revival This remarkable account written by one of the nation s most respected experts in tribal law and history is rich in Indian voices and grounded in extensive research that includes oral tradition and personal interviews It is a book that not only provides a deep and beautifully written account of the history of the Siletz but reaches beyond region and tribe to tell a story that will inform the way all of us think about the past Watch the book trailer <https://www.youtube.com/watch?v=NEtAIGxp6pc>
