Newsday

Christmas Journey Douglas Wirth, 2019-03-27 The Nativity Stories were hidden gems in antiquity and they remain largely unexplored today Though they appear first in the gospels of Matthew and Luke they were among the last pieces of the puzzle of Christ s life to be revealed to the public The evidence shows that during the three year ministry of

Jesus none of his followers knew about the extraordinary events related in the birth narratives The claim of his virginal conception the most highly charged and hardest to substantiate of all the assertions made about Jesus was held in reserve until decades after his death and resurrection The publication of the Nativity Stories around AD 80 helped to complete the church's portrait of Jesus Christ Today the Nativity Stories are usually saved for Advent but since this is such a busy time of year these scriptures are seldom explored in depth This engaging study takes readers on a journey of daily Readings and Reflections in Matthew 1:2 and Luke 1:2 The spiritual riches of the Nativity Stories are revealed through a survey of issues about their impact on our understanding of the divine human nature of Jesus Also highlighted is the influential role of the birth narratives on the church's theology in the period prior to the emergence of Christmas in the fourth century With a wealth of enlightening discoveries awaiting readers Christmas Journey is sure to become a meaningful part of their yearly Advent tradition

Disciplinary and Dissent in Cultural Studies Cary Nelson, Dilip Gaonkar, 2013-10-28 First published in 1996 As recently as the early 1990s people wondered what was the future of cultural studies in the United States and what effects its increasing internationalization might have What type of projects would cultural studies inspire people to undertake Would established disciplines welcome its presence and adapt their practices accordingly *Disciplinary and Dissent in Cultural Studies* answers such questions It is now clear that while striking and innovative work is underway in many different fields most disciplinary organizations and structures have been very resistant to cultural studies Meanwhile cultural studies has been subjected to repeated attacks by conservative journalists and commentators in the public sphere Cultural studies scholars have responded not only by mounting focused critiques of the politics of knowledge but also by embracing ambitious projects of social political and cultural commentary by transgressing all the official boundaries of knowledge in a broad quest for cultural understanding This book tracks these debates and maps future strategies for cultural studies in academia and public life The contributors to *Disciplinary and Dissent in Cultural Studies* include established scholars and new voices In a series of polemic and exploratory essays written especially for this book they track the struggle with cultural studies in disciplines like anthropology literature and history and between cultural studies and very different domains like Native American culture and the culture of science Contributors include Arjun Appadurai Michael Denning Lawrence Grossberg Cary Nelson Constance Penley Andrew Ross and Lynn Spigel

'Being Towards Death' Sylvie Avakian, 2021-04-19 This book draws the philosophical contribution of Martin Heidegger together with theological spiritual insights from the East especially that of Nikolai Berdyaev Thus it brings into dialogue the West with the East and philosophy with theology By doing so it offers Christian theology an existential spiritual language that is relevant and meaningful for the contemporary reader In particular the work explores Heidegger's being towards death *Sein zum Tode* as the basis for theological philosophical thinking Only the one who embraces being towards death has the courage to think and poetize This thinking in turn makes being towards death possible and in this circular movement of thinking and being the mystery of

being reveals itself and yet remains hidden Since the work aims at demonstrating being towards death through language it transitions away from the common formulations and traditionally accepted ways of writing dogmatic theology towards an original philosophical reflection on faith and spirituality At different points however the work also retrieves the profound thoughts and theologies of the past the insightful creativity of which cannot be denied *Anthology of Romanticism* Ernest Bernbaum, 1929
