Nursing Stories:

The Call of Nursing William B. Patrick, 2013-05-30 The Call of Nursing is not a typical book about nurses. It takes us behind the curtain of silence that often hangs between us, the patients who rely on the health care system and the women and men who form the backbone of that system and who are entrusted with our intimate care. It lets us hear why nurses today do what they do and it allows those nurses to show us in their own words what has mattered most to them in their professional careers. The twenty-three intimate self-portraits in The Call of Nursing help us see more clearly the kinds of challenges nurses face and accept on a routine basis and offer a rare glimpse into lives of women and men committed to care and service. Foreword Magazine 2013 Book of the Year Finalist. Education

Angels in Disguise Dolores H. McNany EdD RN, 2011-07 School nurses serve on the front lines of the everyday struggle for our children's health, yet they are often perceived as little more than glorified dispensers of bandages. This false perception held by many parents, officials, and administrators does a serious disservice to this dedicated group of health professionals. Angels in Disguise tells the oral history of school nursing through the eyes, ears, and hearts of school nurses serving throughout the United States. By sharing their personal experiences, these nurses illustrate their love and compassion and throw the doors wide open on this often undervalued profession, enabling readers to see into their world and understand how much they truly care for the children they treat. This collection of heartwarming stories offers unique insight into the daily responsibilities and duties of school nurses and serves to raise public awareness of the dedication, leadership, and exemplary pediatric health care provided by the

devoted women and men who care for America's schoolchildren. The sophisticated medical health care required in schools today can only be delivered by qualified professional school personnel and that challenge is met by having a school nurse in every school facility.

Nursing Shorts: Stories About Being a Nurse by a Nurse Vennie Anderson, 2021-10-03. Stories About Nursing by a Nurse is the subtitle of *Nursing Shorts* and a perfect brief description of this fascinating book. From her first tentative hospital experiences as a volunteer to her final thirteen years of paid employment at a Department of Veterans Affairs Medical Center, Anderson brings us along as she remembers, relives, and writes about her career as a registered nurse. A sixteen-year-old girl bathes a dead man to prepare him for the funeral home. Student nurses wait apprehensively while police search for a mass murderer. A disabled child is badly beaten and dies with no one held accountable for the beating. A cruel doctor blames his own patient for her stillborn child. A belligerent drunk threatens those who are trying to help him. A desperate, depressed veteran locks himself into a bathroom and commits suicide. Some stories may shock and surprise you. Some may make you happy, sad, or angry. Humor and tragedy exist side by side in these captivating stories. Compassion, humor, and honesty give the ring of truth and reality to this extraordinary career-based memoir. Of herself and fellow nurses, Anderson says, "Nursing isn't what we do; it's who we are."
