Perspectives On Maimonides Philosophical And Historical Studies:

Perspectives on Maimonides Joel L. Kraemer, 1991-01-01 Leading scholars have combined forces to produce this volume on the philosophy and legal views of Moses Maimonides 1138 1204 and the historical context in which he worked The philosophical section examines Maimonides ethical doctrine his paradoxical life style his Guide of the Perplexed his attitude to mysticism his use of language and his theory of astronomy The legal section deals with law and medicine the relation of Maimonides legal thought to the Talmud his doctrine of a just war and his theory of redemption and Messianism The history section examines Maimonides accession to the position of head of the Jewish community in its historical context at the time of the rise of the Ayyubid dynasty under Saladin

Perspectives on Maimonides, 1990

Shared Identities Aaron W. Hughes, 2017-08-02 Received opinion imagines two distinct religions Judaism and Islam interacting in the centuries immediately following the death of Muhammad in the early seventh century Tradition describes these relations using the trope of symbiosis In this revisionist study Aaron W Hughes instead argues that various porous groups neither fully Muslim nor Jewish exploited a shared terminology to make sense of their social worlds in response to the rapid process of Islamicization

History of Islamic Philosophy Seyyed Hossein Nasr, Oliver Leaman, 2013-03-07 Islamic philosophy has often been treated as being largely of historical interest belonging to the history of ideas rather than to philosophical study This volume successfully overturns that view Emphasizing the living nature and rich diversity of the subject it examines the main thinkers and schools of thought discusses the key concepts of Islamic philosophy and covers a vast geographical area This indispensable reference tool includes a comprehensive bibliography and an extensive index

Abraham Abulafia's Esotericism Moshe Idel, 2020-10-12 This book focuses on Abraham Abulafia's esoteric thought in relation to Maimonides Maimonideans and Islamic thought in the line of Leo Strauss theory of the history of philosophy A survey of Abulafia's sources leads into an analysis of the esoteric meaning on the famous parable of the three rings considering also the possible connection between this parable which Abulafia inserted into a book dedicated to his student the 13th century rabbi Nathan the Wise and the Lessing's Play Nathan the Wise The book also examines Abulafia's universalistic understanding of the nature of the Bible the Hebrew language and the people of Israel or the Sinai revelation The universal aspects of Abulafia's thought have been put in relief against the more widespread Kabbalistic views which are predominantly particularistic A number of texts have also been identified here for the first time as authored by Abulafia

The Virtue Ethics of Levi Gersonides Alexander Green, 2016-11-29 This book argues that Levi Gersonides articulates a unique model of virtue ethics among medieval Jewish thinkers Gersonides is recognized by scholars as one of the most innovative Jewish philosophers of the medieval period His first model of virtue is a response to the seemingly capricious forces of luck through training in endeavor diligence and cunning aimed at physical self preservation His second model of virtue is altruistic in nature It is based on the human imitation of God as creator of the laws of the universe for no self interested benefit leading humans to

imitate God through the virtues of loving kindness grace and beneficence Both these models are amplified through the institutions of the kingship and the priesthood which serve to actualize physical preservation and beneficence on a larger scale amounting to recognition of the political necessity for a division of powers **The Gift of the Land and the Fate of the Canaanites in Jewish Thought** Katell Berthelot, Joseph E. David, Marc Hirshman, 2014-04 A compelling analysis of Jewish thought from ancient times to the present on the issue of the gift of the land of Israel and the fate of the Canaanites

'Our Place in al-Andalus' Gil Anidjar, 2002 This book offers a reading of Andalusi Jewish and Arabic texts that represent the 12th and 13th centuries as the end of el Andalus Islamic Spain **Just War in Comparative Perspective** Paul Robinson, 2017-03-02 This timely book analyses how different nations religions and cultures justify the waging of war and what limits they place on its use The study includes the major world religions such as Christianity Judaism and Islam and specific countries and regions including Russia China and Africa The case studies shed new light on the causes and justifications of current conflicts providing a valuable source for those wishing to understand how different people around the world view the issue of war The book crosses disciplinary boundaries and thus will be welcomed by scholars of international relations philosophy religion and history

Images of Torah: From the Second-Temple Period to the Middle Ages Jeong Mun. Heo, 2023-06-26 This book explores the way that the Torah was appreciated and interpreted as a text and symbol in Christian and Jewish sources from the Second Temple period through the Middle Ages It tracks the development and complex interactions of three images of Torah God like Angelic and Messianic which are found in late antique Jewish and Christian materials as well as in medieval kabbalistic and Jewish philosophic sources It provides a unique template for tracing the development of theological ideas related to the images of Torah and offers a sophisticated and innovative analysis of the relationship between mystical experience theology and phenomenology **Mystical Bodies, Mystical Meals** Joel Hecker, 2005-04-20 Mystical Bodies Mystical Meals is the first book length study of mystical eating practices and experiences in the kabbalah Focusing on the Jewish mystical literature of late thirteenth century Spain author Joel Hecker analyzes the ways in which the Zohar and other contemporaneous literature represent mystical attainment in their homilies about eating What emerges is not only consideration of eating practices but more broadly the effects such practices and experiences have on the bodies of its practitioners **Medieval Philosophy and the Classical Tradition** John Inglis, 2005-10-09 An initial chapter on the history of Islamic philosophy sets the stage for sixteen articles on issues across the three traditions The goal is to see the Islamic tradition in its own richness and complexity as the context of most Jewish intellectual work **Uses and Abuses of the Classics** Jorge J. E. Gracia, Jiyuan Yu, 2017-11-22 From very early on Western philosophers have been obsessed with the understanding of a relatively few works of philosophy which have played a disproportionately large and fundamental role in developing the Western philosophical canon dominating the curriculum in the past and in the present there is no indication that they will not do so in the future Uses and Abuses of the Classics examines the various ways in

which the different periods of the history of philosophy have approached these texts The editors have chosen for analysis some of the major philosophers from periods of the history of philosophy in which the interpretation of the classics has been particularly significant Contributions to this book include entries on Aristotle s reading of Plato Averroes on Aristotle Nietzsche on the Beginnings of Western Philosophy and Thomas Aquinas s Commentary on Aristotle s Metaphysics The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history **Scepticism and Anti-Scepticism in Medieval Jewish Philosophy and Thought** Racheli Haliva, 2018-09-24 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies **Absorbing Perfections** Moshe Idel, 2008-10-01 In this wide ranging discussion of Kabbalah from the mystical trends of medieval Judaism to modern Hasidism one of the world s foremost scholars considers different visions of the nature of the sacred text and of the methods to interpret it Moshe Idel takes as a starting point the fact that the postbiblical Jewish world lost its geographical center with the destruction of the temple and so was left with a textual center the Holy Book Idel argues that a text oriented religion produced language centered forms of mysticism Against this background the author demonstrates how various Jewish mystics amplified the content of the Scriptures so as to include everything the world or God for example Thus the text becomes a major realm for contemplation and the interpretation of the text frequently becomes an encounter with the deepest realms of reality Idel delineates the particular hermeneutics belonging to Jewish mysticism investigates the progressive filling of the text with secrets and hidden levels of meaning and considers in detail the various interpretive

strategies needed to decodify the arcane dimensions of the text *Faith and Reason in the Reformations* Terence J. Kleven, 2021-12-06 The five hundredth anniversary of the Protestant Reformation reawakened a long standing and spirited conversation between philosophic science and religious faith a conversation which continues to have consequences on how we understand both science and faith This book brings scholars together to reflect on the topic of the Protestant Reformation as well as the Roman Catholic Counter Reformation the nature of science and the unity of the Church Five chapters in this collection represent five distinct theological formulations within Christianity the other seven chapters are from a variety of historic philosophic and theological starting points on the topic These twelve accounts range from theologies informed by the Classical Philosophy of Plato and Aristotle medieval Jewish and Roman Catholic writers Moses Maimonides and Thomas More writers of the Protestant Reformation Martin Luther John Calvin Richard Hooker and William Shakespeare the founders of modern science Francis Bacon and T H Huxley and the modern day theologies of Abraham Kuyper Flannery O Connor H R Niebuhr and Dietrich Bonhoeffer *The Cambridge History of Moral Philosophy* Sacha Golob, Jens Timmermann, 2017-12-31 With fifty four chapters charting the development of moral philosophy in the Western world this volume examines the key thinkers and texts and their influence on the history of moral thought from the pre Socratics to the present day Topics including Epicureanism humanism Jewish and Arabic thought perfectionism pragmatism idealism and intuitionism are all explored as are figures including Aristotle Boethius Spinoza Hobbes Hume Kant Hegel Mill Nietzsche Heidegger Sartre and Rawls as well as numerous key ideas and schools of thought Chapters are written by leading experts in the field drawing on the latest research to offer rigorous analysis of the canonical figures and movements of this branch of philosophy The volume provides a comprehensive yet philosophically advanced resource for students and teachers alike as they approach and refine their understanding of the central issues in moral thought *After Revelation* Marc Herman, 2025-08-05 Reveals how medieval Jews developed religious law through contact with their Muslim neighbors After Revelation is the first study to integrate Jewish legal thought in the medieval Islamic world into its larger environment Here Marc D Herman demonstrates that Jews were fully conversant in their contemporaries ideas about revelation law and legal interpretation Bookended by the two luminaries of medieval Judaism Saadia Gaon and Moses Maimonides After Revelation is a comprehensive analysis of the legal theory that medieval Jews produced in Islamic lands mostly in Arabic and reveals previously unrecognized commonalities between Jewish and Islamic constructions of religious law Herman tackles one of the central doctrines of post biblical Judaism that God had supplemented the written Hebrew Bible with an Oral Torah a claim that remains central to Judaism to this day Following this idea from Baghdad to Kairouan to Cordoba and then to Cairo he shows that the Oral Torah took many new forms in the medieval Islamic world The variegated and fluid presentations of the Oral Torah Herman argues were inexorably embedded in society wide discourses that blithely crossed religious borders He proposes a highly regional perspective on Jewish history in place of the closed communities so often imagined in the histories of Jews and Muslims one

that centers contacts with Muslims as much as continuities with earlier Jewish communities He emphasizes too that medieval Judaism is unimaginable without Jewish interactions with Muslims Ultimately *After Revelation* makes plain that medieval Judaism took the shapes that it did largely because of forces far outside of itself *Beloved David—Advisor, Man of Understanding, and Writer* Naftali S. Cohn, Katrin Kogman-Appel, 2024-06-07 This volume brings together the latest scholarship on Jewish literary products and the ways in which they can be interpreted from three different perspectives In part 1 contributors consider texts as literature as cultural products and as historical documents to demonstrate the many ways that early Jewish rabbinic and modern secular Jewish literary works make meaning and can be read meaningfully Part 2 focuses on exegesis of specific biblical and rabbinic texts as well as medieval Jewish poetry Part 3 examines medieval and early modern Jewish books as material objects and explores the history functions and reception of these material objects Contributors include Javier del Barco Elisheva Carlebach Ezra Chwat Evelyn M Cohen Naftali S Cohn William Cutter Yaacob Dweck Talya Fishman Steven D Fraade Dalia Ruth Halperin Martha Himmelfarb Marc Hirshman Tamar Kadari Israel Knohl Susanne Klingenstein Katrin Kogman Appel Jon D Levenson Paul Mandel Annett Martini Jordan S Penkower Annette Yoshiko Reed Jeffrey L Rubenstein Shalom Sabar Raymond P Scheindlin Seth Schwartz Sarit Shalev Eyni Moshe Simon Shoshan Peter Stallybrass Josef Stern Barry Scott Wimpfheimer Elliot R Wolfson Azzan Yadin Israel and Joseph Yahalom
