Raf Nuclear Deterrent Forces Their Origins Roles And Deployment 1946 1969 A Documentary History:

Ambiguity and Deterrence John Baylis,1995 This text focuses on the disagreements which existed in British political and military circles over nuclear strategy directly after World War II Based on recently released documents it argues that British policy in this important area was much more ambiguous than is commonly supposed The Cambridge History of the Cold War: Volume 1, Origins Melvyn P. Leffler,Odd Arne Westad,2012-01-26 This volume examines the origins and early years of the Cold War In the first comprehensive reexamination of the period a team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period and discusses how markets ideas and cultural interactions affected political discourse diplomacy and strategy after World War II The chapters focus not only on the United States and the Soviet Union but also on critical regions such as Europe the Balkans and East Asia The authors consider the most influential statesmen of the era and address issues that mattered to people around the globe food nutrition and resource allocation ethnicity race and religion science and technology national autonomy self determination and sovereignty In so doing they illuminate how people worldwide shaped the evolution of the increasingly bipolar conflict and in turn were ensnared by it **The British Nuclear Experience** John Baylis,Kristan Stoddart,2015 Based on a detailed analysis of archives and high level interviews this book looks at the role of beliefs culture and identity in the making of British nuclear policy from 1945 through to the present day This book also examines Britain s nuclear experience by moving away from traditional interpretations of why states develop and maintain nuclear weapons by adopting a more contemporary approach to political theory Traditional mainstream explanations tend to stress the importance of factors such as the maximization of power the pursuit of national security interests and the role of structure in a largely anarchic international system This book does not dismiss these approaches but argues that British experience suggests that focusing on beliefs culture and identity provides a more useful insight and distinctive interpretation into the process of British nuclear decision making than the more traditional approaches **RAF Nuclear Deterrent Forces** Humphrey Wynn,1997 **Reader's Guide to Military History** Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations *Nuclear Command and Control Norms* Salma Shaheen,2018-09-28 This book offers a new analytical framework for studying nuclear command and control C2 based on a comparative study of four nuclear weapons states NWS The subject of nuclear operations management has long been shrouded in secrecy and whilst the importance of nuclear C2 cannot be disputed there are few academic studies into how and

why states develop these systems This volume includes a comparative study of the development of nuclear C2 by four different NWS Britain China India and Pakistan and demonstrates that despite several differences there is a central set of factors that remain constant The analytical framework used in this study identifies key factors that can potentially shape the evolution and stability of nuclear C2 These factors include geostrategic threat environment international norms leadership and control of nuclear operations civil military control The book also analyses the interaction among different stakeholders within the nuclear C2 enterprise It recognises that politicians the military and scientists all have key but different roles to play and the way these stakeholders have learned to co exist with each other is explored This volume offers a set of dynamics that could form a global norm for nuclear C2 serving as a standard for new entrants into the nuclear club This book will be of much interest to students of nuclear proliferation global governance and International Relations in general

Defence Intelligence and the Cold War Huw Dylan, 2014-10-30 During the Second World War British intelligence provided politicians and soldiers with invaluable knowledge Britain was determined to maintain this advantage following victory but the wartime machinery was uneconomical unwieldy and unsuitable for peace Drawing on oral testimony international archives and private papers *Defence Intelligence and the Cold War* provides the first history of the hitherto little known organisation designed to preserve and advance British capability in military and military related intelligence for the Cold War the Joint Intelligence Bureau JIB Headed by General Eisenhower s wartime intelligence man Major General Kenneth Strong the JIB was central to the mission to spy on and understand the Soviet Union and the broader Communist world It did so from its creation in 1946 to its end in 1964 when it formed a central component of the new Defence Intelligence Staff This volume reveals hitherto hidden aspects of Britain s mission to map the Soviet Union for nuclear war the struggle to understand and contain the economies of the USSR China and North Korea in peace and during the Korean War and the urgent challenge to understand the nature and scale of the Soviet bomber and missile threat in the 1950s and 1960s The JIB s dedicated work in these fields won it the support of some politicians and military men but the enmity of others who saw the centralised organisation as a threat to traditional military intelligence The intelligence officers of the JIB waged Cold War not only with Communist
