Advancing Women's Health Through Medical Education Uta Landy,Philip D Darney,Jody Steinauer,2021-08-19 Neither legalization of abortion nor scientific and political advances in contraception and abortion ensure that training and research in family planning are routinely integrated into medical education Without integration subsequent generations of healthcare professionals are not prepared to incorporate evidence based family planning into their practices teaching or research Omission of this crucial component prevents the cultural and professional normalization of an often stigmatized and embattled aspect of women s health Taking the successful US based Ryan and Family Planning Fellowship programs as templates for training teaching and academic leadership this book describes the integration of family planning and pregnancy termination into curricula with an international outlook With an evidence and systems based approach the book is a unique and practical guide to inspire and train the next generation of healthcare professionals

Proceedings of the Future Technologies Conference (FTC) 2022, Volume 3 Kohei Arai, 2022-10-13 The seventh Future Technologies Conference 2022 was organized in a hybrid mode. It received a total of 511 submissions from learned scholars, academicians, engineers, scientists, and students across many countries. The papers included the wide arena of studies like Computing, Artificial Intelligence, Machine Vision, Ambient Intelligence, and Security, and their jaw-breaking application to the real world. After a double-blind peer review process, 177 submissions have been selected to be included in these proceedings. One of the prominent contributions of this conference is the confluence of distinguished researchers who not only enthralled us by their priceless studies but also paved way for future areas of research. The papers provide amicable solutions to many vexing problems across diverse fields. They also are a window to the future world which is completely governed by technology and its multiple applications. We hope that the readers find this volume interesting and inspiring and render their enthusiastic support towards it.
