Edward W. Blyden's Intellectual Transformations Harry N. K. Odamtten, 2019-08-01 Distinguished by its multidisciplinary dexterity this book is a masterfully woven reinterpretation of the life travels and scholarship of Edward W Blyden arguably the most influential Black intellectual of the nineteenth and early twentieth centuries It traces Blyden's various moments of intellectual transformation through the multiple lenses of ethnicity race religion and identity in the historical context of Atlantic exchanges the Back to Africa movement colonialism and the global Black intellectual movement In this book Blyden

is shown as an African public intellectual who sought to reshape ideas about Africa circulating in the Atlantic world The author also highlights Blyden s contributions to different public spheres in Europe in the Jewish Diaspora in the Muslim and Christian world of West Africa and among Blacks in the United States Additionally this book places Blyden at the pinnacle of Afropublicanism in order to emphasize his public intellectualism his rootedness in the African historical experience and the scholarship he produced about Africa and the African Diaspora As Blyden is an important contributor to African studies among other disciplines this volume makes for critical scholarly reading Ethnographies and Exchanges Anthony Gregg Roeber,2010-11 This volume explores the interactions of two seventeenth and eighteenth century European settlement peoples with Native Americans German speaking Moravian Protestants and French speaking Roman Catholics It is among these two European groups that we have some of the richest records of the exchange between early settlers and Native Americans BOOK JACKET *Moravian Americans and their Neighbors, 1772-1822* Ulrike Wiethaus,Grant McAllister,2022-11-28 American Moravians and their Neighbors 1772 1822 edited by Ulrike Wiethaus and Grant McAllister offers an interdisciplinary examination of Moravian Americanization in the Early Republic With an eye toward the communities that surrounded Moravian settlements in the Southeast the contributors examine cultural social religious and artistic practices of exchange and imposition framed by emergent political structures that encased social privilege and marginalization Through their multidisciplinary approach the authors convincingly argue that Moravians encouraged assimilation converged with core values and political forces of the Early Republic but also contributed uniquely Moravian innovations Residual newly dominant and increasingly subjugated discourses among Moravians other European settlers Indigenous nations and free and enslaved communities of color established the foundations of a new Moravian American identity Contributors include Craig D Atwood David Bergstone David Blum Stewart Carter Martha B Hartley Geoffrey R Hughes Winelle Kirton Roberts Grant P McAllister Thomas J McCullough Paul Peucker Charles D Rodenbough John Ruddiman Jon F Sensbach Larry E Tise Riddick Weber and Ulrike Wiethaus **Gods of the Mississippi** Michael Pasquier,2013-02-27 From the colonial period to the present the Mississippi River has impacted religious communities from Minnesota to the Gulf of Mexico Exploring the religious landscape along the 2 530 miles of the largest river system in North America the essays in Gods of the Mississippi make a compelling case for American religion in motion not just from east to west but also from north to south With discussion of topics such as the religions of the Black Atlantic religion and empire antebellum religious movements the Mormons at Nauvoo black religion in the delta Catholicism in the Deep South and Johnny Cash and religion this volume contributes to a richer understanding of this diverse dynamic and fluid religious world The Cultural Politics of Obeah Diana Paton,2015-08-10 A study of the importance of debates about obeah and state suppression of it for Caribbean struggles about freedom and citizenship **Separate Peoples, One Land** Cynthia Cumfer,2012-09-01 Exploring the mental worlds of the major groups interacting in a borderland setting Cynthia Cumfer

offers a broad multiracial intellectual and cultural history of the Tennessee frontier in the Revolutionary and early national periods leading up to the era of rapid westward expansion and Cherokee removal Attentive to the complexities of race gender class and spirituality Cumfer offers a rare glimpse into the cultural logic of Native American African American and Euro American men and women as contact with one another powerfully transformed their ideas about themselves and the territory they came to share The Tennessee frontier shaped both Cherokee and white assumptions about diplomacy and nationhood After contact both groups moved away from local and personal notions about polity to embrace nationhood Excluded from the nationalization process slaves revived and modified African and American premises about patronage and community while free blacks fashioned an African American doctrine of freedom that was both communal and individual Paying particular attention to the influence of older European concepts of civilization Cumfer shows how Tennesseans along with other Americans and Europeans modified European assumptions to contribute to a discourse about civilization one both dynamic and destructive which has profoundly shaped world history

British Protestant Missions and the Conversion of Europe, 1600-1900 Simone Maghenzani, Stefano Villani, 2020-09-14 This book is the first account of British Protestant conversion initiatives directed towards continental Europe between 1600 and 1900 Continental Europe was considered a missionary land another periphery of the world whose centre was imperial Britain British missions to Europe were informed by religious experiments in America Africa and Asia rendering these offensives against Europe a true form of imaginary colonialism British Protestant missionaries often understood themselves to be at the forefront of a civilising project directed at Catholics and sometimes even at other Protestants Their mission was further reinforced by Britain becoming a land of compassionate refuge for European dissenters and exiles This book engages with the myth of International Protestantism questioning its early origins and its narrative of transnational belonging while also interrogating Britain as an imagined Protestant land of hope and glory In the history of western Christianities converting Europe had a role that has not been adequately investigated This is the story of the attempted and ultimately failed effort to convert a continent

The Sea Peter N. Miller, 2013-04-24 The Sea brings together a group of noted contributors to evaluate the different ways in which seas have served as subjects in historiography and asks how this has changed and will change the way history is written The essays in this volume provide exemplary demonstrations of how a sea based history writing that focuses on connectivity networks and individuals describes the horizons and the potential of thalassography the study of the world made by individuals embedded in networks of motion As Peter N Miller contends in his introduction writing about the sea today is a way of partaking in the wider historiographical shift toward microhistory exchange relations networks and above all materiality both literally and figuratively The Sea focuses not on questions of discipline and professionalization as much as on the practice of scholarship the writing and therefore the planning and organizing of histories of the sea

The Farmerfield Mission Fiona Vernal, 2012-08-29 The Farmerfield Mission explores the history of a residential Christian community in South

Africa established for Africans in 1838 by Methodist missionaries destroyed in 1962 by the apartheid government when it was zoned as an exclusive area for white occupation and returned to the descendants of the community under South Africa's land reform program in 1999

Freedom's Prophet Richard S Newman, 2008-03-01 *Freedom's Prophet* is a biography of Richard Allen founder of the first major African American church and leading black activist of America's early nation. Gold Winner of the Foreword Magazine Book of the Year Award Biography Category A. A tireless minister, abolitionist, and reformer, Richard Allen inaugurated some of the most important institutions in African American history, influencing nearly every black leader of the nineteenth century from Frederick Douglass to W. E. B. Du Bois. Born a slave in colonial Philadelphia, Allen secured his freedom during the American Revolution, becoming one of the nation's leading black activists before the Civil War. Among his achievements, Allen helped form the African Methodist Episcopal (AME) Church, co-authored the first copyrighted pamphlet by an African American writer, published the first African American eulogy of George Washington, and convened the first national convention of Black reformers. In a time when most Black men and women were categorized as slave property, Allen was championed as a Black hero. In *Freedom's Prophet*, history professor Richard S. Newman describes Allen's continually evolving life and thought, setting both in the context of his times. From Allen's antislavery struggles and belief in interracial harmony to his reflections on Black democracy and Black emigration, Newman traces Allen's impact on American reform and reformers, on racial attitudes of the early republic, and on the Black struggle for justice in the age of Adams, Jefferson, Madison, and Washington. Whether serving as America's first Black bishop, challenging slave-holding statesmen in a nation devoted to liberty, or visiting the President's House, the first Black activist to do so, Allen's achievements place him in the pantheon of America's great founding figures.

The Oxford Handbook of Caribbean Religions Michelle A. Gonzalez, Michelle Gonzalez Maldonado, 2024 *The Oxford Handbook of Caribbean Religions* offers a comprehensive overview of Caribbean religions. The Caribbean is a microcosm of the world's religions, but the small geographic space resulted in the encounter of global religions and indigenous religious practices. The racial, ethnic, and cultural diversity of this region makes brief introductions to Caribbean religions incapable of truly addressing its complex and diverse religious landscape. The Handbook also elaborates on the diversity of the religious traditions and the national particularity of the region while also considering multiple geographic settings. It mentions how often Caribbean religion is studied through the perspective of a discrete religious tradition or geographic setting.

Teaching American History in a Global Context Carl J. Guarneri, Jim Davis, 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students' understanding of American history. It includes a wide range of materials from scholarly articles and reports to original syllabi and ready-to-use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view. The contributors include well-known American history scholars as well as gifted classroom teachers, and the book's emphasis on immigration, race, and gender points to ways for teachers to integrate international and multicultural

education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources *Reformation Europe* Ulinka Rublack,2017-09-21 The first survey to utilise the approaches of the new cultural history in analysing how Reformation Europe came about *Protestant Empires* Ulinka Rublack,2020-09-10 Protestantism during the early modern period is still predominantly presented as a European story Advancing a novel framework to understand the nature and impact of the Protestant Reformations this volume brings together leading scholars to substantially integrate global Protestant experiences into accounts of the early modern world created by the Reformations to compare Protestant ideas and practices with other world religions to chart colonial politics and experiences and to ask how resulting ideas and identities were negotiated by Europeans at the time Through its wide geographical and chronological scope Protestant Empires advances a new approach to understanding the Protestant Reformations Showcasing selective model approaches on how to think anew and pointing the way towards a multi national and connected account of the Protestant Reformations this volume demonstrates how global interactions and their effect on Europe have played a crucial role in the history of the long Reformation in the seventeenth and eighteenth centuries *Archaeologies of Slavery and Freedom in the Caribbean* Lynsey A. Bates,John M. Chenoweth,James A. Delle,2018-09-12 While the patterns of habitation and development are similar throughout the Caribbean there was also a great deal of diversity The authors in this volume use innovative techniques and perspectives to reveal the stories of places and times where the usual rules did not always apply **Plantation Church** Noel Leo Erskine,2014-01-07 In Plantation Church Noel Leo Erskine investigates the history of the Black Church as it developed both in the United States and the Caribbean after the arrival of enslaved Africans **Politics of Reproduction** Katherine Paugh,2017 Many British politicians planters and doctors attempted to exploit the fertility of Afro Caribbean women s bodies in order to ensure the economic success of the British Empire during the age of abolition Abolitionist reformers hoped that a homegrown labor force would end the need for the Atlantic slave trade By establishing the ubiquity of visions of fertility and subsequent economic growth during this time The Politics of Reproduction sheds fresh light on the oft debated question of whether abolitionism was understood by contemporaries as economically beneficial to the plantation colonies At the same time Katherine Paugh makes novel assertions about the importance of Britain s Caribbean colonies in the emergence of population as a political problem The need to manipulate the labor market on Caribbean plantations led to the creation of new governmental strategies for managing sex and childbearing such as centralized nurseries discouragement of extended breastfeeding and financial incentives for childbearing that have become commonplace in our modern world While assessing the politics of reproduction in the British Empire and its Caribbean colonies in relationship to major political events such as the Haitian Revolution the study also focuses in on the island of Barbados The remarkable story of an enslaved midwife and

her family illustrates how plantation management policies designed to promote fertility affected Afro Caribbean women during the late eighteenth and early nineteenth centuries The Politics of Reproduction draws on a wide variety of sources including debates in the British Parliament and the Barbados House of Assembly the records of Barbadian plantations tracts about plantation management published by doctors and plantation owners and missionary records related to the island of Barbados
