Researching Pedagogic Tasks Applied Linguistics And Language Study:

Researching Pedagogic Tasks Martin Bygate, Peter Skehan, Merrill Swain, 2013-12-02 Researching Pedagogic Tasks brings together a series of empirical studies into the use of pedagogical tasks for second language learning with a view to better understanding the structure of tasks their impact on students and their use by teachers The volume starts with an introduction to the background and key issues in the topic area and is then organised into three sections the first section focuses on the language and learning of students on tasks the second on the use of tasks in the language classroom the third on the use of tasks for language testing Each section begins with a succinct section introduction and the volume concludes with an afterword relating the theme of the volume to issues in curriculum development The chapters include both experimental and qualitative approaches to the topic some providing original accounts of specific studies others offering overviews of linked series of studies

Tasks in Second Language Learning Virginia Samuda, Martin Bygate, 2007-11-27 Tasks in Second Language Learning aims to re centre discussion of the ways in which language learning tasks can help offer a holistic approach to language learning and to explore the research implications It relates the broad educational and social science rationale for the use of tasks to the principles and practices of their classroom use The authors provide a balanced review of research as a basis for exploring a broader research agenda Throughout the book offers telling illustration of the contributions of a range of specialists in research teaching methodology and materials development and of the authors own argument

Investigating the Role of Affective Factors in Second Language Learning Tasks Ágnes Albert, 2022-12-08 This book provides an overview of affective individual variables that are considered relevant for second language learning and outlines a novel approach to researching them In the first part of the book the most prominent concepts and theories in connection with affective individual variables and tasks are discussed followed by a literature review of the most significant empirical studies conducted on the reviewed individual variables with the help of tasks The second part of the monograph reports the findings of a research project which investigated the relationships of motivation emotions flow experiences and self efficacy beliefs of secondary school students studying English in Hungary These constructs are examined at two levels in connection with learners English classes in general and in connection with a particular language task thus linking task performance measures to specific affective states experienced while performing a task and their general trait versions reported in connection with the language classes Teacher interviews provide further insights into the language tasks used by the teachers of the students taking part in the study and their affective correlates The book offers multi level interpretations of the results puts forward pedagogical implications and delineates further research directions

Doing Applied Linguistics Nicholas Groom, Jeannette Littlemore, 2012-04-27 Doing Applied Linguistics provides a concise lively and accessible introduction to the field of applied linguistics for readers who have little or no prior knowledge of the subject The book explores the basics of the field then goes on to examine in more depth what applied linguists actually

do and the types of research methods that are most frequently used in the field By reading this book students will find the answers to four sets of basic questions What is applied linguistics and what do applied linguists do Why do it What is the point of applied linguistics How and why might I get involved in applied linguistics How to do it What kinds of activities are involved in doing applied linguistic research Written by teachers and researchers in applied linguistics Doing Applied

Linguistics is essential reading for all students with interests in this area **Second Language Task-Based Performance**

Peter Skehan, 2018-07-04 Second Language Task Based Performance is the first book to synthesize Peter Skehan's theoretical and empirical contributions all in one place With three distinct themes explored in each section theory empirical studies and assessment Skehan's influential body of work is organized in such a way that it provides an updated reflection on the material and makes it relevant to today's researchers Also in each section an early publication is matched by at least one later publication followed by a newly written commentary chapter the combination of which provides the important function of offering a wider ranging discussion This book is an invaluable resource for researchers interested in second language task based research or SLA more generally **Researching L2 Task Performance and Pedagogy** Zhisheng (Edward)

Wen, Mohammad Javad Ahmadian, 2019-08-28 This volume honours Peter Skehan's landmark contributions to research in Task Based Language Teaching It offers state of the art reviews as well as cutting edge new research studies all reflective of key theoretical and methodological issues in current research such as the role and nature of task complexity and the distinct dimensions of L2 task performance Collectively these chapters celebrate Professor Skehan's seminal influence on TBLT and second language acquisition research and they bear witness to the sustained academic mentoring and collaboration that have characterised his career Contributed both by senior academics and more recent participants in SLA and TBLT research the chapters variously explore conceptual frameworks and methodological insights on central issues in TBLT research theoretical debates innovative research paradigms and methodologies as well as practical pedagogical proposals The book provides a wide ranging and balanced account of Skehan's work and its impact on other researchers serving as an introduction as well as a critical review for both seasoned and novice researchers and for interested practitioners **The Handbook of**

Classroom Discourse and Interaction Numa Markee, 2019-01-30 Offering an interdisciplinary approach The Handbook of Classroom Discourse and Interaction presents a series of contributions written by educators and applied linguists that explores the latest research methodologies and theories related to classroom language Organized to facilitate a critical understanding of how and why various research traditions differ and how they overlap theoretically and methodologically Discusses key issues in the future development of research in critical areas of education and applied linguistics Provides empirically based analysis of classroom talk to illustrate theoretical claims and methodologies Includes multimodal transcripts an emerging trend in education and applied linguistics particularly in conversation analysis and sociocultural theory **Assessment for Learning Within and Beyond the Classroom** Siew Fun Tang, Loshinikarasi

Logonnathan,2016-06-29 These conference proceedings focus on Assessment for Learning Within and Beyond the Classroom in recognition of the power of assessment for learning as a way of boosting student performance They explore the breadth depth and quality of the best models and practices strategies lessons learnt and discuss cases of successful implementation of assessment within the classroom and beyond including the virtual space They also provide fertile ground for stimulating and comparing responsive assessment approaches and practices in relatively new areas of assessment such as graduate capability assessment in view of the need for educational institutions to evidence graduate employability Task-Based Language Learning - Insights from and for L2 Writing Heidi Byrnes,Rosa M. Manchón,2014-11-14 The book seeks to enlarge the theoretical scope research agenda and practices associated with TBLT in a two way dynamic by exploring how insights from writing might reconfigure our understanding of tasks and in turn how work associated with TBLT might benefit the learning and teaching of writing In order to enrich the domain of task and to advance the educational interests of TBLT it adopts both a psycholinguistic and a textual meaning making orientation Following an issues oriented introductory chapter Part I of the volume explores tenets methods and findings in task oriented theory and research in the context of writing the chapters in Part II present empirical findings on task based writing by investigating how writing tasks are implemented how writers differentially respond to tasks and how tasks can contribute to language development A coda chapter summarizes the volume s contribution and suggests directions for advancing TBLT constructs and research agendas *Investigating Tasks in Formal Language Learning* Mar?a Del Pilar Garc?a Mayo,2007 This book brings together research that makes use of tasks to examine oral interaction written production vocabulary and reading lexical innovation and pragmatics in different formal language learning contexts and in different languages English French German Italian and Spanish It will be of interest to professionals and students working in SLA research and language pedagogy
