Researching Youth:

Researching Youth Mark Cieslik, 2003-11-13 Written in a clear and accessible style this book presents a broad ranging enquiry into various methodological issues associated with contemporary youth research Chapters cover a variety of topical areas including youth transitions youth in care drugs consumption and music Featuring studies by new and established youth researchers this book will be an invaluable resource for undergraduate and postgraduate students and also those carrying out more advanced research in the fields of sociology social policy health studies cultural and media studies Researching

Children and Youth Ingrid E. Castro, Melissa Swauger, Brent Harger, 2017-03-17 This volume seeks to directly address the problems and pitfalls that often accompany researching children and youth in today's society This volume addresses participatory and feminist ethnographic approaches digital mining children's agency and navigating IRBs Themes of space location and identity run throughout this volume **Research Handbook on the Sociology of Youth** Judith

Bessant, Philippa Collin, Patrick O'Keeffe, 2024-05-02 In this groundbreaking Research Handbook on the Sociology of Youth researchers from the Global North and South examine the social political cultural and ecological processes that inform what it means to be young It explores the diversity of youth experiences and ways young people live their lives responding to and actively working to overcome inequality adversity and planetary crises Innovations in Youth Research S. Heath, C.

Walker, 2011-11-15 This book explores and celebrates imaginative and creative approaches to youth research showcasing a wide range of innovative methods including music elicitation mental mapping blog analysis and mobile methods

Researching Young People's Lives Sue Heath, Rachel Brooks, Eleanor Ireland, Elizabeth Cleaver, 2009-04-01 Researching Young People's Lives provides an overview of some of the key methodological challenges facing youth researchers and an introduction to the broad repertoire of methods used in youth orientated research Throughout the book the emphasis is on research in practice and examples are drawn from recent youth research projects from a wide range of disciplines and substantive areas and from a range of both UK and non UK contexts **Critical Youth Research in**

Education Arshad Imtiaz Ali, Teresa L. McCarty, 2020-04-23 Critical studies of youth play an increasingly important role in educational research This volume adds to that ongoing conversation by addressing the methodological lessons learned from key scholars in the field With a focus on the doing of critical youth studies in ways that center praxis and relational care in work with youth and their communities the volume showcases scholars discussing their research and reflecting on the practical strategies they have used to operationalize their conceptions of knowledge in youth centered research projects Each chapter addresses the research features challenges tensions and debates of the project engagement with communities and relationality reciprocity and responsibility to participants The focus throughout is on qualitative approaches that are humanizing anti colonial and transformative **Youth Resistance Research and Theories of Change** Eve Tuck, K. Wayne

Yang, 2013-11-26 Youth resistance has become a pressing global phenomenon to which many educators and researchers have

looked for inspiration and or with chagrin Although the topic of much discussion and debate it remains dramatically under theorized particularly in terms of theories of change Resistance has been a prominent concern of educational research for several decades yet understandings of youth resistance frequently lack complexity often seize upon convenient examples to confirm entrenched ideas about social change and overly regulate what counts as progress As this comprehensive volume illustrates understanding and researching youth resistance requires much more than a one dimensional theory Youth Resistance Research and Theories of Change provides readers with new ways to see and engage youth resistance to educational injustices This volume features interviews with prominent theorists including Signithia Fordham James C Scott Michelle Fine Robin D G Kelley Gerald Vizenor and Pedro Noguera reflecting on their own work in light of contemporary uprisings neoliberal crises and the impact of new technologies globally Chapters presenting new studies in youth resistance exemplify approaches which move beyond calcified theories of resistance Essays on needed interventions to youth resistance research provide guidance for further study As a whole this rich volume challenges current thinking on resistance and extends new trajectories for research collaboration and justice

Research Handbook on Youth Criminology Greg Martin, Estrella Pearce, 2025-07-15 This timely Handbook provides historical contemporary theoretical and methodological perspectives on youth criminology It explores cutting edge research on juvenile justice and youth governance and proposes directions for future research

Negotiating Ethical Challenges in Youth Research Kitty Te Riele, Rachel Brooks, 2013 This title brings together contributors from across the world to explore real life ethical dilemmas faced by researchers working with young people in a range of social science disciplines A careful selection of chapters addresses a range of ethical challenges particularly relevant to contemporary youth researchers

Contemporary Youth Research Helena Helve, Gunilla Holm, 2017-03-02 A major new resource book for academics and students of youth studies this work offers a rare comparative review of a field which is often focused on the local or national situation Drawing together authors from across the world the book combines assessments of the theory methodology and practice of youth research and the impact of globalization on this field of study A particular strength of the text is its exploration of theoretical issues of globalization through substantial pieces of empirical work some of which cover regions frequently overlooked in the international youth research scene such as South East Asia and Eastern Europe

Engaging Youth in Critical Arts Pedagogies and Creative Research for Social Justice Kristen P. Goessling, Dana E. Wright, Amanda C. Wager, Marit Dewhurst, 2021-03-30 Originally published as a special issue of the International Journal of Qualitative Studies in Education this volume explores how researchers educators artists and scholars can collaborate with and engage young people in art creative practice and research to work towards social justice and political engagement By critically interrogating the dominant discourses cultural and structural obstacles that we all face today this volume explores the potential of critical arts pedagogies and community based research projects to empower young people as agents of social change Chapters offer nuanced analyses of the limits of

arts based social justice collaborations and grapple with key ethical practical and methodological issues that can arise in creative approaches to youth participatory action research Theoretical contributions are enhanced by Notes from the Field which highlight prime examples of arts based youth work occurring across North America As a whole the volume powerfully advocates for collaborative creative practices that facilitate young people to build power hope agency and skills through creative social engagement This volume will be of interest to scholars researchers postgraduate students and scholar practitioners involved in community and arts based research and education as well as those working with marginalized youth to improve their opportunities and access to a quality education and to deepen their political participation and engagement in intergenerational partnerships aiming to increase the conditions for social justice

Designs and Methods for Youth-Led Research Melvin Delgado, 2006 Youth led research is increasing in popularity around the globe and empowers today's youth to help shape social interventions seeking to reach this population group Designs and Methods for Youth Led Research provides a foundation from which to plan and implement social research and program evaluation projects that place youth in central roles In this text author Melvin Delgado emphasizes how youth led research represents a profound political and social statement about making relevant research result in significant changes to programs in the field of youth services Key Features Brings together the worlds of practice and academia by providing numerous examples of field based youth led research projects Encourages a partnership between youth and adults to facilitate mutual respect and give young people the opportunity to make significant and lasting contributions to the creation of solutions to many of their concerns and needs Examines future challenges in the field to help develop programs that will enrich tomorrow's youth Designs and Methods for Youth Led Research is an excellent textbook for advanced undergraduate and graduate students studying youth development in a variety of Social Work Psychology Education and Social Research courses It is also a valuable resource for practitioners in the fields of youth development and youth services

Research Methods in Physical Education and Youth Sport Kathleen Armour, Doune Macdonald, 2012-03-15 This is the first research methods book to focus entirely on physical education and youth sport It guides the reader through the whole research process from the first steps to completion of a dissertation or practice based project and introduces key topics such as formulating a research question qualitative approaches quantitative approaches mixed method research literature review case studies survey interviews and focus groups data analysis writing the dissertation Each chapter includes a full range of useful pedagogical features including chapter summaries practical activities case studies dialogues with active researchers and guidance on further reading and resources With contributions from some of the world's best known researchers in the field this book is indispensable reading for all students and professionals working in physical education youth sport sports coaching and related subjects

Longitudinal Methods in Youth Research Julia Cook, Quentin Maire, Johanna Wyn, 2024-05-29 This book addresses how longitudinal research approaches are used to understand young people's lives It elucidates how youth researchers use

longitudinal approaches and how longitudinal research can help us to both understand and shape the field of youth sociology Chapters discuss the creation of knowledge about youth and how longitudinal research shapes the field of youth sociology and shed light on key tensions and emerging debates in longitudinal youth research ranging from research design to data collection analysis and use It considers longitudinal studies using a broad range of methods including qualitative quantitative mixed methods retrospective methods and creative and participatory methods This collection offers insights from longitudinal youth scholars conducting research in Argentina Lithuania Australia Estonia Canada the United States US the United Kingdom UK Finland and India These researchers reflect on the future of longitudinal youth research addressing emerging and prospective issues This book provides a concise survey of key established and emerging areas of concern in longitudinal research and of the relationship between these areas and the field of youth studies more specifically

Critically Researching Youth Shirley R. Steinberg, Awad Ibrahim, 2016 Critically Researching Youth addresses the unique possibilities and contexts involved in deepening a discourse around youth Authors address both social theoretical and methodological approaches as they delve into a contemporary discipline which supports research with not on young adults This volume is a refreshing change in the literature on qualitative youth embodying the understanding of what it means to be a young woman or man It dismisses any consideration to pathologize youth instead addressing what society can understand and how we can act in order to support and promote them *Youth Media Matters* Korina M. Jocson, 2018-01-15 In an information age of youth social movements Youth Media Matters examines how young people are using new media technologies to tell stories about themselves and their social worlds They do so through joint efforts in a range of educational settings and media environments including high school classrooms youth media organizations and social media sites Korina M Jocson draws on various theories to show how educators can harness the power of youth media to provide new opportunities for meaningful learning and do it together production Describing the impact that youth media can have on the broader culture Jocson demonstrates how it supports expansive literacy practices and promotes civic engagement particularly among historically marginalized youth In Youth Media Matters Jocson offers a connective analysis of content area classrooms career and technical education literary and media arts organizations community television stations and colleges and universities She provides examples of youth media work including videos television broadcasts websites and blogs produced in the San Francisco Bay Area Los Angeles New York and St Louis At a time when educators are increasingly attentive to participatory cultures yet constrained by top down pedagogical requirements Jocson highlights the knowledge production and transformative potential of youth media with import both in and out of the classroom Representing Youth Amy L. Best, 2007-01-01 From youth culture to adolescent sexuality to the consumer purchasing power of children en masse studies are flourishing Yet doing research on this unquestionably more vulnerable whether five or fifteen population also poses a unique set of challenges and dilemmas for researchers How should a six year old be approached for an interview

What questions and topics are appropriate for twelve year olds Do parents need to give their approval for all studies In Representing Youth Amy L Best has assembled an important group of essays from some of today s top scholars on the subject of youth that address these concerns head on providing scholars with thoughtful and often practical answers to their many methodological concerns These original essays range from how to conduct research on youth in ways that can be empowering for them to issues of writing and representation to respecting boundaries and to dealing with issues of risk and responsibility to those interviewed For anyone doing research or working with children and young adults Representing Youth offers an indispensable guide to many of the unique dilemmas that research with kids entails Contributors include Amy L Best Sari Knopp Biklen Elizabeth Chin Susan Driver Marc Flacks Kathryn Gold Hadley Madeline Leonard C J Pascoe Rebecca Raby Alyssa Richman Jessica Taft Michael Ungar Yvonne Vissing and Stephani Etheridge Woodson Urban Youth and Photovoice Melvin Delgado,2015 This book provides readers with a solid theoretical foundation and a guided approach to how to carry out a youth photovoice project It takes the readers throughout all facets of the process including raising key ethical considerations when involving youth in this process In addition this book outlines for the reader considerations and cautions that they must exercise in order not to subvert the potential of this method for achieving important social change in the lives of participants their families and communities

Youth Activism Hava Rachel Gordon,2025-05-01 This resource provides a wide ranging survey of the past present and future of youth activism in the USA and around the world The work places a special focus on prominent youth activists their organizations and the causes to which they are determined to make change including civil rights environmental issues such as climate change gender and LGBTQ rights and US military actions and financial investments to which they are opposed How has youth activism changed over the decades What are the keys to fostering civic engagement among young people What tools do young people use now to advance political causes important to them What impact are they having on political and legal struggles over climate change immigration and civil rights This all in one resource answers all those questions and more

A youth empowerment model designed to tackle school violence in South Africa Fathima Dewan,2024-12-17 School based violence is of major concern in the South African schooling system particularly in secondary schools School based violence has a negative impact on the physical social cognitive and emotional well being of learners and teachers To compound matters family and community environment also play a role in escalating school violence There is a need to develop interventions that are evidence based and developmental in nature to address the issue of reducing school based violence Youth empowerment can be used as a helpful strategy to address the issue of school based violence This scholarly book focuses on using the framework of youth empowerment to address the issue of school based violence Through sound research the author proposes that schools should involve learners in decision making around school policies and design strategies to address school violence to create safer schools and a better school climate The author further posits using key aspects of youth empowerment in school violence campaigns and

programmes to increase youth motivation to collectively influence changes within their school through a process of shared decision making collective vision and partnership with young people
