Reston, the First Twenty Years Tom Grubisich, Peter McCandless, Dan Watt, 1985-01-01 **Worthy of the Nation** United States. National Capital Planning Commission, Frederick Gutheim, Antoinette J. Lee, 2006-11-19 Illustrated with plans maps and new and historic photographs the second edition of *Worthy of the Nation* provides researchers and general readers with an appealing and authoritative view of the planning and evolution of the federal district The Voluntary City David T. Beito, Peter Gordon, Alexander Tabarrok, 2006 Suburban Alchemy Nicholas Dagen Bloom, 2001 In *Suburban Alchemy* 1960s New Towns and the Transformation of the American Dream Nicholas Dagen Bloom examines the new town movement of the 1960s which sought to transform the physical and social environments of American suburbs by showing that idealism could be profitable Bloom offers case studies of three of the movement's more famous examples Reston Virginia Columbia Maryland and Irvine California to flesh out his historical account In each case innovative planners mixed land uses and housing types refined architectural graphic and landscape design offered well defined village and town centers and pioneered institutional planning As Bloom demonstrates these efforts did not uniformly succeed and attempts to reshape community life through design notably faltered However despite frequent disappointments and compromises the residents have kept the new town ideals alive for over four decades and produced a vital form of suburban community that is far more complicated and interesting than the early vision promoted by the town planners Lively chapters illustrate efforts in local politics civic spirit social and racial integration feminist innovations and cultural sponsorship *Suburban Alchemy* should be of interest to scholars of U S urban history planning history and community development as well as the general reader interested in the development of alternative communities in the United States **The Virginia Record Magazine**, 1986

Radical Suburbs Amanda Kolson Hurley, 2019-04-09 A revelation will open your eyes to the wide diversity and rich history of our ongoing suburban experiment Richard Florida author of *The Rise of the Creative Class* America's suburbs are not the homogenous places we sometimes take them for Today's suburbs are racially ethnically and economically diverse with as many Democratic as Republican voters a growing population of renters and rising poverty The cliché of white picket fences is well past its expiration date The history of suburbia is equally surprising American suburbs were once fertile ground for utopian planning communal living socially conscious design and integrated housing We have forgotten that we built suburbs like these such as the co housing commune of Old Economy Pennsylvania a tiny house anarchist community in Piscataway New Jersey a government planned garden city in Greenbelt Maryland a racially integrated subdivision before the Fair Housing Act in Trevese Pennsylvania experimental Modernist enclaves in Lexington Massachusetts and the mixed use architecturally daring Reston Virginia Inside *Radical Suburbs* you will find blueprints for affordable walkable and integrated communities filled with a range of environmentally sound residential options *Radical Suburbs* is a history that will help us remake the future and rethink our assumptions of suburbia The communities Kolson Hurley chronicles are welcome
