Restorative Justice Contemporary Themes And Practice:

Restorative Justice Jim Consedine, Helen Bowen, 1999

Restorative Justice Heather Strang, John

Braithwaite, 2017-09-19 The astonishing development of restorative justice practice over the past decade has inspired creative new thinking about the philosophy of punishment and principles of justice. Many of the questions raised in this book, such as the relationship between restorative and retributive justice and the values and processes which should guide restorative practice, are the subject of intense debates. With contributions from many of the most distinguished scholars in the field, this book analyzes the gap between philosophy and practice and the need for practice to be more informed by philosophy. This volume is a milestone in the development of those underlying principles which will direct the progress of restorative justice in the future.

Restorative Justice in Practice Joanna Shapland, Gwen Robinson, Angela

Sorsby, 2011-07-15 This book analyzes the practicalities of setting up and running restorative justice schemes: the costs involved and the key professional and ethical issues involved, such as victims' and offenders' needs and expectations, community and desistance.

Handbook of Restorative Justice Gerry Johnstone, Daniel Van Ness, 2013-01-11 This book provides a comprehensive and authoritative account and analysis of restorative justice, one of the most rapidly growing phenomena in the field of criminology and justice studies. This book aims to meet the need for a comprehensive, reliable, and accessible overview of the subject. It draws together leading authorities on the subject from around the world in order to elucidate and discuss the key concepts and principles of restorative justice, explain how the campaign for restorative justice arose and developed into the influential social movement it is today, describe the variety of restorative justice practices, explain how they have developed in various places and contexts, and critically examine their rationales and effects. It identifies and examines key tensions and issues within the restorative justice movement, brings a variety of disciplinary and interdisciplinary perspectives to bear upon the understanding and assessment of restorative justice. The Handbook of Restorative Justice is essential reading for students and practitioners in the field.

Restorative Justice Charles K. B.

Barton, 2003 Restorative Justice: The Empowerment Model presents a powerful challenge to many current accounts of the criminal justice system. Charles Barton gives a clear and insightful analysis of current restorative justice philosophy and theory. He uses a unifying and overarching principle of empowerment to provide a distinct conceptual framework for restorative justice theory and practice. He puts forward a step-by-step implementation process which includes restorative meeting facilitation, complete with seating plans and scripted prompts for mediators, keepers, and facilitators. There will also be two sample role plays in the book, and additionally, there will be four complete role plays available on our website closer to publication. Barton emphasises the importance of each participant in a restorative justice meeting: the victims, offenders, and their supporters, as well as professionals such as police, social workers, and legal advocates. Successful programs must consistently and reliably achieve maximally restorative outcomes for all of them. Practitioners need always keep this objective

in mind Barton's book will strengthen their comprehension and facilitate application of the practical process Reimagining Restorative Justice David O'Mahony, Jonathan Doak, 2017-09-21 Restorative justice theory has largely failed to keep pace with the rapid expansion of restorative practices worldwide indeed it is remarkable how much support RJ has when so few advocates can even define what it is As such this insightful and comprehensive new contribution from two of the top scholars on the frontlines of restorative justice research is hugely welcome Professor Shadd Maruna Centre for Criminology and Criminal Justice University of Manchester Reimagining Restorative Justice is a reflective and balanced reconsideration of restorative justice It deftly sweeps across the large literature on the subject putting it in perspective seeing anew through its wide angle lens Empowerment and accountability provide a fertile framework for this richly reimagined justice Professor John Braithwaite Australian National University David O Mahony and Jonathan Doak have made a significant contribution to the confusing and over complicated field of restorative justice theory They do so through their use of empowerment theory to bring conceptual and operational clarity to the concepts of agency and accountability in restorative processes and outcomes As a result they develop a convincing argument for face to face dialogue between victim and perpetrator within the core of the criminal justice system Their emphasis upon ethical and skilful practice is a welcome riposte to the rapid spread of restorative justice lite driven by managerialism and the need to cut costs Tim Chapman Lecturer at the University of Ulster O Mahony and Doak convincingly argue that rapid developments in the practice of restorative interventions have outstripped restorative justice theory They provide both an outstandingly helpful review of the literature and a fresh theoretical approach based on empowerment theory Everyone seriously interested in restorative justice will want to reflect carefully on the authors conclusions Anthony Bottoms Emeritus Wolfson Professor of Criminology at the University of Cambridge In recent years restorative based interventions have expanded rapidly and are increasingly viewed as a legitimate and even superior means of delivering justice The result of this swift but piecemeal development has been that restorative justice practice has outpaced the development of restorative justice theory This book takes up this challenge by reimagining a new framework for the operation of restorative justice within criminal justice In essence it is contended that the core empowering values of agency and accountability provide a lens for reimagining how restorative justice works and the normative goals it ought to encompass Repositioning Restorative Justice Lode Walgrave, 2012-12-06 Restorative justice has become an increasingly important element in reform and change to criminal justice systems throughout the western world and there are many reasons for satisfaction with the progress that has been made from the point of view of victims offenders the level and incidence of reoffending and in terms of public opinion At the same time there has been cause for concern not least to do with the confusion on aims that has accompanied the rapid spread of restorative justice practices an over estimate of its possibilities a blurring of concepts and a lack of attention to legal rights and processes This book based on papers presented at the 5th international conference held at Leuven Belgium in 2002 aims to provide an overview of recent experience of

restorative justice in the light of these concerns The central theme is the positioning or repositioning of restorative justice in contexts where it can offer hope to communities both fearful of crime and looking for more socially constructive responses to crime At the same time restorative justice practitioners seek definition in relation to the kinds of crime it is appropriate to apply restorative justice to how it relates to different forms of punishment to rehabilitation and how it fits in with criminal justice systems and the law of different countries how to reconcile the informal participatory philosophy of restorative justice with formal legal processes and the need for legal safeguards

Restorative Justice: Theoretical foundations Elmar G.

M. Weitekamp, Hans-Jürgen Kerner, 2012-12-06 This book brings together a selection of papers originally presented and discussed at the fourth international restorative justice conference held at the University of Tübingen The contributors include many of the leading authorities in the field of restorative justice and they provide a comprehensive review of the theoretical foundations underlying this rapidly expanding movement Restorative Justice Theoretical foundations addresses a wide range of fundamental questions about restorative justice considering amongst other things ways in which conceptual pitfalls can be avoided and how traditional models of peacemaking and healing developed in traditional societies can be integrated into the justice systems of late modern societies Overall it provides an authoritative overview of contemporary thinking about restorative justice and will be essential reading for anybody concerned with the future direction of criminal justice and criminal justice systems leading world authorities address the theoretical foundations of restorative justice a rapidly expanding area within criminal justice includes chapters on restorative justice as applied to corporate crime family violence and cases of extreme violence

Ambassadors of Reconciliation: Diverse Christian practices of restorative justice and peacemaking Ched Myers, Elaine Enns, 2009 Restorative justice refers to a social movement that seeks to repair

interpersonal communal and social injustices without recourse to violence or retribution Volume two analyzes the contemporary terrain of restorative justice and peacemaking in North America and profiles the exemplary work of nine practitioners who incarnate the scriptural vision in real life contexts of profound violence and injustice

Restorative Justice Eugene McLaughlin, Open University, 2003-06-02 Restorative Justice brings together key international writings that trace the development of restorative justice from its diverse beginnings to current global policies and practices
