First John Gwen E. Weising,1988-08 *Women in a Patriarchal World* ELAINE STORKEY,2020-04-16 This immersive persuasive and triumphant celebration of women is smart bold and brave cheering us on and challenging us to live lives of liberation Faith and ethics dance effortlessly together as biblical women look us firmly in the eye Rachie Ross eco theologian The Bible includes many stories about women some well known others lesser known some named others whose names are not given In some of these stories men are depicted negatively by the storyteller in others men barely feature at all except in the background or as powerful outsiders All the compilers of these narratives were probably men and all of them are set within an ancient world of patriarchal norms and conditions And yet many of these narratives express the authentic voices of women and in some cases the original sources will have been the women themselves In *Women in a Patriarchal World* Elaine Storkey focuses on the stories of women who faced a range of challenges and life changing decisions Her investigations will lead you to fully appreciate the authenticity of these accounts They will prompt you to see the connections with our own lives and times And above all they will empower you to respond more faithfully and intelligently to the many challenges that women are still confronted with today This book combines rigour with deep humanity and faith Christina Rees CBE writer broadcaster and preacher Each page left me feeling more empowered than the last Ruth Akinradewo Press Red Ambassador
