Coterminous Worlds ,2020-10-12 The present collection of essays endeavours to furnish informed responses to central questions posed by the editors Is the fact that the marvellous coexists with the factual and never resolves itself into the supernatural an indication that the whole literary project of magical realism is an instrumental and representational form which can be regarded as particularly suitable for reconciling dichotomies and oppositions otherwise experienced as intolerable Was magical realism an explosive process in cultural dynamics taking place at intersections of heterogeneous cultures most favourable to the efflorescence of this type of literature The authors of the various essays on Patrick White and David Malouf Ben Okri Syl Cheney Coker Robert Kroetsch Gwendolyn MacEwan Jack Hodgins Salman Rushdie Janet Frame Wilson Harris and others provide a dynamic focus on the reality at stake beneath the surface representations of magical realism in post colonial literatures *An Independent Stance* W. J. Keith,1991 Part One of this strongly worded informed and wide ranging collection examines key issues for the future of Canadian criticism Part Two offers new readings of important works by Grove Wilson MacLennan Davies Laurence Hood Wiebe Hodgins and Atwood As W J Keith argues We still have a mission to have our literature recognized as an essential reflection of our national life This is what I mean by retrenchment and consolidation Literature can survive without literary criticism but it cannot survive if it is unknown and unread It is criticism s prime function at the present time to see that it is both known and read with that mature enjoyment which is a combination of emotional sensitivity and humane intelligence As critics scholars editors we shall not be fulfilling our responsibilities or justifying our existence if we attempt anything less Or as Keith modestly observes in his introduction to this collection If this book is of any interest it will be because Canadian literature is an important subject Literary commentators like myself are middle men and should be prepared to admit the fact If this book succeeds in helping readers to appreciate the works of Canadian writers that I discuss and to derive increased pleasure and insight from them it will have served its purpose I can see no other justification for it or for any other work of criticism Canada's Storytellers | Les grands écrivains du Canada Andrew David Irvine,2021-03-24 For over three quarters of a century the Governor General s Literary Awards have been awarded annually in a variety of evolving categories Fifteen Governors General have served as their patron The impressive list continues to grow apace between 1936 and 2018 the awards recognized 719 books in English and French and have been presented to 580 authors illustrators and translators This beautifully illustrated bilingual
