Rewriting White Masculinities in Contemporary Fiction and Film Josep M. Armengol, 2024-03-25 This book focuses on the construction of hegemonic masculinity as well as its representations in literature culture and film Although white heterosexual masculinity continues to be the dominant model it remains paradoxically largely invisible in gender terms While the first three chapters thus offer introductory theoretical perspectives on the latest research on white masculinities the following chapters concentrate on applying masculinity theory to the analysis of both social constructions and cultural i.e. literary and film representations of men's emotions with a special focus on new fatherhood models friendships between men as well as gender based violence

Sex/Machine Patrick D. Hopkins, 1998 As powerful interacting social and physical forces gender and technology shape our experiences cultures and identities sometimes in such comfortable and subtle ways that it takes effort to appreciate them sometimes in such conspicuous and explosive ways that everyone recognizes their importance Delving into these issues is an opportunity to discover how technology promises or threatens to rewrite our ideas about sex sexuality and gender identity

The Miseducation of Women James Tooley, 2003-01-04 To what extent has feminism benefited women To what extent have women really been liberated James Tooley argues that the implication of many women's testimony is that feminism so far has failed to deliver the promised benefits and has even in some ways proved harmful Bringing together many women's voices from Bridget Jones to Simone de Beauvoir he provides a radical rethinking for feminism and sexual politics in the 21st century

The ^AWrong of Injustice Mari Mikkola, 2016-07-01 The book offers a feminist examination of contemporary social injustices It argues for a paradigm shift away from feminist philosophy organized around the gender concept woman and towards humanist feminism The book further develops a notion of dehumanization that explicates social injustices elucidates humanist feminism and improves non feminist analyses of injustice

The Manly Eunuch Mathew Kuefler, 2001-07-25 The question of masculinity formed a key part of the intellectual life of late antiquity and was crucial to the development of Christian society This idea is at the heart of Mathew Kuefler's new book which revisits the Roman Empire during the third and fifth centuries of the common era Kuefler argues that the collapse of the Roman army an increasingly autocratic government and growing restrictions on the traditional rights of men within marriage and sexuality all led to an endemic crisis in masculinity men of Roman aristocracy who had always felt themselves to be soldiers statesmen and the heads of households became by their own definition unmanly The cultural and demographic success of Christianity during this epoch lay in the ability of its leaders to recognize and respond to this crisis Drawing on the tradition of gender ambiguity in early Christian teachings which included Jesus's exhortation that his followers make themselves eunuchs for the sake of the kingdom of heaven Christian writers and thinkers crafted a new masculine ideal one that took advantage of the changing social realities in Rome inverted the Roman model of manliness and helped solidify Christian ideology by reinstating the masculinity of its adherents

From Panthers to Promise Keepers Judith Lowder Newton, 2005 *From Panthers to Promise Keepers* draws on intimate observations of the men and networks who were involved in what some have called the men's movement and tells us why these networks mattered Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well
