Rethinking Obligation A Feminist Method For Political Theory:

Rethinking Obligation Nancy J. Hirschmann, 2018-08-06 In *Rethinking Obligation* Nancy J. Hirschmann provides an innovative analysis of liberal obligation theory that uses feminism as a theoretical method for rethinking political obligations from the bottom up. In articulating a feminist method for political theory, Hirschmann skillfully brings together theoretical categories and methods previously seen as opposed: feminist standpoint and postmodernism, gender psychology and anti-essentialism, empiricism and interpretivism. *Rethinking Obligation* mounts a vital challenge to central aspects of liberal theory. Students and scholars of political philosophy, political theory, feminist theory, and women's studies will want to read it. The Subject of Liberty Nancy J. Hirschmann, 2009-01-10 This book reconsiders the dominant Western understandings of freedom through the lens of women's real-life experiences of domestic violence, welfare, and Islamic veiling. Nancy Hirschmann argues that the typical approach to freedom found in political philosophy severely reduces the concept's complexity, which is more fully revealed by taking such practical issues into account. Hirschmann begins by arguing that the dominant Western understanding of freedom does not provide a conceptual vocabulary for accurately characterizing women's experiences. Often, free choice is assumed when women are in fact coerced, as when a battered woman who stays with her abuser out of fear or economic necessity is said to make this choice because it must not be so bad, and coercion is assumed when free choices are made, such as when Westerners assume that all veiled women are oppressed, even though many Islamic women view veiling as an important symbol of cultural identity. Understanding the contexts in which choices arise and are made is central to understanding that freedom is socially constructed through systems of power, such as patriarchy, capitalism, and race privilege. Social norms, practices, and language set the conditions within which choices are made; determine what options are available; and shape our individual subjectivity, desires, and self-understandings. Attending to the ways in which contexts construct us as subjects of liberty, Hirschmann argues, provides a firmer empirical and theoretical footing for understanding what freedom means and entails, politically, intellectually, and socially. Feminist Political Theory Valerie Bryson, 2016-01-01 Feminist theory is a challenging and often deeply divided body of thought that raises issues which affect us all. In this, her third edition of the highly successful *Feminist Political Theory*, Valerie Bryson provides both a wide-ranging history of Western feminist thought from medieval times to the present day and a lucid analysis of contemporary feminist politics and debates. Fully updated to cover the latest feminist scholarship, throughout this timely new edition provides an accessible and thought-provoking exploration of complex theories related to real-life issues, such as sexual violence, political representation, transgender rights, cyberfeminism, and globalisation. With unrivalled scope, depth, and accessibility, this new edition of Valerie Bryson's *Feminist Political Theory* is set to be the go-to text on feminism for students and researchers, or indeed anyone interested in gender justice. A Theory of Political Obligation Margaret Gilbert, 2006-05-11 Margaret Gilbert offers an incisive new approach to a classic problem of political philosophy: when and why should I do what the laws of my country tell

me to do Beginning with carefully argued accounts of social groups in general and political societies in particular the author argues that in central standard senses of the relevant terms membership in a political society in and of itself obligates one to support that society's political institutions The obligations in question are not moral requirements derived from general moral principles as is often supposed but a matter of one's participation in a special kind of commitment joint commitment An agreement is sufficient but not necessary to generate such a commitment Gilbert uses the phrase plural subject to refer to all of those who are jointly committed in some way She therefore labels the theory offered in this book the plural subject theory of political obligation The author concentrates on the exposition of this theory carefully explaining how and in what sense joint commitments obligate She also explores a classic theory of political obligation actual contract theory according to which one is obligated to conform to the laws of one's country because one agreed to do so She offers a new interpretation of this theory in light of a theory of plural subject theory of agreements She argues that actual contract theory has more merit than has been thought though the more general plural subject theory is to be preferred She compares and contrasts plural subject theory with identification theory relationship theory and the theory of fair play She brings it to bear on some classic situations of crisis and in the concluding chapter suggests a number of avenues for related empirical and moral inquiry Clearly and compellingly written *A Theory of Political Obligation* will be essential reading for political philosophers and theorists

The Oxford Handbook of Political Obligation, 2025-09-28 The Oxford Handbook of Political Obligation offers an authoritative up to date overview of research in this field In recent decades scholars have developed strong criticisms of the traditional reasons given to explain political obligations At present skepticism about the possibility of a convincing account may well be the dominant position in the literature These philosophical developments run alongside changed political and social circumstances In recent years Western political systems have come under suspicion with citizens led to question traditional reasons why they should obey them Additional factors renewing interest in political obligation include the emergence of new democracies in Eastern Europe occasioned by the fall of the Soviet Union and unrest in many American cities especially over issues of racial justice This Handbook has two main foci contemporary philosophical debates about political obligation and responses to political social circumstances that raise questions about requirements to obey the law Traditional theories of obligation are addressed in a series of essays by well known authorities while additional essays canvass new approaches including the possibility of legitimate states without moral requirements to obey them and skeptical conclusions from important theorists Responses to political and social circumstances include civil disobedience and more radical approaches In addition political obligations are addressed as they bear on emerging democracies and unjust and authoritarian regimes

Reconstructing Political Theory Mary Lyndon Shanley, Uma Narayan, 1997 In this volume a companion to *Feminist Interpretations and Political Theory* Penn State 1991 edited by Mary Lyndon Shanley and Carole Pateman leading feminist theorists rethink the traditional concepts of political theory and expand the range of problems and

concerns regarded as central to the analysis of political life Written by well known scholars in philosophy political science sociology and law the book provides a rich interdisciplinary account of key issues in political thought While some of the chapters discuss traditional concepts such as rights power freedom and citizenship others argue that topics less frequently discussed in political theory such as the family childhood dependency compassion and suffering are just as significant for an understanding of political life The Introduction shows how such diverse topics can be linked together and how feminist political theory can be elaborated systematically if it takes notions of independence and dependency public and private and power and empowerment as central to its agenda

The Oxford Handbook of Political Theory John S Dryzek, Bonnie Honig, Anne Phillips, 2008-06-12 Oxford Handbooks of Political Science are the essential guide to the state of political science today With engaging contributions from 51 major international scholars the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond

Gender, Class, and Freedom in Modern Political Theory Nancy J. Hirschmann, 2009-04-11 In *Gender Class and Freedom in Modern Political Theory* Nancy Hirschmann demonstrates not merely that modern theories of freedom are susceptible to gender and class analysis but that they must be analyzed in terms of gender and class in order to be understood at all Through rigorous close readings of major and minor works of Hobbes Locke Rousseau Kant and Mill Hirschmann establishes and examines the gender and class foundations of the modern understanding of freedom Building on a social constructivist model of freedom that she developed in her award winning book *The Subject of Liberty Toward a Feminist Theory of Freedom* she makes in her new book another original and important contribution to political and feminist theory Despite the prominence of state of nature ideas in modern political theory Hirschmann argues theories of freedom actually advance a social constructivist understanding of humanity By rereading human nature in light of this insight Hirschmann uncovers theories of freedom that are both more historically accurate and more relevant to contemporary politics Pigeonholing canonical theorists as proponents of either positive or negative liberty is historically inaccurate she demonstrates because theorists deploy both conceptions of freedom simultaneously throughout their work

Border Crossings Fred Reinhard Dallmayr, 1999-01-01 Comparative political theory is at best an embryonic and marginalized endeavor As practiced in most Western universities the study of political theory generally involves a rehearsal of the canon of Western political thought from Plato to Marx Only rarely are practitioners of political thought willing and professionally encouraged to transgress the canon and thereby the cultural boundaries of North America and Europe in the direction of genuine comparative investigation *Border Crossings* presents an effort to remedy this situation fully launching a new era in political theory Thirteen scholars from around the world examine the various political traditions of West South and East Asia and engage in a reflective cross cultural discussion that belies the assumptions of an Asian essence and of an unbridgeable gulf between West and non West The denial of essential differences does not however amount to an endorsement of essential sameness As viewed and as practiced by contributors to this ground

breaking volume comparative political theorizing must steer a course between uniformity and radical separation this is the path of border crossings

Canon Fodder Penny A. Weiss, 2015-11-09 This book is an exercise in the recovery of historical memory about a set of thinkers who have been forgotten or purposely ignored and as a result never made it into the canon of Western political philosophy Penny Weiss calls them canon fodder recalling the fate of soldiers in war who are treated by their governments and military leaders as expendable Despite some real progress at recovery over the past few decades and the now frequent references to a few female thinkers like Mary Wollstonecraft Hannah Arendt and Simone de Beauvoir the surface has only been scratched and the rich resources of women's writings about political ideas remain still largely untapped Included here and intended to further whet the palate are figures from Sei Shōnagon Christine de Pizan and Mary Astell to Elizabeth Cady Stanton Anna Julia Cooper and Emma Goldman Restoring female thinkers to the conversation of political philosophy is the primary goal of this book Part I deploys a range of these thinkers to discuss the nature of political inquiry itself Part II focuses on alternative approaches to and visions of core political ideas equality power revolution childhood and community While mainly an intellectual act of revival this book also affects practical political life because remote and academic as they sometimes appear debates about what to include in the canon ultimately touch almost everyone students handed texts from lists of great books to guide them and citizens whose governments justify their actions with ideas from political texts deemed classic

Rethinking Obligation A Feminist Method For Political Theory Introduction

In today's digital age, the availability of Rethinking Obligation A Feminist Method For Political Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rethinking Obligation A Feminist Method For Political Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rethinking Obligation A Feminist Method For Political Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rethinking Obligation A Feminist Method For Political Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rethinking Obligation A Feminist Method For Political Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rethinking Obligation A Feminist Method For Political Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rethinking Obligation A Feminist Method For Political Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rethinking Obligation A Feminist Method For Political Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rethinking Obligation A Feminist Method For Political Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Rethinking Obligation A Feminist Method For Political Theory Books

What is a Rethinking Obligation A Feminist Method For Political Theory PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Rethinking Obligation A Feminist Method For Political Theory PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Rethinking Obligation A Feminist Method For Political Theory PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Rethinking Obligation A Feminist Method For Political Theory PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a Rethinking Obligation A Feminist Method For Political Theory PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with

PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
