Rethinking Peter Weiss:

Rethinking Peter Weiss Jost Hermand, Marc Silberman, 2000 Weiss's substantial oeuvre has become a casualty of the cold war's end, the collapse of socialism and the beginning of a new millennium as one would call it. This strikes us as a valid reason to reconsider Peter Weiss to face the challenge of rethinking the work of a writer and artist who was a committed socialist and utopian thinker at a time when these very categories have been fundamentally called into question. *An Introduction to the Works of Peter Weiss* Olaf Berwald, 2003 Discusses Weiss's plays, fiction, autobiography and non-fiction prose. Pp 22-25 illuminate *Die Ermittlung*, an oratorio based on Weiss's 1964 attendance at the Frankfurt war crimes trial. He used actual documents both aesthetically and politically. 18 of the defendants appear with their real names, either defending themselves with the jargon of doing their duty or totally denying their guilt. Among the charges against these Nazis were conducting medical experiments, torture and murder. Ch 7 pp 107-129 elucidates Weiss's three-volume novel *Die ästhetik des Widerstands* about resistance to Nazism in thought and action. The characters in the novel are based on members of the Rote Kapelle resistance group. Politics and creative thinking/art are shown as complementary, not contradictory. **Re-examining the Holocaust through Literature** Aukje Kluge, Benn E. Williams, 2009-03-26 In the late 1980s Holocaust literature emerged as a provocative but poorly defined scholarly field. The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books, fiction, film and poetry as well as the more traditional diaries, memoirs and journals. Ten contributors from four countries engage issues of authenticity, evangelicalism, morality, representation, personal experience and wish fulfillment in Holocaust literature, which have been the subject of controversies in the US, Europe and the Middle East. Of interest to students and instructors of antisemitism, national and comparative literatures, theater, film, history, literary criticism, religion and Holocaust studies, this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context. *Swedish Film* Maria Larsson, Anders Marklund, 2012-01-02 A compilation of carefully selected articles written by international film scholars, this record provides an in-depth look into the history of Swedish film. This scholarly account covers various phenomena including the early screenings at the turn of the century, Swedish censorship, the golden age of silent films, 1930s comedies and melodramas, documentaries, pornography and experimental films. In addition, this volume examines the work of important contributors such as Ingmar Bergman, Stefan Jarl and Peter Weiss and discusses film policies of the new millennium. **Speaking the Unspeakable in Postwar Germany** Sonja Boos, 2015-03-10 In this interdisciplinary study of a diverse set of public speeches given by major literary and cultural figures in the 1950s and 1960s, Sonja Boos demonstrates that these speakers both facilitated and subverted the construction of a public discourse about the Holocaust in postwar West Germany. **Rethinking Psychiatry** Arthur Kleinman, 2008-06-30 In this book Kleinman proposes an international view of mental illness and mental care. Arthur

Kleinman M D examines how the prevalence and nature of disorders vary in different cultures how clinicians make their diagnoses and how they heal and the educational and practical implications of a true understanding of the interplay between biology and culture

The Pathos of the Real Robert Buch,2010-12-15 This book is about the ambition in a set of paradigmatic writers of the twentieth century to simultaneously enlist and break the spell of the real their fascination with the spectacle of violence and suffering and the difficulties involved in capturing this kind of excess by aesthetic means The works at the center of this study by Franz Kafka Georges Bataille Claude Simon Peter Weiss and Heiner Müller zero in on scenes of agony destruction and death with an astonishing degree of precision and detail The strange and troubling nature of the appeal engendered by these sights is the subject of *The Pathos of the Real* Robert Buch shows that the spectacles of suffering conjured up in these texts are deeply ambivalent available neither to cathartic relief nor to the sentiment of compassion What prevails instead is a peculiar coincidence of opposites exaltation and resignation disfiguration and transfiguration agitation and paralysis Featuring the experiences of violent excess in strongly visual and often in expressly pictorial terms the works expose the nexus between violence and the image in twentieth century aesthetics Buch explores this tension between visual and verbal representation by drawing on the rhetorical notion of pathos as both insurmountable suffering and codified affect and the psychoanalytic notion of the real that is the disruption of the symbolic order In dialogue with a diverse group of thinkers from Erich Auerbach and Aby Warburg to Alain Badiou and Jacques Lacan *The Pathos of the Real* advances an innovative new framework for rethinking the aesthetics of violence in the twentieth century

The Piscatorbühne Century Drew Lichtenberg,2021-11-21 This study of the Piscatorbühne season of 1927-1928 uncovers a vital previously neglected current of radical experiment in modern theater a ghost in the machine of contemporary performance practices A handful of theater seasons changed the course of 20th and 21st century theatre But only the Piscatorbühne of 1927-1928 went bankrupt in less than a year This exploration tells the story of that collapse how it predicted the wider collapse of the late Weimar Republic and how it relates to our own era of political polarization and economic instability As a wider examination of Piscator's contributions to dramaturgical and aesthetic form *The Piscatorbühne Century* makes a powerful and timely case for the renewed significance of the broader epic theater tradition Drawing on a rich archive of interwar materials Drew Lichtenberg reconstructs this germinal nexus of theory and praxis for the modern theatre This book will be of great interest to students and scholars in theatre performance art and literature

Antisemitic Elements in the Critique of Capitalism in German Culture, 1850-1933 Matthew Lange,2007 This volume examines selected works of German literature from Gustav Freytag to Joseph Goebbels in relation to ethical socio economic and political texts from the economic take off period in the middle of the nineteenth century up to the rise of National Socialism and investigates two aspects of anti-Semitic anti-capitalistic representations contained therein First it traces how the Jews gained the dubious distinction of being the inventors even embodiment of capitalism and elaborates on negative traits assigned to both of them

Second it examines how representations of specifically Jewish capitalists were instrumentalized both to discredit laissez faire and simultaneously to assist in the definition of a specifically German socio economic ethos Encyclopedia of Modern Jewish Culture Glenda Abramson,2004-03-01 The Encyclopedia of Modern Jewish Culture is an extensively updated revision of the very successful Companion to Jewish Culture published in 1989 and has now been updated throughout Experts from all over the world contribute entries ranging from 200 to 1000 words broadly covering the humanities arts social sciences sport and popular culture and 5000 word essays contextualize the shorter entries and provide overviews to aspects of culture in the Jewish world Ideal for student and general readers the articles and biographies have been written by scholars and academics musicians artists and writers and the book now contains up to date bibliographies suggestions for further reading comprehensive cross referencing and a full index This is a resource no student of Jewish history will want to go without
