Engendering Blackness Patrice D. Douglass, 2025-06-24 In this incisive new book Patrice D Douglass interrogates the relationship between sexual violence and modern racial slavery and finds it not only inseparable but also fundamental to the structural predicaments facing Blackness in the present Douglass contends that the sexual violability of slaves is often misappropriated by frameworks on sexual violence that privilege its occurrences as a question of ethics sexual agency and feminine orders of gendering Rather this book foregrounds Blackness as engendered by sexual violence which forcefully re produces Blackness corporeally and conceptually as a condition that lacks the capacity to ontologically distinguish its suffering from what it means to be human By employing and critically revising Black feminist theory and Afro pessimism Douglass reveals that engaging primarily with the sexualization of the slave forces theories of sexual violence to interrogate why this violence one of the most prevalent under slavery continues to lack a grammar of fundamental redress There are no reparations struggles for the generational transfer of sexual violation and the inability of present frameworks to rectify the sexual stains of slavery lies precisely in the fact that what made this history possible continues to haunt arrangements of life today Engendering Blackness urgently articulates the way our present understandings of Blackness and humanness are bound by this vexed sexual history

Incarnating Grace Julia Feder, 2023-11-07 Prioritizes survivors of abuse by reexamining Christian ideals about suffering and salvation More than half of women and almost one in three of men in the United States have experienced sexual violence at some time in their lives Yet our Christian tradition has failed survivors of sexual violence who have been taught to believe that traumatic suffering brings us closer to God Incarnating Grace attempts to save our broken ways of talking about God s grace by unearthing liberating resources buried in the Christian tradition Christian ideas about salvation have historically contributed to sexual violence in our communities by reinforcing the idea that suffering is salvific But a God worth worshipping does not want human beings to suffer Drawing on the sixteenth century Spanish mystic Teresa of Avila as well as contemporary political and feminist theologians philosophers and legal scholars author and Associate Professor of theology Julia Feder offers an account of Christian salvation as mystical political Feder begins by describing the breadth of traumatic wounding and the shape of traumatic recovery as articulated by psychologists Since the fullness of post traumatic healing requires reserves deeper than those which can be articulated by the secular field of psychology alone the book then introduces the Spanish Carmelite Saint Teresa of Avila and her theological insights which are most helpful for constructing a post traumatic theology of healing Arguing that God stands against violence and suffering the book also examines the notion of senseless suffering a technical term that comes from Edward Schillebeeckx a Catholic twentieth century Flemish priest and theologian The

suffering of sexual violence serves no higher purpose or greater human value and pushes against all ways of making sense of the world as good and orderly In the following chapters Feder turns to two Christian virtues that animate post traumatic recovery courage and hope and explores how Christian hope can provide a language to empower courageous activity undertaken toward healing Incarnating Grace opens a new dialogue about salvation and violence that does not allow evil to have the last word

Rethinking Rape Law Clare McGlynn, Vanessa E. Munro, 2010-07-12 *Rethinking Rape Law* provides a comprehensive and critical analysis of contemporary rape laws across a range of jurisdictions In a context in which there has been considerable legal reform of sexual offences *Rethinking Rape Law* engages with developments spanning national regional and international frameworks It is only when we fully understand the differences between the law of rape in times of war and in times of peace between common law and continental jurisdictions between societies in transition and societies long inured to feminist activism that we are able to understand and evaluate current practices with a view to change and a better future for victims of sexual crimes Written by leading authors from across the world this is the first authoritative text on rape law that crosses jurisdictions examines its conceptual and theoretical foundations and sets the law in its policy context It is destined to become the primary source for scholarly work and debate on sexual offences laws

Obscene Pedagogies Carissa M. Harris, 2018-12-15 In *Obscene Pedagogies* Carissa M Harris investigates the relationship between obscenity gender and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent Through innovative close readings of literary texts including erotic lyrics single woman s songs debate poems between men and women Scottish insult poetry battles and *The Canterbury Tales* Harris demonstrates how through its transgressive charge and galvanizing shock value obscenity taught audiences about gender sex pleasure and power in ways both positive and harmful Harris s own voice proudly witty and sharply polemical inspires the reader to address these medieval texts with an eye on contemporary issues of gender violence and misogyny

Genocide and Gender in the Twentieth Century Amy E. Randall, 2021-12-16 Focusing on events in Rwanda Armenia and the former Yugoslavia as well as the Holocaust *Genocide and Gender in the Twentieth Century* investigates how historically and culturally specific ideas led to genocidal sexual violence Expert contributors also consider how these ideas in conjunction with issues relating to femininity masculinity and understandings of gendered identities contributed to perpetrators tools and strategies for ethnic cleansing and genocide The 2nd edition features Five brand new chapters which explore imperialism race gender and genocide the Cambodian genocide memory and intergenerational transmission of Holocaust trauma and genocide gender and memory in the Armenian case An extended and enhanced introduction which

makes use of recent scholarship on gender and violence Historiographical and bibliographical updates throughout Key primary document excerpt from the 1948 UN Convention on the Prevention and Punishment of Genocide Updated and revised in its second edition Genocide and Gender in the Twentieth Century is the authoritative study on the complex gender dimensions of ethnic cleansing and genocide in the 20th century

Restorative Responses to Sexual Violence Estelle Zinsstag, Marie Keenan, 2017-02-17 Sexual violence in all its forms is a crime for which anecdotal accounts and scholarly reports suggest victims in their great majority do not receive adequate justice or redress The theory and practice of restorative justice is rapidly developing and offers some well argued new avenues for dealings with crime in general It has the potential to be extended to cases of sexual violence and a number of small scale programmes are already underway across the world Restorative Responses to Sexual Violence examines this innovative justice paradigm in more depth in the particular context of sexual trauma and violence in order to establish the empirical realities of restorative justice approaches in cases of sexual violence and considers how such approaches could be developed adequately in the future This book is divided into two parts each representing a key area of research and practice theoretical and conceptual frameworks and justice and therapeutic perspectives This international collection brings together leading expert scholars and practitioners to offer both theoretical and practical perspectives on restorative justice and sexual violence This book will be of interest to researchers in the field of law criminology psychology social science social work and psychotherapy as well as practitioners in the fields of criminal justice restorative justice and sex offender and victim trauma therapies

Women as Wartime Rapists Laura Sjoberg, 2016-11-22 Women as Wartime Rapists reveals the stories of female perpetrators of sexual violence and their place in wartime conflict legal policy and the punishment of sexual violence Very few women are wartime rapists Very few women issue commands to commit sexual violence Very few women play a role in making war plans that feature the intentional sexual violation of other women This book is about those very few women More broadly Laura Sjoberg asks what do the actions and perceptions of female perpetrators of sexual violence reveal about our broader conceptions of war violence sexual assault and gender This book explores specific historical case studies such as Nazi Germany Serbia the contemporary case of ISIS and others to understand how and why women participate in rape during war and conflict Sjoberg examines the contrast between the visibility of female victims and the invisibility of female perpetrators as well as the distinction between rape and genocidal rape which is used as a weapon against a particular ethnic or national group Further she explores women s engagement with genocidal rape and how some orchestrated the ethnic cleansing of entire regions A provocative approach to a sensationalized topic Women as Wartime Rapists offers important insights into not only the topic of female perpetrators of wartime sexual violence but to larger notions of gender and violence with crucial cultural legal and political implications

The SAGE Handbook of Feminist Theory Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences

Routledge International Handbook of Ignorance Studies Matthias Gross, Linsey McGoey, 2022-06-27 Once treated as the absence of knowledge ignorance has now become a highly influential and rapidly growing topic in its own right This new edition of the seminal text in the field is fully revised and includes new and expanded chapters on religion domestic law and jurisprudence sexuality and gender studies memory studies international relations psychology decision theory and colonial history The study of ignorance has attracted growing attention across the natural and social sciences where a wide range of scholars explore the social life and political issues involved in the distribution and strategic use of not knowing This handbook reflects the interdisciplinary field of ignorance studies by drawing contributions from economics sociology history philosophy cultural studies anthropology feminist studies and related fields to serve as a path breaking guide to the political legal and social uses of ignorance in social and political life This book will be indispensable for anyone seeking to understand the important role played by ignorance in contemporary society culture and politics Chapter 21 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Women and Genocide Elissa Bemporad, Joyce W. Warren, 2021-12-22 Essays that use gender as a critical lens for staging intersectional multidisciplinary investigations of genocide in the 20th and 21st centuries Reading Religion The genocides of modern history Rwanda Armenia Guatemala the Holocaust and countless others and their effects have been well documented but how do the experiences of female victims

and perpetrators differ from those of men In Women and Genocide human rights advocates and scholars come together to argue that the memory of trauma is gendered and that women s voices and perspectives are key to our understanding of the dynamics that emerge in the context of genocidal violence The contributors of this volume examine how women consistently are targets for the sexualized violence that serves as an instrument of ethnic cleansing how female perpetrators take advantage of the new power structures and how women are involved in the struggle for justice in post genocidal contexts By placing women at center stage Women and Genocide helps us to better understand the nexus existing between misogyny and violence in societies where genocide erupts It elegantly bridges the historical divide between the study of political violence and the study of gendered violence in the so called domestic sphere Women and Genocide is an immense scholarly accomplishment that has the potential to fund creative advances in each of the scholarly disciplines it engages as well as human rights peace and anti violence programs of advocacy Reading Religion
