Into the Mystic Dennis P. McMahon,2007-11 As spiritual beings having a human experience we are all capable of entering Into the Mystic For the Mystic that expanded state of awareness where we can connect with Spirit and experience other realities has been accessible to us from the very beginning when we as children were much more capable of having mystical experiences However as we stray from the innocence and openness of childhood we tend to lose our spiritual capabilities Nevertheless as *Into the Mystic* reveals and promises in a unique and entertaining way we can reclaim the true magic and birthright of our youth by following a spiritual path pursuing ultimate reality and thereby come to know ourselves and God in the process *Into the Mystic* From the Streets of Brooklyn is an exploration of self and ultimate reality through shamanism after death communications past life regressions and original mystical thought The work is filled with tales of wondrous real life mystical adventures and spiritual encounters and is deep and magical enough to be appreciated by even the most enlightened among us However *Into the Mystic* is simultaneously intended to be shared and enjoyed by our less spiritually inclined friends mates and significant others and can actually help bridge the seemingly insurmountable gap between believers and skeptics

Wandering Between Worlds: Journeys in Shamanic Consciousness Wolf Wies,2020-02-21 From time immemorial our ancestors lived in a direct relationship with nature and Earth Through this intimacy they were unquestionably a part of the entire continuity of the universe and all living beings Illness personal problems and natural catastrophes were understood as signs of a disturbance in the individual or

social equilibrium and the relationship with the Gods spirits and ancestors People with a special gift who were borne by the spirit could sense these disorders and call attention to the means to restore this delicate balance The enormous spiritual potential endowed to humankind revealed itself through them Over thousands of years they developed remarkable systems including various rituals practices and healing processes known today as Shamanism In this way and often by accessing ecstatic trance states the shamans experience other more penetrating levels of consciousness to heal and solve problems for individuals and the community as a whole Shamans have numerous tasks and roles in almost all tribal communities These women and men are healers priests psychologists therapists advisers bearers of the myths warriors hunters and often also dancers singers and artists rolled into one As the link and go between to the Divine by utilizing a variety of practices usually supported by rhythms and singing they experience the natural access to the spiritual level In ecstasy they undertake journeys into hidden realities and parallel worlds which are usually only revealed to us through myths and dreams In this state in which time and space do not exist they can recognize the echoes of the past and developments in the future *Riding Windhorses* Sarangerel,2000-03-01 The first book written about Mongolian and Siberian shamanism by a shaman trained in that tradition A thorough introduction to Mongolian and Siberian shamanic beliefs and practices which until the collapse of the Soviet Union were banned from being practiced Includes rituals for healing and divination techniques In traditional Mongolian Buryat culture shamans play an important role maintaining the tegsh the balance of the community They counsel a path of moderation in one s actions and reverence for the natural world which they view as mother to humanity Mongolians believe that if natural resources are taken without thanking the spirits for what they have given those resources will not be replaced Unlike many other cultures whose shamanic traditions were undermined by modern civilization shamans in the remote areas of southern Siberia and Mongolia are still the guardians of the environment the community and the natural order *Riding Windhorses* is the first book written on Mongolian and Siberian shamanism by a shaman trained in that tradition A thorough introduction to Mongolian Siberian shamanic beliefs and practices it includes working knowledge of the basic rituals and various healing and divination techniques Many of the rituals and beliefs described here have never been published and are the direct teachings of the author s own shaman mentors
