*Buff Facings and Gilt Buttons* J. Boone Bartholomees, 1998 The staff system of the Army of Northern Virginia demonstrates one of the peculiar traits of the Civil War That war occurred on a cusp of military history it had elements both ancient and modern and it reflected the struggle of soldiers trying to reconcile the two Civil War military institutions had their roots firmly planted in the traditions and doctrine of the past while they confronted modern problems The story of the disconnection between linear tactics that would have been recognizable to either Alexander or Frederick the Great and deadly rifled muskets is familiar The story of ill trained and ill prepared staffs trying to coordinate all the intricate details of a vast semimodern army operating in a huge theater of war with doctrine and procedures that would soon be if they were not already outmoded is less familiar That is the story of staff work in the Army of Northern Virginia

**The Maps of Spotsylvania Through Cold Harbor** Bradley M. Gottfried, 2023-01-04 The Maps of Spotsylvania through Cold Harbor continues Bradley M Gottfried s efforts to study and illustrate the major campaigns of the Civil War s Eastern Theater This is the ninth book in the ongoing Savas Beatie Military Atlas Series After three years of bloody combat in Virginia President Abraham Lincoln promoted Ulysses S Grant to general in chief in early 1864 Grant immediately went to work planning a comprehensive strategy to bring an end to the war He hungered to remain with the Western armies but realized his place was in Washington Unwilling to be stuck in an office Grant joined George Meade s Army of the Potomac His presence complicated Meade s ability to direct his army but Grant promised to stay out of his way and give only strategic directives This arrangement lasted through the Wilderness Campaign the first action in what is now referred to as the Overland Campaign This book continues the actions of both armies through the completion of the Overland Campaign After the Wilderness fighting the Army of the Potomac attempted to swing around the right flank of Gen Robert E Lee s Army of Northern Virginia and shoot straight for Richmond The Confederate capital was never the goal the move was intended to force Lee out into the open where the larger and well stocked Union army could destroy it The head of Lee s army blunted the enemy at Spotsylvania Court House where both sides dug in Days and men were wasted on fruitless attacks until Col Emory Upton designed an audacious strike that temporarily penetrated Lee s works A much larger offensive against the Mule Shoe two days later tore the line open destroyed a Rebel division and triggered a long day of fighting More fighting convinced Grant of the folly of further attempts to crush Lee at Spotsylvania and again he swung around the Rebel right flank The march ignited almost continuous fighting at the North Anna Bethesda Church and Cold Harbor where this volume ends This study includes the various cavalry actions including those at Spotsylvania Court House Yellow Tavern Haw s Tavern and Matadequin Creek The Maps of Spotsylvania through Cold Harbor breaks down the entire operation into thirty five map sets or action sections enriched with 134 detailed full page color maps These cartographic originals bore down to the regimental and battery level and include the march to and from the battlefields and virtually every significant event in between At least

two and as many as ten maps accompany each map set Keyed to each piece of cartography is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the Spotsylvania story come alive This unique presentation allows readers to easily and quickly find a map and text on any portion of the campaign from the march to Spotsylvania to Cold Harbor Serious students will appreciate the extensive and authoritative endnotes and complete order of battle Everyone will want to take the book along on trips to these battlefields Perfect for the easy chair or for stomping the hallowed ground The Maps of Spotsylvania through Cold Harbor is a seminal work that belongs on the bookshelf of every serious student of the battle **The 2nd**

**North Carolina Cavalry** Roger H. Harrell,2010-07-27 The 2nd North Carolina Cavalry fought its first major battle in its home state at New Bern on March 14 1862 and narrowly escaped with its men and reputation intact The regiment was nearly decimated in the Gettysburg Campaign but was rebuilt and later fought with Robert E Lee s cavalry in most major battles including Appomattox Court House on April 9 1865 with only a handful of men This history covers not only the 2nd North Carolina Cavalry s accomplishments and failures but the events going on around them which influenced their actions and performance The author pays particular attention to the 2nd North Carolina s involvement with the Army of Northern Virginia and the North Carolina Cavalry Brigade and includes official documents letters written to and from home diaries and memoirs to present the soldiers war experiences **From Social Movement to Moral Market** Paul-Brian

McInerney,2014-01-01 In From Social Movement to Moral Market Paul Brian McInerney explores what happens when a movement of activists gives way to a market for entrepreneurs This book explains the transition by tracing the brief and colorful history of the Circuit Riders a group of activists who sought to lead nonprofits across the digital divide In a single decade this movement spawned a market for technology assistance providers dedicated to serving nonprofit organizations In contrast to the Circuit Riders grassroots approach which was rooted in their commitment to a cause these consultancies sprung up as social enterprises blending the values of the nonprofit sector with the economic principles of for profit businesses Through a historical institutional analysis this narrative shows how the values of a movement remain intact even as entrepreneurs displace activists While the Circuit Riders serve as a rich core example in the book McInerney s findings speak to similar processes in other moral markets such as organic food exploring how the evolution from movement to market impacts activists and enterprises alike **An Eventful Life Ebook** Alison Duthie,2010-11-24 **Staff Ride**

**Handbook for the Overland Campaign, Virginia, 4 May to 15 June 1864: A Study in Operational-Level Command , The Battles for Spotsylvania Court House and the Road to Yellow Tavern, May 7--12, 1864** Gordon C.

Rhea,2005-03 The second volume in Gordon C Rhea s peerless five book series on the Civil War s 1864 Overland Campaign abounds with Rhea s signature detail innovative analysis and riveting prose Here Rhea examines the maneuvers and battles from May 7 1864 when Grant left the Wilderness through May 12 when his attempt to break Lee s line by frontal assault

reached a chilling climax at what is now called the Bloody Angle Drawing exhaustively upon previously untapped materials Rhea challenges conventional wisdom about this violent clash of titans to construct the ultimate account of Grant and Lee at Spotsylvania     The Billboard ,1926     Cheyennes and Horse Soldiers William Y. Chalfant,2002-10-01 In July 1857 the first major battle between the U S Army and the Cheyenne Indians took place in present day northwest Kansas The Cheyennes had formed a grand line of battle such as was never again seen in Plains Indians wars But they had not seen sabres before and when the cavalry charged sabres drawn they panicked William Y Chalfant re creates the human dimensions of a battle that was as much a clash of cultures as it was a clash of the U S cavalry and Cheyenne warriors     *The Saddle and Show Horse Chronicle* ,1920
