Right And Wrong How To Decide For Yourself

Hugh Mackay

Right And Wrong How To Decide For Yourself:

Right and Wrong Hugh Mackay, 2011-01-23 In modern Western societies we are presented with a huge array of choices and encouraged to believe that having the freedom to choose sets us on the path to happiness Yet as renowned social commentator Hugh Mackay shows in *Right Wrong* how to decide for yourself freedom to choose is no freedom at all unless it is accompanied by the confidence of knowing we have made the right choice In this insightful book Hugh Mackay suggests some personal strategies that will make it easier to work out what is right and wrong for you whenever you are confronted by a moral choice In an engaging conversational style Hugh confidently tackles the moral minefield of personal relationships business ethics the difference between legal and ethical morality and religion and why they should not be confused the benefits of moral mindfulness and the reasons why we should strive for a good life in which we are true to ourselves and sensitive to the wellbeing of others who might be affected by our actions

Right and Wrong Hugh Mackay, 2011-03-01 How can you be sure you're doing the right thing Can some actions be legally right yet morally wrong What are the rights and wrongs of leaving a relationship Are the rules different for sex Is it always wrong to tell a lie Why be good No one pretends that making moral choices is easy In this updated edition which includes a new prologue on the moral minefields of power and wealth Hugh Mackay argues that because morality is all about the way we treat each other we make our best decisions at work among friends in the neighbourhood in a marriage or a family when we imagine how our actions might affect the wellbeing of others Our moral choices actually help shape the kind of society we live in for better or worse At a time when many of us are struggling to navigate an ever more complex world *Right Wrong* offers you the essential tools for making confident moral choices and for deciding what's right for you and for the people around you

A Wiccan Bible A.J. Drew, 2025-09-12 If there is one quote from this book which deserves to be emblazoned on the opening pages of your Book of Shadows above the door of your house or temple and in every mind it is this Wicca is not a place to go it is a journey to take Spiral Nature For thousands of years we have been told that God was a man Then someone reminded us of when God was a woman Now we have a reference for the sensible folk who have always felt that it takes two If you have ever thought there was more to religion than ancient rituals performed for reasons unknown this book will show you exactly what you have been looking for If you have already come to the realization that Wicca is the religion for you this book will help fill those many blanks that have been left by other books Author A.J. Drew makes no attempt to dictate religious dogma or routine He is quick to point out that the title does not start with the word the He illustrates the many issues a person's religion should address and shows how he has been able to find answers to those issues through the practice of a modern religion that was based on some of the oldest principles of the ancient world *A Wiccan Bible* takes you through the journey of life in three stages Maiden and Master Creation Wiccaning and Self dedication Mother and Father Initiation Handfasting Handparting and the Wheel of the Year Crone and Sage Community the world and death Mythology and science converge as the author details a life's

journey into a religion with both old world ritual and new world science fusing both into a creation myth which satisfies not only mind but soul as well A Wiccan Bible not only shows a religious path filled with joy but one that offers the ability to accept and manage sorrow It is filled with ritual and with the reasons why ritual is fulfilling rewarding and a necessary part of everyday life As A J addresses each issue he demonstrates not only how he found the solutions in Wicca and the many ways in which science and magick have helped him to do so A Wiccan Bible also contains select recipes that the author has collected including mixtures for incense oils and baths

Reading and Writing for Civic Literacy Donald

Lazere,2015-12-03 This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading writing and thinking skills for self defense in the contentious arena of American civic rhetoric Designed for first year or more advanced composition and critical thinking courses it is one third shorter than the original edition more affordable for students and easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis

Discourses of Religion and Secularism in Religious Education Classrooms Karin

Kittelman Flensner,2017-07-07 This book answers the question on how students and teachers talk about religion when the mandatory and nonconfessional school subject of Religious Education is on the schedule in the world s most secular country To do this it analyses discourses of religion as they occur in the classroom practice It is based on findings from participant observation of Religious Education lessons in several upper secondary schools in Sweden The book discusses different aspects of the role and function of nonconfessional integrative Religious Education in an increasingly pluralistic multireligious yet also secularized society at a general level It looks at the religious landscape different perspectives on school subjects various models and the development of Religious Education and discourses of religion of a secularist spiritual and nationalistic nature Religious Education is a school subject that manoeuvres in the midst of a field that on the one hand concerns crucial knowledge in a pluralistic society and on the other hand deals with highly contested questions in a society characterized by diversity and secularity In the mandatory integrative and non confessional school subject of Religious Education in Sweden all students are taught together regardless of religious or secular affiliation The subject deals with major world religions important non religious worldviews and ethics from a non confessional perspective Thus in the classroom individuals who identify with diverse religious and non religious worldviews with a different understanding of what religion could be and what it might mean to be religious are brought together The book examines questions raised in this pluralistic context What discourses of religion become hegemonic in the classroom How do these discourses affect the

possibility of reaching the aim of Religious Education which concerns understanding and respect for different ways of thinking and living in a society characterized by diversity Mark Twain's Fables of Man Mark Twain,2023-12-22 For years many of Twain s philosophical religious and historical fantasies concerning the nature and condition of humanity remained unpublished Thirty six of these writings make their first appearance here For years many of Twain s philosophical religious and historical fantasies concerning the nature and condition of humanity remained unpublished Thirty six of these writings make their first appearance here *The Bible According to Mark Twain* Mark Twain,1995 This volume collects the most important writings by Mark Twain in which he used biblical settings themes and figures Featuring Twain s singular portrayals of God Adam Eve Satan Methuselah Shem St Peter and others the writings stand among Twain s most imaginative expressions of his views on human nature and humankind s relation to the Creator and the universe Composed over four decades 1871 1910 the writings range from farce to fantasy to satire each one bearing the mark of Twain s unmistakable wit and insight Among the many delights in store for readers are Adam and Eve s divergent accounts of their domestic troubles Methuselah s discussion of an ancient version of baseball complete with a parody of baseball jargon Shem s hand wringing account of how material shortages and labor troubles were hampering the progress of the ark his father Noah was building a description of the disruptive actions of the fire and brimstone evangelist Sam Jones upon arriving in heaven Captain Stormfield s revelations of what heaven is really like Satan s musings on our puerile concepts of the afterlife and Twain s advice on how to dress and tip properly in heaven Twain s humor however is never gratuitous As readers laugh their way through this volume they will find ample evidence of Twain s concerns about scriptural fallacies and inconsistencies the Bible s rather flat portrayal of important characters and our limited notions about the nature and meaning of our own and God s existence Many of the pieces in this collection even the most lighthearted might still be considered controversial of some of the darker pieces Twain himself acknowledged that they would be heretical in any age Moreover these writings are valuable cultural artifacts of a time when across the Western world fundamental religious beliefs were being called into question by the precepts of Darwinism and the rapid advances of science and technology Several of this volume s selections are previously unpublished others like *Letters from the Earth* are classics Virtually all have been newly edited to reflect as closely as possible Twain s final intentions for their form and content For serious Twain devotees editors Howard G Baetzhöld and Joseph B McCullough have supplied an abundance of background material on the writings including details on the history of their composition publication and relevance to the Twain canon The Devil's Race-Track Mark Twain,2023-11-15 Mark Twain explores the darker side of life in these lesser known later writings dealing with personal tragedies nightmarish world events and a doubtful cosmic order He views his own situation as that of a ship trapped in a fearsome Bermuda Triangle like region the Devil s Race Track He sees history as a treadmill of endlessly and monotonously repeated events And he conceives of a universal food chain a vast round of devourers who in their turn become victims humankind and God

included The tone of these writings is lightened considerably by Mark Twain's sagely ironic humor and his warmth which together balance his tough mindedness And even when he shows the human race caught in some vicious circle he may be seen courageously seeking a way out and at times believing he has found it Mark Twain explores the darker side of life in these lesser known later writings dealing with personal tragedies nightmarish world events and a doubtful cosmic order He views his own situation as that of a ship trapped in a fearsome Bermuda Triangle li

Captain America, Masculinity, and Violence J. Richard Stevens, 2015-05-26 Since 1940 Captain America has battled his enemies in the name of American values and as those values have changed over time so has Captain America's character Because the comic book world fosters a close fan creator dialogue creators must consider their ever changing readership Comic book artists must carefully balance storyline continuity with cultural relevance Captain America's seventy year existence spans from World War II through the Cold War to the American War on Terror beginning as a soldier unopposed to offensive attacks against foreign threats he later becomes known as a defender whose only weapon is his iconic shield In this way Captain America reflects America's need to renegotiate its social contract and reinvent its national myths and cultural identity all the while telling stories proclaiming an eternal and unchanging spirit of America In *Captain America Masculinity and Violence* Stevens reveals how the comic book hero has evolved to maintain relevance to America's fluctuating ideas of masculinity patriotism and violence Stevens outlines the history of Captain America's adventures and places the unfolding storyline in dialogue with the comic book industry as well as America's varying political culture Stevens shows that Captain America represents the ultimate American story permanent enough to survive for nearly seventy years with a history fluid enough to be constantly reinterpreted to meet the needs of an ever changing culture
