

People and Power in the Steelworkers Union

A large, solid red silhouette of a steel mill dominates the lower two-thirds of the cover. It features several tall, jagged smokestacks and complex industrial structures. The background is a solid light grey.

Right To Challenge People And Power In The Steelworkers Union

Melvyn Dubofsky

Right To Challenge People And Power In The Steelworkers Union:

The Right to Manage Howell John Harris,1982 The Ones Who Hit the Hardest Chad Millman,Shawn Coyne,2010-09-02 A stirring portrait of the decade when the Steelers became the greatest team in NFL history even as Pittsburgh was crumbling around them In the 1970s the city of Pittsburgh was in need of heroes In that decade the steel industry long the lifeblood of the city went into massive decline putting 150 000 steelworkers out of work And then the unthinkable happened The Pittsburgh Steelers perennial also rans in the NFL rose up to become the most feared team in the league dominating opponents with their famed Steel Curtain defense winning four Super Bowls in six years and lifting the spirits of a city on the brink In The Ones Who Hit the Hardest Chad Millman and Shawn Coyne trace the rise of the Steelers amidst the backdrop of the fading city they fought for bringing to life characters such as Art Rooney the owner of the team so beloved by Pittsburgh that he was known simply as The Chief Chuck Noll the headstrong coach who used the ethos of steelworkers to motivate his players Terry Bradshaw the strong armed and underestimated QB Joe Green the defensive tackle whose fighting nature lifted the franchise and Jack Lambert the linebacker whose snarling toothless grin embodied the Pittsburgh defense Every story needs a villain and in this one it s played by the Dallas Cowboys As Pittsburgh rusted the new and glittering metropolis of Dallas rich from the capital infusion of oil revenue signaled the future of America Indeed the town brimmed with such confidence that the Cowboys felt comfortable nicknaming themselves America s Team Throughout the 1970s the teams jostled for control of the NFL the Cowboys doing it with finesse and the Steelers doing it with brawn culminating in Super Bowl XIII in 1979 when the aging Steelers attempted to hold off the Cowboys one last time Thoroughly researched and grippingly written The Ones Who Hit the Hardest is a stirring tribute to a city a team and an era Working People of California Daniel Cornford,2022-07-15 From the California Indians who labored in the Spanish missions to the immigrant workers on Silicon Valley s high tech assembly lines California s work force has had a complex and turbulent past marked by some of the sharpest and most significant battles fought by America s working people This anthology presents the work of scholars who are forging a new brand of social history one that reflects the diversity of California s labor force by paying close attention to the multicultural and gendered aspects of the past Readers will discover a refreshing chronological breadth to this volume as well as a balanced examination of both rural and urban communities Daniel Cornford s excellent general introduction provides essential historical background while his brief introductions to each chapter situate the essays in their larger contexts A list of further readings appears at the end of each chapter This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1995 **Arthur J. Goldberg** David Stebenne,1996-05-30 This book is the first biography ever written of Arthur J Goldberg the former labor

lawyer Secretary of Labor under Kennedy and Supreme Court justice which post he resigned at the request of Lyndon Johnson to become U S Ambassador to the United Nations who played a leading role in American political life from World War II until the end of the 1960s Goldberg who never wrote memoirs himself shared his thoughts about his life and work with Stebenne in a series of conversations which took place occasionally from the fall of 1981 through to Goldberg s death in 1990 He also allowed Stebenne access to his papers including those held under seal in presidential libraries and at the Library of Congress Based upon these unique sources and written to be accessible to a wide audience Arthur J Goldberg is both the story of a leading American liberal and a history of modern American liberalism

Working-Class Americanism Gary Gerstle, 2021-04-13 In this classic interpretation of the 1930s rise of industrial unionism Gary Gerstle challenges the popular historical notion that American workers embrace of Americanism and other patriotic sentiments in the post World War I years indicated their fundamental political conservatism He argues that Americanism was a complex even contradictory language of nationalism that lent itself to a wide variety of ideological constructions in the years between World War I and the onset of the Cold War Using the rich and textured material left behind by New England s most powerful textile union the Independent Textile Union of Woonsocket Rhode Island Gerstle uncovers for the first time a more varied and more radical working class discourse

Out of the Crucible Dennis C. Dickerson, 1986-09-15 This book examines in depth the century long struggle of Black laborers in the iron and steel industry of western Pennsylvania In the process it shows how the fate of these Black workers mirrors the contemporary predicament of the Black working class and the development of a chronically unemployed underclass in America s declining industrial centers Dickerson argues that persistent racial discrimination within heavy industry and the decline of major industries during the 1970s are key to understanding the social and economic situation of twentieth century urban Blacks Through a blend of historical research and contemporary interviews this study chronicles the struggle of Black steelworkers to gain equality in the industry and the setbacks suffered as American steelmaking succumbed to foreign competition and antiquated modes of production The plight of western Pennsylvania s Black steelworkers reflects that of Black laborers in Chicago Gary Detroit Cleveland Youngstown Birmingham and other major American cities where heavy industry once flourished

An Injury to All Kim Moody, 2016-03-15 Over the past decade American labor has faced a tidal wave of wage cuts plant closures and broken strikes In this first comprehensive history of the labor movement from Truman to Reagan Kim Moody shows how the AFL CIO s conservative ideology of business unionism effectively disarmed unions in the face of a domestic right turn and an epochal shift to globalized production Eschewing alliances with new social forces in favor of its old Cold War liaisons and illusory compacts with big business the AFL CIO under George Meany and Lane Kirkland has been forced to surrender many of its post war gains With extraordinary attention to the viewpoints of rank and file workers Moody chronicles the major but largely unreported efforts of labor s grassroots to find its way out of the crisis In case studies of auto steel meatpacking and trucking he traces the rise of anti

concession movements and in other case studies describes the formidable obstacles to the organization of the unorganized in the service sector A detailed analysis of the Rainbow Coalition's potential to unite labor with other progressive groups follows together with a pathbreaking consideration of the possibilities of a new labor internationalism

The Oxford Encyclopedia of American Business, Labor, and Economic History Melvyn Dubofsky, 2013 As the global economic crisis that developed in the year 2008 makes clear it is essential for educated individuals to understand the history that underlies contemporary economic developments This encyclopedia will offer students and scholars access to information about the concepts institutions organizations events and individuals that have shaped the history of economics business and labor from the origins of what later became the United States in an earlier age of globalization and the expansion of capitalism to the present It will include entries that explore the changing character of capitalism from the seventeenth century to the present that cover the evolution of business practices and organizations over the same time period that describe changes in the labor force as legally free workers replaced a labor force dominated by slaves and indentureds that treat the means by which workers sought to better their lives and that deal with government policies and practices that affected economic activities business developments and the lives of working people Readers will be able to find readily at hand information about key economic concepts and theories major economists diverse sectors of the economy the history of economic and financial crises major business organizations and their founders labor organizations and their leaders and specific government policies and judicial rulings that have shaped US economic and labor history Readers will also be guided to the best and most recent scholarly works related to the subject covered by the entry Because of the broad chronological span covered by the encyclopedia and the breadth of its subjects it should prove useful to history students economics majors school of business entrants as well as to those studying public policy and administration

Monthly Labor Review, 1972-07 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

Divided We Stand Bruce Nelson, 2021-03-09 *Divided We Stand* is a study of how class and race have intersected in American society above all in the making and remaking of the American working class in the nineteenth and twentieth centuries Focusing mainly on longshoremen in the ports of New York New Orleans and Los Angeles and on steelworkers in many of the nation's steel towns it examines how European immigrants became American and white in the crucible of the industrial workplace and the ethnic and working class neighborhood As workers organized on the job especially during the overlapping CIO and civil rights eras in the middle third of the twentieth century trade unions became a vital arena in which old and new immigrants and black migrants forged new alliances and identities and tested the limits not only of class solidarity but of American democracy The most volatile force in this regard was the civil rights movement As it crested in the 1950s and 60s the Movement confronted unions anew with the question Which side are you on This book demonstrates the complex ways in which labor organizations answered that question and the complex relationships between union leaders and

diverse rank and file constituencies in addressing it *Divided We Stand* includes vivid examples of white working class agency in the construction of racially discriminatory employment structures But Nelson is less concerned with racism as such than with the concrete historical circumstances in which racialized class identities emerged and developed This leads him to a detailed and often fascinating consideration of white working class ethnicity but also to a careful analysis of black workers their conditions of work their aspirations and identities their struggles for equality Making its case with passion and clarity *Divided We Stand* will be a compelling and controversial book

Right To Challenge People And Power In The Steelworkers Union Book Review: Unveiling the Magic of Language
