Rise And Fall Of The Soviet Threat Domestic Sources Of The Cold War Consensus:

The Rise and Fall of the Soviet Threat Alan Wolfe, 1984 Historical examination of the ideologi of the Soviet threat and its place in U S politics **Historical Dictionary of U.S. Diplomacy during the Cold War** Martin Folly, 2014-11-13 This Historical Dictionary of U S Diplomacy during the Cold War offers readers a comprehensive accessible survey of the principal actors and events involved in the making of United States foreign policy during a crucial period in the nation s history The Cold War saw the United States acquire superpower status and to be closely involved in events around the globe Foreign policy became a central issue in domestic politics The confrontations with the Union of Soviet Socialist Republics and its allies and satellites and with the forces of international communism dominated U S interactions with the world throughout this period This book covers this turbulent period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on key persons policies events institutions and organizations along with issues such as the division of Germany after World War II the creation of the People s Republic of China European economic recovery communist movements in the third worlds decolonization the Vietnam War and the nuclear arms race This book is an excellent access point for students researchers and anyone wanting to know more about U S diplomacy during the cold war **Democracy's Think Tank** Brian S. Mueller, 2021-07-02 In Democracy s Think Tank Brian S Mueller places the Institute for Policy Studies IPS at the center of a network of activists involved in making the world safe for diversity Unlike defense intellectuals at the RAND Corporation and other think tanks responsible for formulating military strategy the peace intellectuals at IPS developed blueprints for an alternative to the U S led world order As the Iron Curtain fell across Eastern Europe a triumphalist Cold War narrative emerged proclaiming victory for freedom democracy and free enterprise over totalitarianism Yet for the peace intellectuals at IPS the occasion did not merit celebration Since its doors opened in 1963 IPS refused to embrace American exceptionalism and waged a battle against the Cold War and its liberal anti communist supporters As IPS founders Marcus Raskin and Richard Barnet saw it in the process of fighting communism and preserving the liberal capitalist order Cold War liberals had forsaken democracy Democracy s Think Tank tells the story of IPS s crusade to resurrect democracy at home and abroad Borrowing from populist progressive and New Left traditions IPS challenged elite expertise and sought to restore power to the people To this end IPS in the words of journalist I F Stone served as the institute for the rest of us Mueller tells the story of IPS s involvement in a broad range of grassroots campaigns aimed at ending the Cold War and increasing participatory democracy in the United States and across the globe Contemporary observers seeking an alternative to American empire in the twenty first century will find Democracy s Think Tank offers several possible paths toward a more democratic order Understanding Soviet Society Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary

Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System The Making of an Atlantic Ruling Class Kees Van Der Pijl,2014-04-22 With *The Making of an Atlantic Ruling Class* Kees van der Pijl put class formation at the heart of our understanding of world politics and the global economy This landmark study dissects one of the most decisive phenomena of the twentieth century the rise of an Atlantic ruling class of multinational banks and corporations A new preface by the author evaluates the book's significance in the light of recent political and economic developments Trilateralism Holly Sklar,1980 This is a classic work a highly readable wide ranging study of the Trilateral Commission and the worldwide strategies of Trilateralism It demystifies national and international events power propaganda and policy making from World War II through the sixties and seventies and into the eighties *The Politics of Threat* David H. Dunn,2016-07-27 This work analyses the vulnerability of America's land based missile force to a pre-emptive Soviet strike as an issue in US strategic and political debate It examines why the issue rose to prominence in the way it did in the 1970s and then fell away as a concern in the 1980s without being solved in the way it had been presented It details the way in which the issue was exploited for political and strategic purposes which were often at odds with a concern for this vulnerability *U.S. Television News and Cold War Propaganda, 1947-1960* Nancy Bernhard,1999 How US government and media collaborated in their dissemination of Cold War propaganda State ,1990 **The Humanities and the Dynamics of Inclusion Since World War II** David A.
